RESOLUTION RECOGNIZING AND COMMENDING DEACON SILAS GREEN OF THE FIRST ZION BAPTIST CHURCH FOR LONGTIME SERVICE TO THE NEWARK COMMUNITY.

President Harris read the following resolution:

WHEREAS, Deacon Silas Green of Newark's First Zion Baptist Church has served the citizens of this City with merit and distinction for more than four decades; and

WHEREAS, through his affiliation with First Zion, he has worked diligently in numerous areas of Church service to improve social and spiritual conditions for his congregation; and

WHEREAS, not content to serve his fellow man simply through his Church, Deacon Green has been an active leader in many charitable and civic oriented groups thus enabling him to have a positive impact on a great portion of the Newark community; and

WHEREAS, Deacon Green has accomplished such great good even while being employed and now about to retire, after 39 years of faithful service, from one of New Jersey's foremost corporations, Worthington Pump and being a vital part there in said corporation's Labor Movement; and

WHEREAS, his sincere dedication to his work in the business world, as well as his unceasing efforts as a Deacon of the Church and community activist has won him the friendship and respect of his co-workers and associates, who have seen in him a role model that they could admire and emulate;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY that it does hereby recognize and commend Deacon Silas Green for a lifetime of positive contributions to the Newark community which has made this City a better place in which to live and work, and further extends to him on behalf of Newark's citizens the Council's best wishes on the occasion of his retirement for health and prosperity and a future as rich and rewarding as his past.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to Deacon Silas Green in commemoration of this occasion.

HEARINGS OF CITIZENS.

6-HC-A.  
6-HC-B.  
6-HC-C.

MRS. MARIE PALAZZI, 41 MONTICELLO AVENUE, NEWARK, NEW JERSEY.  
MR. JOHN BUGG, 343 WARWICK AVENUE, SOUTH ORANGE, NEW JERSEY.  
REVEREND F.D. RANDOLPH, JR., 44 LONGFELLOW AVENUE, NEWARK, NEW JERSEY.

The above speakers addressed the Council concerning their objections to the proposed plan of the Easter Seal Society to open a residential housing site for patients from Overbrook Hospital at 89 Longfellow Avenue, Newark.

Councilman Carrino wanted to know if there was a representative in attendance from the Law Department.

Assistant Corporation Counsel Maurice Jefferson replied in the affirmative.

Councilman Carrino asked if there was any law which necessitated either the County or State Government to make a presentation to the City before it is determined to place an establishment such as the one mentioned in this City.

Assistant Corporation Counsel Jefferson replied that he was not aware of any law regarding that issue. He suggested that Council ask for a legal opinion from the Corporation Counsel.

Councilman Grant mentioned to Mrs. Palazzi that he would have someone from his staff work with the citizens to come up with a constructive alternative on this matter.

Reverend Randolph, who is also President of the Longfellow Avenue Block Association submitted a petition to the Council with names of citizens who are in opposition to the housing site.

Councilman Bottone said this was the first opportunity he had to meet with any of these people. He was very dissatisfied because they did not come to him in the first place with their concerns. He promised he would work with the citizens to try to straighten the problem out. He further stressed that community involvement is a must.

President Harris stated the State of New Jersey has made Newark a "dumping ground".

Councilman James concurred with remarks made by his colleagues. He mentioned there was a successful program in the South Ward dealing with mentally abnormal people.

Councilman Bottone mentioned while doing research on this matter, he found out the County has stopped their funding for the housing site.

(For further information concerning this matter, see Motion 7-M-c in the Minutes of this Meeting)

A motion to have Mrs. Julie Cintron speak under "Hearings of Citizens" was made by Councilman Carrino, seconded by President Harris and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

#### 6-HC-D.

MRS. JULIE CINTRON, 43 SUMMER AVENUE, NEWARK, NEW JERSEY, spoke to the Council about the removal of Mr. Marshall from Roberto Clemente School, where he was Principal. She told the Council Mr. Marshall had been with the school for eleven years; and has done nothing but good for the school.

Councilman Carrino told Mrs. Cintron that Councilman Martinez and he met with the Board of Education concerning this matter. He said Dr. Salley told him that he would not move Mr. Marshall back to Roberto Clemente School. He said this is the beginning of a situation where these moves will be city-wide in all different schools.

Councilman James brought out the fact the Council did not have any power over the Board of Education, only the Mayor, who appoints the Board Members.

Councilman Johnson mentioned he received information dealing with Council having the right to subpoena board members; this information said it did not give the Council power to make any changes within the structure of the board.

January 6, 1982

Councilwoman Villani assured Mrs. Cintron that her concerns would be brought before Dr. Salley.

Councilman Johnson requested a letter be sent to Dr. Salley, the Board Members, Mayor Gibson and the School Administrators setting up a meeting as soon as possible to deal with this problem.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Tucker said he did not have any opposition to the Newark Economic Development Corporation. He thought the Council should take "stock" in what was happening. He reminded his colleagues this subject was discussed at the Pre-Meeting Conference, January 5, 1982. He explained the funds for this project for N.E.D.C. are coming from H.C.D.A. III. A disposition of the accrued funds was not received yet. He further went on to say H.C.D.A. III was approximately four years ago, in other words, money is being found for an existing contract that has been lying around for four years; and the Council has not yet received actual disposition of H.C.D.A. money.

In essence, Councilman Tucker wanted a disposition of how much H.C.D.A. funds are available from all prior years because until then, there is administrative discretion.

President Harris directed the City Clerk to invite all interested parties to the Special Conference of January 12, 1982 in reference to the information requested by Councilman Tucker; and further notifying them if the information was not forthcoming, subpoenas would be served if the information was not received by the Council.

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND TITLE 15, CHAPTER 9B, SECTION 17, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Title 15, Chapter 9B, Section 17 of the Revised Ordinances of the City of Newark, New Jersey 1966, as amended and supplemented be and the same is hereby amended in its entirety as follows:

**15:9B-17 New Construction and Substantial Rehabilitation Exempted**

**(a) New Construction.**

The owner of housing space or dwelling being rented for the first time shall not be restricted in the initial rent he charges. Any subsequent rental increase, however, shall be subject to the provisions of this Chapter.

**(b) Substantial Rehabilitation.**

Dwellings which are substantially reconstructed or rehabilitated shall not be restricted in the initial rent charged if the Rent Control Board determines that the cost of reconstruction or rehabilitation during a 12 month period has exceeded 50% of either the undepreciated cost or the fair market value of the dwelling.

January 20, 1982

The substantial rehabilitation shall be completed prior to the date of application to the Rent Control Board for an exemption under this section.

Petitions for an exemption under this section shall be submitted no later than 14 months from the date of the commencement of the substantial reconstruction or rehabilitation.

The petition forms provided by the Office of Rent Control shall require that the owner submit some tangible evidence as to the undepreciated cost or the fair market value of the dwelling. The petition shall also require a written description of the reconstruction or substantial rehabilitation of the building; and, the unrestricted initial rent that shall be charged shall appear on the petition.

The procedures outlined in section 15:9B-12 shall be followed. In addition, the petitioner shall give each tenant a one month prior notice, of the effective date of any unrestricted rental increase approved by the Rent Control Board.

Section 2. Any prior ordinances or parts thereof inconsistent with this ordinance are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Harris called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Bottone, seconded by Councilman Martinez and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

President Harris: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-b.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE PROVIDING FOR THE VACATION OF HARTFORD STREET AS LAID OUT 60 FEET IN WIDTH ON THE MAP OF THE COMMISSIONERS TO LAY OUT STREETS, AVENUES AND SQUARES, EXTENDING FROM THE WESTERLY LINE OF NORFOLK STREET, WESTERLY TO HUDSON STREET.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That all portion, part, and parcel of Hartford Street, as laid out 60 feet in width on the Map of the Commissioners to lay out streets, avenues, and squares, extending from the westerly line of Norfolk Street, westerly to Hudson Street shall be vacated as a public street or right-of-way, reserving to the Public Service Electric and Gas Company the right to entry and easement for the purpose of relaying, rebuilding, reconstructing or maintaining their gas utilities within the described vacation lines. The erection, construction or placing of any building, vault or structure upon or within the above described easement which will interfere with the laying, relaying, reconstructing or maintaining, of existing or additional gas utilities and their appurtenances is prohibited and contrary to this Ordinance.

Section 2. All is as shown on a map prepared under the direction of this Council which map is known and designated as Map No. V-1761 and dated the 15th of October, 1981, and is hereto attached and made a part hereof, and a copy of said map is on file in the Office of the Director, Department of Engineering.

Section 3. That the vacation of Hartford Street as provided in Section 1. above, shall take effect only upon the following conditions first occurring:

- (a) That within 18 months of the effective date of this Ordinance, Neighborhoods of the Universities, Norfolk Square Apartments Company, a limited partnership, shall have acquired the fee title to the bed of Hartford Street, vacated by this Ordinance subject to conditions (b) and (c) set forth below.
- (b) That Neighborhoods of the Universities, Norfolk Square Apartments Company, a limited partnership, shall at its own expense remove, seal and cap all existing sanitary, storm and water supply connections to the existing sewerage and water utilities within Hartford Street from the properties known and designated as Lots 1 and 36 of Block 415. Further, Neighborhoods of the Universities, Norfolk Square Apartments Company, a limited partnership, shall bear the total cost and expense of relocating, reconnecting these utilities to the municipal services in either Hudson, Norfolk, or New Streets, as appropriate, and provide any necessary easements for the relocation, reconstruction or maintenance of these utilities. Said costs and expenses shall include any necessary work within the existing structures of Lots 1 and 36. All work shall be approved by the appropriate City departments or agencies. An "as built" drawing and survey shall be provided indicating the location of any easements and construction therein necessary to provide said utility connections.
- (c) That Neighborhoods of the Universities, Norfolk Square Apartments Company, a limited partnership, file with the City a general release(s) duly executed by the owner(s) of Lots 1 and 36 in Block 415, releasing the City of Newark from all claim, liability, actions in equity and law arising in any way out of the vacation of Hartford Street and the relocation of sewer and water utility connections required by sub-paragraph B above. The said general release(s) to be approved by the Corporation Counsel of the City of Newark.

Section 4. This Ordinance is adopted under and by virtue of the provisions of Sections 40:67-1(b), 40:55c-72 of the Revised Statutes of New Jersey, 1937.

Section 5. This Ordinance shall take effect upon adoption and publication in accordance with law.

January 20, 1982

President Harris called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Johnson, seconded by Councilman Tucker and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

President Harris: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-c.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF POLICE (NON-UNIFORMED) AND ESTABLISHING SALARIES THEREFOR," (6-S & F-k) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR POLICE COMMUNICATION CLERK, PART-TIME)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 1 of an ordinance entitled, "An ordinance creating positions in the Department of Police (Non-Uniformed) and establishing salaries therefor," (6S&Fk) adopted May 4, 1977 as amended and supplemented, be and the same is hereby amended to create the title and salary for Police Communication Clerk, part time, as follows to wit:

<u>POSITION</u>	<u>MINIMUM HOURLY SALARY</u>	<u>MAXIMUM HOURLY SALARY</u>
Police Communication Clerk, Part Time (unscheduled hours) 100900	\$5.67	\$5.67

Section 2. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum salary and annual maximum salaries therefor, which are inconsistent herewith are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Harris called for those desiring to be heard to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Grant, seconded by Councilman Tucker.

Councilman Martinez read the following letter from the Fraternal Order of Police, dated January 20, 1982:

"You have before you today an ordinance creating positions in the Department of the Police, non-uniformed, and establishing salaries therefor, (6-S & F-k) adopted May 4, 1977, and as amended and supplemented, being a Clerk, Part-Time as follows to wit:

January 20, 1982

720

Police Communication Clerk  
Part Time  
(Unscheduled Hours)

\$5.67

Fraternal Order of Police has already filed a grievance with reference to shortage of uniform police officers that are presently assigned to Central Communications as dispatchers. The hiring of civilian personnel to answer telephones will only create a funnel of back-log calls for assistance as well as an illusion that all calls received will be responded to. No matter how many personnel you have answering telephones, as long as there is a shortage of police dispatchers, the calls for service will be delayed, if responded to at all."

Councilman Martinez said that the Union is requesting the City Council to table this ordinance at least until the Union has had an opportunity to discuss it with the Police Director.

Councilman Tucker said he has not been in receipt of that communication and assumes they will get a copy. The point he thinks they are concerned with is that all of them as Governing Members of the Body are well aware of the back-log currently taking place within the Police Communications Unit. He thinks they have been in receipt of communication from the Police Director indicating that this would provide the Police Department flexibility in hiring civilian personnel on a part-time basis to fill in, if someone who currently works in the Police Communications Unit is sick, or in effect has taken leave time, or when lapse hours take place. He recognizes the concerns that the Union has made and all of them can deal with that but he does believe their area of concern should be addressed to the Police Director. He doesn't believe the Union should be requesting the Council at this point not to adopt the ordinance or in effect the Council table the motion based on the fact they know what the back-log is. He thinks they have an elected responsibility to try to reconcile the problems. He is not saying this is going to reconcile all the police problems within the City of Newark. He does not believe they should be taking directions from the FOP saying "table this, Council" until I meet with the Police Director. He thinks they have to recognize who they were elected to serve. Most of the Members of the FOP, he recognizes clearly are concerned but they were elected to serve the citizens of Newark. He does not need to remind us that that is not the case that relates to the FOP.

Councilman James stated he is in receipt of the letter and he would agree with Councilman Tucker that the FOP or any other groups do not dictate to this Body. They have received communications from the Chamber of Commerce as well and he thinks they take any correspondence under advisement. He does believe if there is a charge that the hiring of additional communications personnel does not improve the present situation, it warrants at least a conference by this Body because they are getting wide-spread resentment and calls from citizens today who claim that their calls to the Police Department go unanswered or they receive that tape and he is one of those who has indicated throughout his conversation that it is one of the worst situations existing in the City of Newark, when a citizen of Newark calls Police assistance and it could be due to B and E, Robbery or even an attempted loss of life, when they call the police to get a tape saying "please hold on", he doesn't think citizens can hold on with a tape recorder. He is saying if there is a charge, this personnel and the hiring of others will not improve the situation, it warrants a conference by this Body and call all of the parties to the table so they will have a clear understanding of what this position would in fact bring about. He is not reading this as a dictatorial letter to them but at least it is something they should take under advisement

The motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Grant, seconded by Councilman Tucker and failed of adoption by the following votes:

Yes: Councilmen Grant, Tucker.

No: Councilmen Carrino, James, Martinez, President Harris.

Not Voting: Councilmen Bottone, Villani.

A motion to table the ordinance was made by Councilman Martinez, seconded by Councilman Carrino and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, James, Martinez, Villani, President Harris.

No: Councilmen Grant, Tucker.

Not Voting: Councilman Johnson.

HEARINGS OF CITIZENS.

6-HC-a. MR. JAMES WALLER, 669 HUNTERDON STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the Municipal Budget that will be coming for final approval by the Council. The speaker felt there was no meaningful discussion between the Council and the Mayor's Office and hoped that before the final budget is approved that meaningful dialogue would transpire between this Council and the Mayor's Office. With the federal cuts and state cuts he hopes the City Council will consider the human needs that are basically essential to all residents of Newark when they adopt their budget in April.

President Harris said the procedures are mandated by State Law. The budget must be in their hands by a close-out date in January. The Council then reviews the budget with their staff and have budget hearings which are open to the public. They must have hearings of citizens prior to any adoption of the final budget. He can't conceive where the speaker is coming from because if he paid attention to the press for the past 12 years the dates are advertised when the budget hearings are held.

6-HC-v. MR. KENNEDY WILSON, 63 STENGEL AVENUE, NEWARK, NEW JERSEY.

The above speakers addressed the Municipal Council outlining in detail the problems existing with the Board of Education. The speakers urged the Council to adopt the resolution authorizing and directing the City Clerk to cause to be submitted at the next Municipal Election the question of reclassification of the Newark Local School District from Type I to Type II.

In response to one of the speakers, Councilman James stated that the Council controls the purse string; and the present set of Government that we operate under the Form C of Government, Mayor and Council, he has never heard it stated as a strong Mayor, weak Council or vice-versa. But we do know who controls the purse string. The Mayor, who the citizens of Newark, having elected to public office, has the responsibility of determining who will sit as Members of the Board of Education. They are an autonomous body. So now if we are concerned, and he knows the resolution will be going up shortly; but if we want to deal with who sits as a

Board Member, it is up to those who elected the Mayor of this City; and in so, gave him the power to appoint the Board Members. It was not this Body who has allowed this to occur. We have to understand that while we are debating the State of the Union, we still have a Mayor who has certain statutory obligations that this Body cannot remove from him.

Councilman Carrino stated that last year fromer Superintendent of Schools Kittrels started making decisions that were being over-turned by the President of the Board of Education. The Superintendent is supposed to make the administrative decisions and the Board of Education is supposed to formulate the policy. The law was broken when the President of the Board started making the administrative decisions. As a matter of fact, the representative of the North Ward was replaced as a Board Member because she would not vote for Dr. Salley; and one other Member Ms. Brenda Grier was replaced because she did not also vote for Dr. Salley. That is one of the reasons why this resolution is going to be presented tonight so that the people of the City of Newark will decide what kind of Board of Education they want. If the people of this City elect the Board, no Mayor is going to fire them if they make a decision that they do not feel is in the best interests of the City. Mr. Sharif is the architect at the Newark Board of Education and he is the person who is orchestrating this whole thing and Members of the Board who stood up against him were dismissed.

President Harris said he does not agree with Councilman Carrino's remarks in its entirety. He certainly feels that the Mayor knows what is going on at the Board of Education because he is paying Mr. Sharif \$35,000. to sit in his office. The blame is quite simple, as has been stated in the public press and it was exhibited by the fact that Ms. Grier is not on the Board today. That is all he is going to say about it at this time. We know that there is a problem and he has stated very clearly how he feels.

Councilman Tucker said he knows that the speakers are in support of the Bi-lingual education but wanted to know if they were in support of an elected School Board. He felt that maybe some of the speakers should sit down with the persons who have just gone through the reapportionment process, dealing with the wards of the City, because he doesn't care what anyone says, just looking at those ward lines the message will tell you whether or not there will be an equitable distribution in regard to the Hispanic speaking community.

Councilman Carrino said he does not think Councilman Tucker is aware of the State Laws of the Board of Education. All nine members would be elected at-large three each year. He doesn't think any districting or reapportionment has anything to do with the Members of the Board of Education. The State Law will determine the make-up of the Board. There are no districts.

Councilman Carrino reiterated that every Member of the Board would be voted at-large, three each year. The first election would be all nine people staggering for different lengths of time and then from that point on, it would be three each year. If this resolution is approved tonight, the Council is telling the City Clerk to put it on a referendum in May so that every qualified voter in the City can vote whether or not they want an elected Board of Education. If the Council does not approve this tonight, then they are telling the citizens of Newark if they want it on the referendum, they are going to have to get 9,000 petitions.

Councilman Carrino felt that if an elected official in the City is responsible, he will at least give the citizens of Newark the opportunity to vote. He hoped each responsible Member of the Council gives their citizens the right to do that.

Councilman Grant stated the term "responsible elected official" should not be misconstrued if one should not vote in favor of the resolution. He thinks all of them are responsible; and in terms of responsibility they should be guided by the dictates of their own conscience. His vote will always reflect that kind of activity.

Councilman Martinez stated that several weeks ago, he and Councilman Carrino attended a Board meeting. He waited about three and one half hours before being recognized and Councilman Carrino waited over four hours to be recognized. He sees a Board Member present in the audience, Mr. Charles Bell, and questioned whether he would like to speak on this subject matter.

In response to one of the speakers with respect to re-evaluation, Councilman Martinez stated that a Committee was supposed to have been appointed by the Governor in 1981 consisting of 15 Members. That Committee was never appointed. President Harris appointed a Committee of which he is Chairman, comprising of people from the business community, banking institutions, Council Members, Administrator, etc. They just came up with a sound resolution. There is a bill before the Senate which would have Newark on the referendum vote with four categories on property taxation. There is a law that says if the re-evaluation was unfair and unequitable, it could be thrown out.

In response to one of the speakers, Councilman Johnson informed them that the concerns about principals, school personnel being moved around without any major criteria, will be addressed tomorrow by the Council's Committee on Education at 10:00 A. M. with Mayor Gibson and at 11:00 A. M. with Dr. Columbus Salley in the Council Conference Room.

Councilman Tucker wanted to get one factor straight. With respect to the transfers in the Board of Education, this Council went on record, not only urging the Board of Education to adopt a line item budget, but also urging the State Legislature to approve statutory legislation which would insure the Board of Education had a line item budget. Right now the Board of Education does not have a line item budget. The net result of that means is that they can transfer any way they basically see fit. Once the Council appropriates an overall dollar amount, the Board can utilize the dollar amount in any particular educational area that they in turn feel is in the best interest of the children. He thinks clearly what they are saying is that they question the validity of some of their actual decisions, but the net result is that when you ask them to investigate their transfers, they should understand that they do not have that kind of statutory authority. In effect they should have a line item budget. The other concerns raised by the speakers, it is his opinion that they should be referred to the Council Committee which is in effect investigating the whole matter.

Councilman James stated that they have enjoyed all of the conversations but would like to clarify one of the speakers remarks. Two Members of the Council sit on the Board of School Estimate. Only two make up the Board of School Estimate and the other make-up of that Board is the Mayor who votes and two Board of Education Members, the Mayor is the Chairman. So right away you have a three-two vote. On the side of the Board of Education, the Mayor appoints those other two Members. Councilman Grant has scrutinized that budget thoroughly when presented to them in establishing an annual budget that is passed on to the Council and of course, it is a matter of public record of the action this Body and the Board of School Estimate. The other meetings are only at the request of the Mayor who is Chairman on special appropriations. They do not have a day to day involvement or any type set rules policy in the affairs of the Board of Education.

In response to one of the speakers, President Harris stated that the Board of Education has the right to conduct their own audits. He indicated that what they ought to be looking at along with the fact that when Dr. Salley took over as the Executive Superintendent of the Board of Education, there was an excess of \$5 million in surplus, when Mr. Kittrels left, former Superintendent of Schools. He said find out how fast some of those millions are disappearing with Dr. Salley putting all those layers and layers of no management people on Board.

Councilman James stated that those who are present in the audience on the educational matter as in the past will always be proud of this Council because the "buck stops here" in the words of Harry S. Truman. This Council has not run away from any problem in the City. He has attended Board of Education meetings and wished that some of the emotional statements which they accept, critical dissections and presentations to this Body, would sometimes be made to those Board of Education meetings. Yes, on a key issue everyone comes and rallies behind that, but he doesn't recall all of this fight for Brenda Grier, with her struggles and other actions by the Board of Education. He said he would like to get the statement made by Mr. Robert Brahm of the Star Ledger who stated, "that the actions of the Board of Education would not exist one day in suburban communities where parents

January 20, 1982

come out of their homes and turn off the televisions and stand up for their school children." Someone made a statement that the leadership of this City Council is not doing their job. He informed the speakers he sat at a P.T.A. meeting and there are 2,000 children in the school, only 13 parents showed up. He is not ready to blame President Reagan, Mayor Gibson or this Council, he is ready to blame some parents.

President Harris directed the City Clerk to forward all of the remarks made by the speakers with respect to the Board of Education to the Mayor and each Member of the Board of Education.

The above speakers addressed the Municipal Council with respect to a \$9 million Urban Development Action Grant (UDAG) and tax abatement for the proposed Gateway 3 project to be constructed on land bounded by Commerce, Mulberry and Market Streets and McCarter Highway. Several speakers opposed the project on the grounds that Prudential Insurance Company, which plans to develop the 4.2 acres at a cost of \$64.5 million and become the major tenant of the building, can afford to build without the use of public funds or costly incentives such as tax abatements.

One of the speakers charged that "Prudential", one of the richest corporations in the country, is begging from one of the poorest cities in the nation.

Another speaker urged the Council to take measures to ensure that minorities are hired or represented by trade unions that build the project. He stated that studies undertaken by Rutgers demonstrated that minorities have been historically under-represented in the trade unions and there should be mandated economic provisions to ensure the hiring of minority Newark residents.

Councilman Tucker stated the tax abatement agreement for Prudential Insurance Company and also the UDAG grant application will not be voted on this evening. The intent of the Council is to basically call a special meeting on Tuesday in which the question of the tax abatement agreement and also the question of the UDAG application would be discussed by the entire Council. He thinks it is important for them to note that what the speakers said is absolutely true. There is no agency in Newark Construction Trade Training Association. They have asked City Administration to basically indicate to them how apprentices will be referred. Their response

January 20, 1982

thus far has indicated one factor that the Minority Contractors Trade Association will specifically deal with referrals of minority contractors but the question of the apprentices, that is embodied within our tax abatement ordinance is not really addressed. He thinks until it is addressed, he doesn't believe the Council should realistically consider the whole option. The Members of the Tax Abatement Committee he believes have met with the Prudential Insurance Company, Executive Director Faiella, Newark Economic Development Corporation and their attorneys. He does not believe at this point and time that all of the financial transactions in regard to that abatement have been reconciled. He does think that any person who wants copies of the information with respect to this item, to contact the City Clerk Office and they will be made available. That is based on the rights of no law in the State of New Jersey. Any person who wants to be present at the meeting on Tuesday, can attend and if any person wants to speak at that time will have to get a vote of the Council.

Councilman Tucker said that he wanted to reinforce the fact that the speakers preliminary analysis seems to have some valid points. The other factor, the UDAG application, he is of the opinion that if those particular jobs they are talking about are not going to generate jobs for Newarkers, he doesn't care what color they are then they should not move affirmatively.

Councilman Tucker said he assumed that one of the speakers was knowledgeable of the basic 25% set aside provision embodied within our existing ordinance of the City of Newark for minority contractors and the figure of minority employees. They have two plans, 1) this Council approved by Resolution which in effect actually sets as an overall goal 40% on trainees; and also that 25% which in effect basically deals with minority trainees which is embodied in the ordinance. He has had an opportunity to review the tax abatement agreement that Prudential Insurance Company has submitted. He thinks the points that were originally made by Reverend Burgess from the Metropolitan Ecumenical Ministry and subsequently made by Mr. Robinson are absolutely true. There is no training entity. The Mayor and the Office of Manpower and Affirmative Review Council, for whatever reasons in their particular domain did not continue the funding of NTTC. On Tuesday he would like to talk to his colleagues on it, that is if the whole question, whether or not 1027 or another entity is developed. There are no pre-contract arrangements that have been nailed down to date. The tax abatement agreement is basically a statement of intent in dealing with affirmative action and the statement of intent is not correct because the entity to refer those individuals are no longer there.

Councilman James said he thinks the problem the Council is running into, they may have one of the best programs on paper and he is sure in the application they will state the language it is sufficient to satisfy this Body. He thinks the accusations being made and he is glad to see Mr. Jenkins, Director of Human Rights. He thinks a charge being made to the Council, although they may have it in print and although the application that comes to them may state an ideal involvement of minorities they are not being implemented and he hoped that in their discussions on Tuesday that not only do they concern themselves with the language of the contract, not only do they concern themselves with what they feel is being in the best interests of the citizens of Newark, but more important some type of commitment from Administration that the program will be implemented. He thinks the bottom line is not what is on the paper, but actually go out to the various job sites and actually see local residents being employed and the percentage of minorities we are talking about. Yes, Newark may have a good program in print but it is not implemented, the day to day supervision and the day to day enforcement has been lacking.

President Harris questioned the City Clerk whether in his correspondence to Mr. Jenkins and Mr. Prinze, did he indicate that the Council wanted them to bring forth the records they have relative to this subject matter.

The City Clerk replied in the affirmative.

Councilman James said they are all appreciative of the speakers remarks. He hoped that one other research be done which would help them in their deliberations on Tuesday. Are we saying Prudential should build without tax abatement, he believes that is their re-sounding plea, or should there be no construction. If this Body removes the question of tax abatement, Fox Lance or any of those incentives, do they still have any clout upon the work force that will build that building and the employees who will occupy the building once it is completed. What he is really trying to ask them is it not the clout that they have in most of these constructions

the way they can demand the work force be represented in the City, the way they can make demands for some representation, that they are in fact receiving tax incentives, tax assistance, Fox Lance abatements or whatever we want and that is the only question he thinks they have not posed tonight. He doesn't know the answer. He hoped for Tuesday that they pose that question. If they remove any type of tax incentives by the City, can they at the same time deal with the work force and employees in that building.

Councilman Carrino said everything he has heard tonight is in the negative. They have a square block in Newark, one of the dirtiest in the downtown area and we are going to get \$2 million in taxes, with the tax abatement. He questioned what could they do with that block to get \$2 million. He sees some kind of discrepancies here, they say that Prudential doesn't want to invest in Newark, they are getting a \$10 million UDAG to build a \$65 million building, who is investing the other \$55 million in the City of Newark? He is not saying that tax abatement is the greatest thing in the world because he is certainly not a proponent on tax abatement. Not too many people are falling over each other to build \$65 million buildings in the City of Newark and thinks we have to be very realistic about the conditions of the times today and the conditions they have to face. As taxpayers they have to make a decision, whether they want "half a loaf of bread" or "no loaf of bread" and certainly that street there, Mulberry and Market Streets has produced not one penny of taxes as long as he has been on the Council and as long as he remembers. It has been an empty lot across the street from some merchants on Mulberry Street. He thinks it is easy to come up before the Council and criticize, and get clout from people, he thinks everybody has to be responsible and realize they are living in the City of Newark and if it is important for them to get \$2 million from somebody or leave an empty block or if a company is worth billions of dollars, wants to throw \$55 million of their money into the City of Newark, do they criticize that, or if they do criticize that, what is the alternative; do they want to put a flea market there, put a circus there, they tried to put an arena there a couple of years ago, there was a problem as far as the engineering was concerned. He hoped that Tuesday when they come, there are some alternatives as to what they can do to at least enhance the neighborhood and not keep that block empty for the next 20 years without getting any money in there.

Councilman Carrino said that the UDAG grant from the Federal Government, not saying that Prudential is going to be the beneficiary of that land but they all know that it is a UDAG grant and there are other cities that would take that \$10 million tomorrow and build a \$65 million building in the middle of their town. Yes, UDAG does not want competition between cities and may not be the best thing but in this case, the City of Newark is the possible recipient of that \$10 million.

The above speakers, representing the Coalition Six, petitioned the Municipal Council to monitor the City's collection of assessments against persons and corporations for buildings demolished in the City.

One of the speakers described a bus tour of 40 Members of the Coalition who recently confronted three corporations that owe the City money for buildings that were abandoned and subsequently demolished.

One of the speakers remarked that the City Tax Collector would do anything to collect from an individual taxpayer, but would let corporations get away without paying their fair share.

A motion to consider 7-R-bz at this time was made by Councilman Carrino, seconded by Councilman Bottone and declared adopted by President Harris by the following votes:

No: Councilman Grant.

7-R-bz.

RESOLUTION BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, AUTHORIZING AND DIRECTING THE CITY CLERK TO CAUSE TO BE SUBMITTED AT THE NEXT MUNICIPAL ELECTION THE QUESTION OF RECLASSIFICATION OF THE NEWARK LOCAL SCHOOL DISTRICT FROM TYPE I TO TYPE II.

(Copy of resolution submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Bottone, seconded by Councilman Carrino.

Councilman Carrino stated whether or not any Council Member agrees with having an elected Board of Education or an appointed Board of Education, he doesn't think that is the issue. This resolution gives the citizens of Newark the right to decide at a referendum whether or not they want an elected Board of Education. By voting negatively on this, all you are telling the people to do is go get petitions signed. Everybody should vote the way he or she feels, however, they as a Council with this resolution are only giving the citizens the right to vote on it on May 11th in lieu of going out to get petitions. He thinks everybody should realize that this does not indicate that the City Council wants an elected Board of Education. It just indicates that the City Council is giving Newark citizens the right to vote for what they think they should want and he thinks that is how everyone's vote should be.

Councilman Bottone said he thinks every elected or appointed person in the City of Newark has a responsibility to the office that they hold and certainly over the past years, the Board of Education has shown they have not lived up to what they were supposed to do as appointed officials. He thinks what has to be understood today is that they have choice of two ways, the Board of Education can be selected and those choices are by State Statute and not by City ordinance. The one they are dealing with now is what they call a "Type I District" which is made up of Members of the Board of Education, appointed by the Mayor. The annual budget or capital expenditures must be approved by the Board of School Estimate composed of two Members of the Board of Education, two Members of the Governing Body and the Mayor of the City of Newark. Type II District are defined, the Members of the Board of Education are elected by the voters and all appropriations including the annual budget and capital expenditures are submitted to the electorate at an annual school election. He thinks the important thing at this time, as Councilman Carrino stated, is that they have the opportunity now for a change and if they think a change is what they want, now they will have the opportunity. The people will not only select the Board, that he hopes, will be responsive to them but also have the responsibility of the budget and how the money is to be spent and he thinks this is just as important as the 9 people they would select. He hoped that after tonight's vote they do not have to go for petitions but at least they have that alternative.

Councilman Grant requested the Assistant Corporation Counsel to approach the podium.

January 20, 1982

Councilman Grant said that the question he is going to pose to her is in the area of school law and perhaps her expertise may not be in that area and if she doesn't respond immediately he will understand. In the second paragraph that Councilman Bottone just read "In a Type II school district as defined in N.J.S.A. 18A:9-3, the Members of the Board of Education are elected by the voters and all appropriations including the annual budget and capital expenditures are submitted to the electorate at the annual school election. He understands what he is reading. It is suggesting that the budget of the Board of Education at that point would not necessarily be voted on by those nine elected members but in fact by the public.

Assistant Corporation Counsel Johnson replied that is correct.

Councilman Carrino said that is true that the public does vote for the budget. However, the State Department of Education has a built in mechanism so that if the electorate feels that the budget should not be voted on or the budget is voted down, it does not mean that the school system shuts down. The State Board of Education then allows the Board of Education to operate until a budget is revised. However, and he thinks this is important, that every time that budget comes up there are going to be three members of the Board of Education running so that you can almost depend on a budget that is going to address the needs of the people because three peoples' offices are going to depend on that budget being the type of budget it is supposed to be. The people do vote on the budget but if they do not vote in the affirmative the school system does not shut down but the State Department of Education gets involved.

Councilman James said the question of elected Board of Education versus an appointed Board of Education first came before the Council during the tenure of 1970-1974 where it was advocated by former Councilman-at-Large Michael Bontempo. The question of an elected Board of Education versus an appointed Board of Education was brought before this Council during our second tenure in office 1974-1978 by the Honorable Michael Bottone of the West Ward and this our third term of office 1978-1982 we have a coalition of Council Members bringing this matter before us again. He recalls the first was very vivid because this room was packed, the balcony was filled, national television coverage and it was quite an emotional issue and has since changed. The research at that time clearly indicated there was no significant and he uses the word "no significant difference" between the elected Board of Education and the appointed Board of Education. The research at that time pointed out one of the key problems involving an elected Board of Education dealt with the public passage of a budget and the prime example was Cedar Grove which over the years was unable to adopt a school budget which would provide the necessary education due to the fact as public monies, conditions warranted, it would be express in voting for the Board of Education budget. It should also be pointed out that the Board of Education election is separate from any other election in the Newark municipality. It would be a special election and the voter turnout in Newark has drastically been decreasing. The interest in the General Election, Municipal Election has had a sharp fall-off and also pointed out the political fighting with individuals used in waging campaign to become a Member of the elected Board of Education. The bottom line was simply, there was no significant difference. He believes their anger tonight as in 1970-1974, 1974-1978, is that the Board of Education has not been responsive to the public and they have not best represented our school children. He believes personally that they have failed to see the symptom that if the Mayor has abused the appointing authority as a person who appoints the Members of the Board of Education and you do not agree with his appointments and they have not been sensitive to the needs of our community and working in the best interests of our school children, it is his personal belief that they are more angry at the Membership and the appointing authority as opposed to the structure itself and he would be one of those who would suggest, as a parent, if that policy is being abused, do something about the appointing authority and certainly on May 11th, 1982 they can address themselves to the appointing authority and deal with a new membership of the Board of Education. However, in view of the wide-spread community in-put and accusations of unfair practices of the Board of Education and knowing of no immediate remedy in front of them, he thinks as an elected official he should listen to the constituents that came before them, and has not heard anyone who came before them saying they "shouldn't take this action." He is always one who believes in the democratic expression of their constituency and in light of that he will support the resolution as being presented this evening.

Councilman Carrino said he has enough faith in the Newark electorate that over the next several months between the newspaper articles, the flyers, posters, publicity and everything else that is going to take place if this resolution is approved tonight, that is going to add to the pros and cons of an elected school Board of Education as opposed to an appointed Board of Education, that on May 11th everyone who is going to vote for this choice they deem fit for themselves, will have the knowledge as to whether or not one is better than the other or whether or not they should vote for one over the other. Even though tonight people may walk out of here not knowing what they did or what the Council did or what the ramifications are going to be, between the newspapers and the media and between the Council and the Board. He is sure the Board of Education is going to lobby to keep it the way it is. All of the facts and all of the benefits and all of the deficiencies of each system will be brought to light and everybody should be voting on May 11th with a clear thought which one they should vote for. He has all of the faith in the system and he thinks the electorate in the City is intelligent enough to realize how they should vote on May 11th once they hear all the pros and cons.

Councilman Martinez said the bottom line brings the Municipal Council and the people here to a position they are going to change the structure within City government. In 1955 the Board of Education in the City of Newark had a \$25 million budget, when Weequahic was the top school in the United States of America, when East Side, Barringer, Central and West Side and all of the other secondary educational schools in the City of Newark were No. 1, with a \$25 million budget. Today with a \$192 million budget, our school system is almost a total failure. When the community gets slapped in the face, what happened with the community transfers, and the community was told they cannot retaliate in any way, they do not know what they are talking about, they are going to get whatever they like, whether they like it or not. When we talk about an appointed Board Member who makes a vote because of political favor and he gets a favor in place of that, we certainly are not going to have good sound education. Students are put in the secondary position and the political favors become primary. When a person is elected, he is elected by the community. There is no question in his mind that a community elected Board Member would never have allowed to occur what has occurred in various schools in the City of Newark. Several years ago this Council recalls, when a Member of the Board of Education stood before this Body and said they need \$2 million for oil or they will have to shut down the school system and they gave them the \$2 million and thank God there is a State Board that monitors the Board of Education dollars' and they found out that this Board Member lied, they didn't need the \$2 million. In fact the Board of Education had a \$2 million surplus and they duped the City Council. Several years ago the Board came to this Body again and said they need \$1½ million and they will have a recreation program in the City of Newark. They stacked Arts High School and they stacked it well because the vote changed and the vote was yes "lets give the Board of Education a \$1½ million for recreation". They took the \$1½ million and cut the recreation program anyway and it is one slap in the face after another. It is his position that if we had an elected Board, Newark residents elected by the community, there is no reason to select a Superintendent of Schools outside of the City of Newark, that has 300,000 residents. He thinks that is a slap in the face to say that there is not one person qualified in the City of Newark to be a Board of Education Superintendent.

Councilman Martinez said that when we see decisions and he will give one. When a school principal is transferred from a high school to an elementary school in one day, he is re-transferred to that high school in the same day and given a \$4,000. raise the same day for incompetence and these are the things that are being created in the Board of Education. We talked about the squandering of public dollars and it is going to be put up for voters approval, he loves it. The voters are not going to allow the squandering going on at the Board, they all know who is getting political jobs in the Board of Education and he would love to see that \$5 million surplus because he hears they have a \$13 million deficit. When we talked about a bill of \$7,000. at the Hilton Hotel, that certainly warrants an extensive investigation, not only by this Council but perhaps by other agencies, City or County government. He is sure this Body is going to take a look at that tomorrow. He thinks they are here tonight to see a vote and he heard two of his colleagues, one making the motion and the other seconding it. He heard Councilman James indicated he will vote in the affirmative, that makes three. We need five votes to see that it is placed on the May 11th election. All that means once again, that it will be voted on by the public it does not mean it will be approved or disapproved. If it is disapproved, the petition process will be the next move. He can walk away by saying his speech that they now have four votes.

January 20, 1982

Councilwoman Villani said she shared the concerns of her colleagues with respect to the conditions of the Board of Education. It is apparent that the recent actions undertaken by the Board of Education did not appear to be in the best interests of our school children. What she is concerned about is who will run for these positions. She sees present in the audience Elena Scambio, she certainly would be qualified and she would like to see people of her caliber run, where do we have the guidelines. This is her concern. You might get a rabble rousers who might play on the emotions of the parents and find themselves elected and not be qualified. This is what she is concerned with and the same type of person that runs for City Council cannot run for the Board of Education. She said she did not indicate whether she would or would not vote for it. She has reservations because of qualifications of people that might run for this position. She questioned whether there were guidelines set up indicating what qualifications you must have to run for the Board of Education.

President Harris replied that this resolution permits the public to make a determination on Election Day, which is May 11th. They are not involved in making a determination about districts or anything else. This just puts it to the voters.

Councilman Carrino said he doesn't think, they as an elected Body, who can run for any walk of life, have the authority to determine who can and who cannot run for the Board of Education. He thinks a rabble rouser or a maniac, as long as he is 35 years old and a United States citizen, can run for the President of the United States. His point is they are going to have to leave that up to the ability of the people of the City of Newark to make sure they don't elect people who cannot represent them on the Board of Education. Certainly he is sure some of the people are sorry they voted for some of the Members or the Council and some of the Mayors they voted for.

Councilman Tucker said that normally what you are supposed to do as an elected official or specifically as a politician, you are supposed to check the general consensus of the people and basically vote in that direction. He thinks the issue of the Board of Education quite frankly is a political issue, and he thinks they better recognize that and is being brought up as a political issue based on inter-action of the Board of Education. He doesn't think any of them really and truthfully support some of the negative determinations made by the Board of Education. He doesn't necessarily feel that the alternative of an elected Board of Education is the best option. Maybe it would be better to say and play to the crowd and say "you are absolutely right." All he can say to them is that he does not support the alternative and thinks there must be some other way to reconcile the situation.

President Harris said it goes without saying that the Newark Board of Education has been a disgrace of all disgraces in the history of this City. He has often characterized it the "Amos and Andy" and "Charley McCarthy". The people have seen their school system go around to where they are not educating our youngsters and that is the most prized possession that they have, without them they would not have any leadership tomorrow. In the past he has voted against this legislation, however, tonight he is going to cast a vote in favor of giving the people an opportunity to make a determination themselves because they are fairly disgusted with the situation that exists at the Newark Board of Education. It is now that the people need to raise their voices from one end of this City to the other and sound loud and clear that they are going to make some changes in their City.

Councilman Johnson as a parent, former school teacher, Councilman of the Central Ward, he concurs, said the Board of Education has been one of the worst possible agencies this City has had to deal with and has taken out the most important entity, our children, and has disintegrated and wiped out millions of opportunities our children would have had, if they were exposed to a proper education system. At this time, Councilman Tucker's point is very well taken. It is his constituency that he votes, it is his constituency he represents. He doesn't believe just throwing the baby out with the bath water, there is a way to solve the problem. He thinks Councilman Martinez earlier spoke about years about an appointed board brought forth a school system that was one of the best in the country. He has to go back to his constituency and really get a better feel for this. He is going to abstain.

31

Councilman Carrino said he doesn't think anybody's personal opinion on how they would want to vote on this resolution is important. He thinks all they are doing is giving their constituency a chance to have the same kind of vote they are going to have on May 11th. He thinks they are giving their constituency an opportunity by voting on the affirmative tonight and if they don't vote in the affirmative, they are not giving them an opportunity to express their opinions.

The motion to adopt the resolution was made by Councilman Bottone, seconded by Councilman Carrino and declared adopted by President Harris by the following votes:  
Yes: Councilmen Bottone, Carrino, James, Martinez, President Harris.  
No: Councilmen Grant.  
Not Voting: Councilmen Johnson, Tucker, Villani.

Councilman Martinez stated for the record, that according to Corporation Counsel Teare, the City Clerk would not be directed to place the question on the ballot for the May 11th Election.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Bottone.

January 20, 1982

Councilman Tucker stated for the record that at the pre-meeting conference Council talked directly with Director of Engineering Zach. The Committee which was appointed dealing with Resource Recovery has gone through a process taking approximately four months. The net result of that particular process is that Members of the Committee had an opportunity to go to other Resource Recovery facilities which are operational and some which are currently planned or in the stages of construction to see first-hand the impact of Resource Recovery in local communities throughout the country. They have also gone through the process of calling in representatives of the various Universities to go into more specific details as to the impact of solid waste management and resource recovery facilities that the Newark Municipal Council should consider in its deliberations on dealing or negotiating with the County and the Port Authority along with other options.

He thinks they should also indicate that initially the Council has the responsibility to look at three areas: 1) The feasibility of Newark individually going through the process of developing its own plant to relate to Newark's particular need. The net result of their analysis on that indicates that Newark's bonding capacity would not be able to support a municipal owned facility whether it be a municipal owned authority, what have you. There were two other options: one was to work out a situation with an Authority which is similar to the combine which we have on the agenda and the other one was to go to the private venture of developing our own individual firm. Based on the actions of the Committee, after meeting with the various officials of Port Authority and the County, it was their recommendation that they should negotiate with the County and make certain changes.

The resolution that Council has before them embodies the recommendations of the Committee that was appointed by the President of the Council. Rather than go through all of the actual charges it would be important to state that they have a new Memorandum of Understanding that was developed by the Corporation Counsel in concert with the representatives of the Engineering Department. The second factor is that the Development Committee that was initially proposed in the April Memorandum of Understanding and also the September Memorandum of Understanding has been expanded to include two representatives from the City of Newark and the second factor which is more directly monetary is that the original Memorandum of Understanding dealing with the annual payment to the City of Newark, which was an in-lieu payment and also dealing with differential on the tipping fee. The original price was \$1,046,000. annually with an escalation clause which was 50% of the increase in the overall operational budget. What this particular resolution basically deals with is increases in financial formulas, \$1.3 million annually and most of the other points embodied and recommended by the Committee basically remain the same. The recommendation of the Committee based on their review and action is that this is the best alternative for the City.

Councilman Carrino said just echoing Councilman Tucker's remarks, as a Member of the Committee, they have come to the conclusion that there is no doubt that the Resource Recovery Facility is needed in Essex County and needed as quickly as possible. The plants that they saw are in construction and all of the public officials down in Tampa and Pennellas County, Florida, are running into the same problems they are except they are one step ahead of them. His biggest concern is that he is sorry they were not able to do something in conjunction with the County alone and not have the Port Authority as part of the total operation. He thinks it is the two government entities, the County and the City which can possibly work something out regardless of the fact the Port Authority has a better reputation generating funds. In his mind the realistic thing is that this area needs a Resource Recovery plan.

Councilman Carrino reiterated that there is a need for a Resource Recovery Facility as quickly as possible especially in light of the fact any plant they saw down in Florida, in initial states to completion, is somewhere in the area of 2 to 3 years. He thinks they are still three years away from anything and they better start realizing they can't keep dumping garbage on top of a mountain.

Councilman James said they all recognize the important environmental issue before them on the question of surface dumping and the need for a Resource Recovery Facility. As Councilman Carrino stated, on the question of improving the quality of life of our environment, there is one problem that he has continuously been exposed to during their deliberation on this matter. It has gone somewhat unnoticed

but he recalls Administration and the message of the Honorable Mayor Kenneth A. Gibson was vehemently opposed to the present document before them, although not in the precise form and he recalls his strong statement about wanting Newark to have the garbage trucks, the garbage and all the other ills and they are somewhat paraphrasing that Newark would not be getting any frosting from the cake in terms of adequate compensation for allowing this most needed facility, which can be housed in Newark and then the Mayor did a 360% flip-flop on the issue and vehemently supported it. He really is confused on the Administration's pro and con presentation to the Newark Municipal Council. He has always been somewhat concerned about that.

He would like to be one of the first to publicly express his thanks to the Chairman, Councilman Donald Tucker and the Members of that Committee for doing a thorough job and a very definitive involved research, many hours laboring, to bring data back to the Council. He thinks it was one of the outstanding Committee reports received by this Body and involvement in seeking the truth of the situation. He is still somewhat concerned about the dollars that flow in Newark in ensuing years if they are to house this facility as opposed to the tipping fees that would be required of Newark and he is not going to be afraid to say it tonight that he will always live the "ghost" of Newark International Airport and the problems surrounding that contract. He is concerned and is still waiting for someone to definitely tell them not tomorrow or the next day but 10 years from now, approaching 15 years from now what will the tipping fees and the revenues derived from Newark be and also the question of the energy, the sale of energy and how the City of Newark will benefit from that and the final ownership of the facility be. He is one that still feels that some questions unfortunately have not been answered satisfactorily for him.

Councilman Carrino agreed with Councilman James that Councilman Tucker should be commended because as the Chairman he carried the ball and made sure everything was in place every time they had to meet. However, they still have some concerns on the whole project and the Memorandum of Understanding is just that and from all of the investigations they did as a Committee, a final contract still has to be voted on by the Council and all of the concerns they do have regarding tipping fees, regarding the guarantee that the City would always get X amount of money no matter who might contest the contract, etc. will all be included in the final draft and this is only the first step in a situation that is going to involve the concerns of many documents.

Councilman Bottone stated as a Member of this Committee he would like to personally thank Councilman Tucker because he certainly was a tremendous Chairman and made the Committee function properly. He feels that after the hours spent on this particular project, he thinks this Committee has really come up with a "gem" for the City of Newark, not only for the present but also for the future and the important word in this resolution is "negotiate a detailed agreement". He thinks that is very important at this time.

Councilman Tucker said the question that was raised on the energy, in this Memorandum of Understanding that they currently have before them, any funds which are derived by energy are to basically be distributed on the basis of the amount of refuse that you put in. The amount of energy that a municipality presents to this facility, the same formula applies to the actual generated revenue from energy that goes directly back. That is not the amount of the \$1.3 million, that is in addition to that. Whatever the amount of garbage or refuse that Newark puts into the facility that is the same formula utilized in dealing with the amount of revenue that we are in receipt of based on the sale of the generated energy.

The motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Bottone and failed of adoption by the following votes:

Yes: Councilmen Bottone, Carrino, Tucker.

No: Councilmen Grant, James, Martinez, Villani.

Not Voting: President Harris.

#### RESOLUTIONS.

7-R-a.

RESOLUTION APPROVING APPLICATION AND RELATED FINANCIAL AGREEMENT FOR THIRD NEWARK GATEWAY URBAN RENEWAL ASSOCIATION, FOR PORTION OF THE FORMER BEDS OF CLINTON STREET AND LAWRENCE STREET (NOW VACATED), BLOCKS 148, 149 AND 151; FOR DESIGN AND CONSTRUCTION OF AN 18-STORY OFFICE BUILDING OF APPROXIMATELY 500,000 SQUARE FEET OF GROSS AREA, A SPLIT LEVEL PARKING GARAGE CONTAINING 621 SPACES FOR CARS, TWO ON-GRADE PARKING LOTS WITH TOTAL CAPACITY FOR 186 CARS AND A PRIVATE THREE LANE ACCESS ROAD; GRANTING EXEMPTION FROM TAXATION FOR PERIOD OF NOT MORE THAN TWENTY YEARS FROM DATE OF EXECUTION OF FINANCIAL AGREEMENT PURSUANT TO RESOLUTION OR EARLIER AT THE END OF FIFTEEN YEARS OF OPERATION OF SAID PROJECT, AND ONLY SO LONG AS THE CORPORATION AND ITS PROJECT ARE SUBJECT TO, AND COMPLY WITH SAID FINANCIAL AGREEMENT AND SAID URBAN RENEWAL CORPORATION AND ASSOCIATION LAW OF 1961.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion that the resolution be amended to include the following paragraph was made by Councilman Tucker, seconded by Councilman Johnson.

"That the granting of the tax abatement shall also be conditioned upon the requirement that the Third Newark Gateway Urban Renewal Association and the contractor to said project provide the Newark Municipal Council through the Affirmative Action Review Council in the format established by said Council with monthly reports identifying: a) the number of minority contractors hired for said project, the report shall also include the amount of said minority contracts; and b) the number of apprentices on said project who are minorities and/or Newark residents".

57

Councilman Tucker said because of the allegations which were raised by the general community at-large, dealing with that project, he thought the Council should set into a motion the special condition in regard to the Public Service Project. He mentioned the conditions specifically relate to Council being in receipt of monthly reports dealing with the number of minority contractors hired. He further mentioned the second factor deals with Council being in receipt of the monthly report dealing with hiring of apprentice individuals who happen to be minorities and Newark residents. He stated the Council should be able to meet with the parties to resolve any confrontation with the Affirmative Action Review Council.

Councilman James mentioned the Council, as a Legislative Body, has the responsibility to ensure that minorities involve themselves in the construction phase; and also, that they would be given increased job opportunities; and more important, as indicated by Mr. Wheeler, a concern for more minority entrepreneur's. The downtown area has to be made more viable. That can be done by building all the buildings that can be built. This will make the City more attractive and competitive with the greater Newark area.

Councilman Grant stated the area on Market Street has been basically flat land. He said the City did not receive a dime in ratables over a period of approximately eight or nine years. He believed if an organization was willing to invest money and time in the revitalization of the downtown area, then it should be looked into because it would help in the overall economic structure.

Councilwoman Villani thanked Mr. Alfred Faiella for helping make the City of Newark go in the right direction.

Councilman Carrino indicated he wanted the City Clerk Staff to write a letter to Prudential Insurance Company to meet with them and some of their top executives in reference to the Gibraltar Building.

Councilman Bottone said he wanted to thank the Business Community for showing the Newark citizens they still have the foresight to stay in the City of Newark.

The motion to adopt the resolution, as amended, was declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Tucker, Villani, President Harris.

7-R-b.

City Clerk

Earl Harris  
President

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 5:32 P.M.

President Harris called the meeting to order and asked for roll call.

Present: Councilmen Bottone, Carrino, Grant, Johnson, Tucker, Villani, President Harris, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

President Harris stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981 the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on January 22, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law".

The City Clerk read letter dated January 22, 1982, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting of the Municipal Council on Tuesday, January 26, 1982, at 2:00 P.M., or as soon thereafter as Council can convene to consider the following legislation:

RESOLUTION AUTHORIZING THE CITY OF NEWARK TO ENTER INTO AN AGREEMENT WITH THE NEWARK REDEVELOPMENT AND HOUSING AUTHORITY FOR JOINT PURCHASE OF MOTOR VEHICLE FUEL AND DIESEL FUEL.

RESOLUTION RATIFYING CONTRACT WITH EAST WARD COMMUNITY CENTER; FURTHER AUTHORIZING MAYOR AND DIRECTOR OF MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING TO ENTER INTO CONTRACT WITH EAST WARD COMMUNITY CENTER OF NEWARK FOR ENGLISH AS A SECOND LANGUAGE (PORTUGUESE).  
(This Resolution, 7-R-bo, was tabled January 6, 1982)

(This Resolution, 7-R-by, failed of adoption January 20, 1982)

#### RESOLUTIONS.

7-R-A-S.

RESOLUTION AUTHORIZING CITY OF NEWARK TO ENTER INTO AGREEMENT WITH NEWARK REDEVELOPMENT AND HOUSING AUTHORITY FOR JOINT PURCHASE OF MOTOR VEHICLE FUEL AND DIESEL FUEL; TO BE EFFECTIVE UPON APPROVAL BY MUNICIPAL COUNCIL AND CONTINUE IN FULL FORCE AND EFFECT UNTIL EXPIRATION OF SAID AGREEMENT; PURCHASE OF SUPPLIES IS CONTINGENT UPON AND SUBJECT TO APPROPRIATION OF SUFFICIENT FUNDS WITHIN OPERATING BUDGET OF DIVISION OF MOTORS.

(This resolution was returned to Administration January 6, 1982)

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Tucker noted the Council was yet to be in receipt of the plan which Mr. Daniel Blue, Newark Housing Authority, was supposed to submit to Council in regard to the deposit. He stated because of that, the resolution was returned to Administration; and Administration was supposed to resubmit it to Council with the breakdown.

Councilman Grant asked Chief of Staff Zimmerford Smith what date was the information submitted to the City Clerk's Office.

Chief of Staff Zimmerford Smith replied at 1:57 P.M., January 25, 1982.

Councilman Tucker indicated he wanted this resolution deferred until the next meeting.

A motion to defer action on the resolution was made by Councilman Tucker, seconded by Councilman Johnson and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Johnson, Tucker, Villani, President Harris.

No: Councilman Grant.

establishment of a pedestrian bridge across Raymond Boulevard to link the riverfront with the Gateway Office and Hotel land use complex; (4) the vacation of Essex Court westerly 149.5 feet (est) from the westerly line of Mulberry and Pine Street from the northerly line of Park Street; (5) the establishment of a zoning district pattern whereby this entire project area will be proposed for Fourth Business Zoning; (6) changes in the text of the Urban Renewal Plan, at various places, to reflect items 1 thru 5 above; (7) the reversion to original pattern of Blocks 130, 133, 134 and 136, (as shown on URP Map #3); (8) a change of land use controls, to return to floor-area-ratio of 9, for the entire parcel of land, bounded by McCarter Highway, Commerce, Mulberry and Market Streets, see appended Map # 5; and (9) amending the off-street loading standards to comply with the new Zoning Ordinance Provisions; and

WHEREAS, said Urban Renewal Plan complies with the requirements of all applicable state and federal statutes and regulations promulgated thereunder; and

WHEREAS, the Central Planning Board of the City of Newark has submitted to the Municipal Council its resolution, certification and recommendation respecting the amended Urban Renewal Plan for the Project Area and the Municipal Council has duly considered the Planning Board resolution, certification and recommendation of the Planning Board; and

WHEREAS, it has heretofore been found and determined by Resolution 7RT adopted on July 10, 1961 and Resolution 7RBO adopted on February 16, 1977 that the project area is a blighted area under Chapter 187 of the Laws of the State of New Jersey, 1949, as amended; and

WHEREAS, it is not necessary that the Municipal Council take any appropriate official action respecting the relocation program and the Urban Renewal Plan for the Project, in conformity with a contract for financial assistance between the Housing Authority and the United States of America, acting by and through the Secretary of the Department of Housing and Urban Development; and

WHEREAS, the Municipal Council is cognizant of the conditions that are imposed in the undertaking and carrying out of urban renewal projects with Federal financial assistance under Title I, including the prohibiting of discrimination because of race, color, creed or national origin;

NOW THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That it is hereby found and determined that the Urban Renewal Plan for the Area conforms to the general plan of the City of Newark.
2. That it is hereby found and determined that the Urban Renewal Plan for the Area gives due consideration to the provisions of adequate park and recreational areas and facilities, as may be desirable for the neighborhood improvement with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the Plan.
3. That it is hereby found and determined that the amended Urban Renewal Plan for the Urban Renewal Area will afford maximum opportunity consistent with the sound needs of the locality as a whole, for the urban renewal of the area by private enterprise.
4. That in order to facilitate the implementation of the Urban Renewal Plan for the area it is found and determined that certain official action must be taken by this Body and, accordingly, this Body hereby (a) pledges its cooperation in helping to carry out such Urban Renewal Plan; (b) requests the various officials, departments, boards and agencies of the City of Newark having administrative responsibility in the premises to cooperate to such end and to exercise their respective functions and powers in a manner consistent with said Plan, and take appropriate action upon proposals and measures designed to effectuate said Plan.

AN ORDINANCE APPROVING THE REDEVELOPMENT PLAN AND THE FEASIBILITY OF RELOCATION FOR ST. LUCY'S AREA, PHASE II, CITY BLOCKS 475, 476 AND 477.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

WHEREAS, the Municipal Council by Resolution 7Rw, adopted on November 24, 1981, did determine that the St. Lucy's Area (Phase II) hereinafter called "Area" is a blighted area pursuant to Chapter 187 of the Laws of 1949 of New Jersey (N.J.S.A. 40:55-21.1 et. seq.,) as amended and by Chapter 300 of the Laws of New Jersey (N.J.S.A. 55:14A-31 et. seq.,) as amended; and

WHEREAS, the Central Planning Board of the City of Newark has considered and did approve on December 7, 1981, a Redevelopment Plan for said Area; and

WHEREAS, said Redevelopment Plan complies with the requirements of all applicable State and Federal statutes and regulations promulgated thereunder; and

WHEREAS, it is necessary that the Municipal Council take appropriate official action respecting the relocation program and the Redevelopment Plan for the Area; and

WHEREAS, the Municipal Council is cognizant of the conditions that are imposed in the undertaking and carrying out of redevelopment projects with Federal financial assistance under Title I, including those prohibiting discrimination because of race, color, creed or national origin;

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That it is hereby found and determined that the Redevelopment Plan for the Area conforms to the general plan of the City of Newark.

2. That it is hereby found and determined that the Redevelopment Plan for the Area gives due consideration to the provisions of adequate park and recreational areas and facilities, as may be desirable for the neighborhood improvement, with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the Plan.

3. That it is hereby found and determined that the Redevelopment Plan for the Area will afford maximum opportunity, consistent with the sound needs of the City of Newark as a whole, for the redevelopment of the Area by private enterprise.

4. That it is hereby found and determined that the objectives of the Redevelopment Plan cannot be achieved through rehabilitation of the Area.

5. That it is hereby found and determined that the program for the proper relocation of the individuals and families displaced in carrying out the Redevelopment Plan in decent, safe, and sanitary dwellings in conformity with acceptable standards is feasible and can be reasonably and timely effected to permit the proper prosecution and completion of the Plan; and that such dwellings or dwelling units available or to be made available to such displaced individuals and families are at least equal in number to the number of displaced individuals and families; are not generally less desirable in regard to public utilities and public and commercial facilities than the dwellings of the displaced individuals and families in the Area, are available at rents or prices within the financial means of the displaced individuals and families and are reasonably accessible to their places of employment.

6. That in order to implement and facilitate the effectuation of the Redevelopment Plan, it is found and determined that certain official action must be taken by this Body and, accordingly, this Body hereby (a) pledges its cooperation in helping to carry out such Redevelopment Plan; (b) requests the various officials, departments, boards, and agencies of the City of Newark having administrative responsibility in the premises to cooperate to such end and to exercise their respective functions and powers in a manner, consistent with said Plan and take appropriate action upon proposals and measures designed to effectuate said Plan.

7. That it is hereby found and determined that the financial aid provided and to be provided pursuant to contracts for Federal financial assistance pertaining to the Area is necessary to enable the project to be undertaken in accordance with the Redevelopment Plan for the Area.

8. That the Redevelopment Plan for the Area having been duly reviewed and considered, is hereby approved, and the City Clerk be and is hereby directed to file said copy of the Redevelopment Plan with the minutes of this meeting.

9. That this Ordinance shall take effect upon final passage and publication in accordance with law.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF POLICE (NON-UNIFORMED) AND ESTABLISHING SALARIES THEREFOR," (6-S & F-k) ADOPTED MAY 4, 1977 AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR POLICE COMMUNICATION CLERK, PART TIME)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY

Section 1. That Section 1 of an ordinance entitled, "An ordinance creating positions in the Department of Police (Non-Uniformed) and establishing salaries therefor," (6S&Fk) adopted May 4, 1977 as amended and supplemented, be and the same is hereby amended to create the title and salary for Police Communication Clerk, part time, as follows to wit:

<u>POSITION</u>	<u>MINIMUM HOURLY SALARY</u>	<u>MAXIMUM HOURLY SALARY</u>
Police Communication Clerk, Part Time (unscheduled hours) 100900	\$5.67	\$5.67

Section 2. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum salary and annual maximum salaries therefor, which are inconsistent herewith are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Harris called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Grant, seconded by Councilman Tucker.

Councilman Carrino said that very recently Director Williams went on the radio to criticize the Council's stand on this particular ordinance stating that because the ordinance was not passed that we were creating a bottleneck in the Police Department. He wanted to go on record that he is going to vote against this ordinance. He is taking it off the table so that everybody has the opportunity to do the same thing. He is voting against this ordinance for one very simple reason. He thinks all of the citizens of Newark should be made aware of the fact that putting five or six part-time telephone operators on is going to do nothing but have people answer the phone after one or two rings instead of getting a tape recorder. The number of police cars is steadily decreasing. The number of dispatchers is steadily decreasing so that the same people who are giving the jobs out to the cars are going to remain. No matter how many people pick up the phone, if there is not someone there to give it to the car and most importantly if there is not a car out there, then he thinks we are playing games with people by having somebody answer the phones so that nobody complains that it is ringing six or seven times and that it is coming up on tape. Very recently it was brought to his attention that there is no longer a list for police officers in the City of Newark. That means that no one can be put on the Police Department for the next six to nine months because there is no one who has been certified to become a police officer. It has been historical in this City and every other City in the State that during the course

of police officers being trained a Civil Service list is called and another list promulgated so that when the prior list runs out there are men getting ready to take over to go into the Police Department. This is no longer the case in the City of Newark. Last month the last 38 men graduated from the academy so there is no longer an active list for police officers. By the time an examination is called, a physical is given and an investigation is concluded on whoever takes the test, the City of Newark will not be able to put on one new police officer, where there is a situation of at least one hundred men retiring or quitting this year. If Director Williams wants to play games with part time telephone operators when the Police Department which is presently manned at 920 men will slip below 820 men before this year is up, before he has the opportunity to put one more policeman on duty.

Councilman Martinez concurred with Councilman Carrino remarks. He said while there is no active list we certainly have heard reports from individuals that are contemplating retiring in 1982 and reports have indicated anywhere from as little as 50 to as many as 100 men. This would seriously decrease the manpower shortage that is currently in existence. While we can appreciate the hiring of Communications Clerk, a clerk answers the telephone and he gives that message to the dispatcher. You have reports in front of you indicating there is a shortage of dispatchers, whether through sickness, injury or other means. That means the telephone operator will answer the call, there will be no dispatcher to turn that communication to and there are also reports that at least 40 to 50 of the calls that are received currently are not being responded to by police units. Once again because of priorities and because of a shortage of manpower. He asked that Council think fairly - are we going to increase service to the residents of the City of Newark by having their telephone call answered more quickly? We don't like to see people call the Police Department and have them placed on "hold" or it rings 60 or 70 times. However, we are duping the public by saying "Yes, someone is going to answer your call, but "no" we do not know when you are going to get a radio car."

Councilman Tucker said based on the information submitted to the Council when we tabled this ordinance before, it is primarily the hiring of part-time persons to fill gaps when people are out sick or on down time. He finds it disturbing that when he calls for a police car to be placed on "hold" or talk to a machine. The reaction of the general public is they do not want to talk to machines. This ordinance allows the Police Director to hire part-time persons to work in the Communications Unit. He does not deny the fact there are other problems dealing specifically with police services in the City of Newark, but he thinks we should realistically look at ordinances based on what they are actually saying. If this can reconcile talking to a tape it may not reconcile all the other problems but at least it deserves an opportunity to succeed or fail.

Councilman Grant said the original piece of legislation was introduced by him as requested by the Police Director. In that legislation he does not think Director Williams is trying to present a cure-all to the crime situation in the City of Newark but it is in his opinion an attempt to at least say to the public, as Councilman Tucker has indicated, that no longer will you have to talk to an electronic device, there will actually be a live body on the other end of the phone answering. The other concerns of Councilmen Carrino and Martinez certainly should also be taken into consideration, that just because there is a live body that in itself indicates that the call is going to be answered more quickly. He would hope that the answering of the phone by a non-electric device is a start and he agrees there is a need for additional manpower in the Police Department, in the Fire Department, in the Health and Welfare Department and in the Counsel Department. We have to start somewhere and if this can be at least one step in the right direction of trying to alleviate some of the fears of the citizens of this city, he would be in favor of it while at the same time suggesting we move on in terms of trying to get that list of more men and women in the police academy.

Councilman Carrino said for the record he would like to note one paragraph of a report that was submitted to the police on December 13, 1981. "As of 1545 hours, the North District had one unit, the West District - two units, the South District - three units and the East District - four units. The Chief advised he was going to call the various districts and authorize overtime for men who were just finishing up their tour of duty in order to obtain enough manpower with the following results: North got two men which meant the North District now had four men working, the West got two men which meant they had six

February 3, 1982

men working, the South had two more men which meant they had eight men working and the East was unable to get anybody to work overtime. A Sergeant had to fill in on one of the police cars. This is an official document submitted by someone working in communications in December. This situation is not going to be rectified by somebody who is eligible to answer a phone to tell someone at the other end of the phone it is going to be six or seven hours before somebody comes. He understands because it gets depressing to hear a tape recorder, but the point is you are going to have a warm body answering the phone and you are still going to be told it will be six or seven hours before police can come. It is his concern that now without a police list it is going to be nine or ten hours. He requested President Harris to invite to the Special Conference, February 9, 1982, Mayor Gibson, Business Administrator Hill, Director Williams and Chief Zizza to discuss what their plans are for 1982 for the entire Police Department.

President Harris directed the City Clerk to invite the Mayor, the Business Administrator, Police Director and Chief of Police to the Special Conference, February 9, 1982.

The motion to adopt the ordinance made by Councilman Grant, seconded by Councilman Tucker was declared adopted by President Harris by the following votes:

Yes: Councilmen Grant, James, Johnson, Tucker, Villani, President Harris.

No: Councilmen Bottone, Carrino, Martinez.

President Harris: The yeses are six and the noes are three. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

#### HEARINGS OF CITIZENS.

6-HC-a.

MR. SAMUEL F. COHN, 321 JELLIFF AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to Taxicab Division of the City of Newark. He complained that with the inspection procedures used by the City's Taxicab Division it was impossible to continue to run a taxi business and said it could preclude them from continuing their 58 year association with this City. He also stated that they are aware their cabs are not new and many of them should be replaced, but the buying of new cabs is impossible since financing for them is totally out of the question because lending institutions will not lend money on a vehicle used as a taxicab and Insurance Companies will not provide collision type coverage on a taxicab.

President Harris requested Mr. Cohn to submit his statement to the City Clerk for distribution to the Municipal Council.

Councilwoman Villani asked Mr. Cohn the meaning of "Radio Fleet Cabs".

Mr. Cohn said "Radio Fleet Cabs" are those cabs in contact with a Central calling place to get the cab. In normal events a cab would be dispatched to your home. This service will soon be obsolete. You will have to go on to the streets to hail a cab.

Councilwoman Villani asked if all cabs were in operation.

Mr. Cohn said there were at least 20 or 30 down without any hope of getting them inspected. We have to wait for the whim of the Taxi Division, not even the Division, just the two cops who run that Division. They will tell us when they will look at the cabs.

Councilwoman Villani said she will request Councilman Tucker to call a meeting because this service is much too valuable to take it lightly.

Councilman Bottone concurred with Councilwoman Villani. He said he is on the Taxicab Commission and he feels over the years the Cab Industry has been a credit to the City of Newark and it is a means of people making a living. He said when two policemen take an agency and make it into a dictatorship type organization where people cannot make a living and support their families, it is time we sit down and thrash this out. The Cab Industry in the City of Newark has to stay as some people have no other means of transportation.

Councilman Tucker said he believes there are two concerns. One is the actions specifically dealing with the two policemen who are assigned to the Taxi Division and also the dates of inspections, more specifically the time of inspections.

Mr. Cohn said they will meet with anyone. It is simple economics. No one can live in the City unless you are able to make a living. We cannot.

President Harris directed the City Clerk to forward Mr. Cohn's statement to Director Tuff, Taxicab Division, and further directed the City Clerk to invite Business Administrator Hill, Director Tuff, Detectives Williams and McCluney, Division of Taxicabs and Mr. Cohn to meet with Council at their Special Conference February 9, 1982, to discuss allegations listed by Mr. Cohn in his statement.

6-HC-b.

MR. DAVID GOLDFARB, 39 GLENVIEW ROAD, SOUTH ORANGE, NEW JERSEY, addressed the Municipal Council and said his family business has been in this City for over 50 years. He said the Taxicab Business is deteriorating in this City because of the method in which the Taxicab Industry is being treated, in his opinion, by those who have been given inherent power to determine who shall survive and who shall not survive in this industry. He said he has always accepted authority, never rebuked it, but he said authority must have compassion, understanding and must not be discriminatory in any sense of the word especially when you give a licensed grant to somebody to operate a business in this city. One person can use his own discretion to interpret the rules without compassion. It has become impossible for his family to stay in business in this industry. He asked Council to do something with this Taxicab Division.

A motion to permit Mr. Louis Smith to be heard under "Hearings of Citizens" was made by President Harris, seconded by Councilman James and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

6-HC-c.

MR. LOUIS SMITH, 432 CLINTON AVENUE, NEWARK, NEW JERSEY, President of the Newark Taxicab Drivers' Association. He felt the City of Newark had too many taxicab inspections. It should be limited. He felt the City of Newark Taxicab Division should be open five days a week, 8 hours a day, therefore, inspectors should be available to inspect cabs on a daily basis. There should be only one or two inspections a year. He asked Council to create a task force, a special committee, to make an evaluation of what has happened so that we can come up with a solution to keep people employed, keep owners happy and we do not get threats from the State of New Jersey that they want to take over the Taxicab Industry, so that we do not get threats from 20th Century and Brown and White and United that they are going to leave the City therefore those individuals who can not get employment elsewhere would not be allowed to drive cabs.

A motion to permit Mr. Otis Roebuck to be heard under "Hearings of Citizens" was made by Councilman Grant, seconded by Councilman Bottone and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

6-HC-d.

MR. OTIS ROEBUCK, 42 CHANCELLOR AVENUE, NEWARK, NEW JERSEY addressed the Municipal Council and said he is an operation of an independent taxicab in the City of Newark. He said he would like to see the City of Newark enhance the taxicab industry so that we can eliminate the negative image we have in this City. He said the Taxicab Division should be applauded because as long as the individuals

that have the primary responsibility to ensure that we have an image as representative of the City will neglect to do that in terms of economics. He said when you sit down for the meeting consider the worth of the industry in this city. There is a lot that needs to be done. If a Company comes before Council threatening to leave Newark, someone else will replace them. He said some of the cabs that are on the street should not be. If you are going to take the necessary steps to improve the Taxicab Industry there must be standards.

A motion to permit Mr. George Bagby to be heard under "Hearings of Citizens" was made by Councilman Carrino, seconded by Councilman Grant and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

6-HC-e.

MR. GEORGE BAGBY, 702 SOUTH 20TH STREET, NEWARK, NEW JERSEY, President of International Taxi Association spoke about the Newark Airport Taxi Drivers. He said they are still operating on 1978 rate. He also said that he has received complaints of harassment and abuse on the part of these two policemen. He asked that an explanation be given why the package on the flat rate increase cannot pass.

Councilman Tucker said as a matter of clarity that the Taxicab Commission has yet to submit any recommendation for adjusting the flat rate schedule to this Council to be acted on. He believed the request made was submitted directly to them. As of today there has been no recommendation from the Taxi Commission or from the City Administration that the flat rate adjustment be made at Newark Airport. He said it is also important that when you start to talk about interactions with the State or the Port Authority exercising its option of taking over the Taxi Division directly at the Airport it was not this Council that lobbied with the State. It was our opinion, based on the police powers that rest with the Governing Body within the City of Newark, we should maintain local control. He said we should not be in receipt of actions talking about the State may very well move to exercise its options when the negotiating process dealing with the State takeover did not originate from the City Council or the City. That originated from the individuals who felt they wanted to negotiate directly with the Governor and based on that they found out what the Governor's opinion was and clearly it was not necessarily to their liking. At this point, especially dealing with those flat rates, you must raise that question with the Taxi Division. Your communication indicates they approved the rate increase at Newark Airport. They have yet to substantiate that. They have yet to submit a recommendation on increasing or decreasing the flat rate.

Mr. Bagby said that the International Taxi Association, although most of its members work out of the Newark Airport, they took the position that the Airport should remain open to any Newark Cab who wants to work there. We opposed taking over the taxis and issuing permits. We did ask the State, after coming to this Council and after numerous problems we had with the Taxi Division, if they would set guidelines to the operation of taxicabs in the City of Newark. At this point we still feel strongly that someone, if not this Council, the Governor should set guidelines as to the operation of taxicabs and where a man can go when he feels he is being abused. At this point an individual cab driver's license can be pulled. We asked the State and we will probably go back to the State if they cannot get some kind of justice into the operation of the taxicabs. He said with respect to the flat rate increase he said the Taxicab Commission had passed it. He is appealing to Council to locate it.

Yes: Councilmen Bottone, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Absent during Roll Call: Councilman Carrino.

7-R-d.

RESOLUTION AUTHORIZING THE MAYOR OF THE CITY OF NEWARK TO EXECUTE THE ATTACHED MEMORANDUM OF UNDERSTANDING AND TO NEGOTIATE A DETAILED AGREEMENT WITH THE COUNTY OF ESSEX AND THE PORT AUTHORITY OF NEW YORK/NEW JERSEY, TO CONSTRUCT A RESOURCE RECOVERY FACILITY IN THE CITY OF NEWARK.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Johnson.

Councilman Carrino said with all of the work the Committee and the Council has been doing on this, since this is only a "Memorandum of Understanding" and it is not a final contract and is not going to give the County or the Port Authority the okay to go, but just progress one more step since the reality of the fact is that we are bordering on the dangerous situation of not having any place to dump in the next couple of years. He would like to concur with moving this so that we at least get off ground zero and move in some kind of a positive direction so that we do not get caught short in the middle or late '80's.

Councilman Johnson said he concurred with Councilman Carrino as to what has to be in the future, but at the same time he hoped that our Committee continues to negotiate with one thing in mind. He believes the City has the capacity to do this. He said he would vote affirmatively for this so that it can move to the next step. He hoped in future negotiations they would try to remove the Port Authority as a partner from this and explore the possibility of the County and the City putting this facility together.

The motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Johnson and failed of adoption by the following votes:

Yes: Councilmen Bottone, Carrino, Johnson, Tucker.

No: Councilmen Grant, James, Martinez, Villani.

Not Voting: President Harris.

Councilman Johnson said that he hoped his comments about the Port Authority being removed from this be passed on to Administration.

Councilman Carrino said he would like the President of the Council to contact the Director of the Board of Freeholders and ask them if we could not formulate a joint Council Committee - Freeholder Committee to discuss things as we go along. He agrees with Councilman Johnson. He said several companies have contacted his office stating they could provide the financing for the total project without the County or the City being involved in floating bonds, so that if that is the case in point, and these are responsible companies, then the only reason for the Port Authority being in it was their ability to generate bonds to finance this. If we can get a commitment from a large company to go into a joint venture with the County and the City without worrying about the financing the Port Authority becomes an unnecessary agency involved. He would like the President to contact Freeholder Greco to see if we can get together to discuss that possibility.

Councilman Johnson said he did not hear a ruling on his comments concerning the Port Authority being removed and that particular area being explored by the Committee being passed that his concerns be put into writing and passed on to the Port Authority and the County and our Committee.

President Harris directed the City Clerk send Councilman Johnson's concerns to the Port Authority, however, the document we do have before us that we are dealing with specifically deals with the Port Authority as part of the tripod and it is not within the purview of our powers for us to eliminate any individual in that document because we must deal with the document as presented to us.

Councilman Johnson said he is aware of the fact that he cannot exclude the Port Authority at this time, but this is just a passing in giving the right to Administration to continue to negotiate with the County and the Port Authority. He wants to say to his colleagues to remember "Newark Airport". Remember the fact that we are getting \$1 million from one of the top airports in the country based on the negotiations of former Councilpersons with the Port Authority. He would not like to see us once again when we have the opportunity to deal with something that is futuristic and be in a position to make money, give the money to the Port Authority.

Councilman Tucker said the last time he attended the Board of Freeholders meeting, Freeholder President Greco appointed Freeholders Paliveccio and Cifelli as representatives. It was his recommendation that those two representatives along with himself meet with representatives of the Council after they made their opinion known not just sit down with the development committee, but basically have the two governing bodies work together on the negotiations of the detailed agreement. He said the structure is there, we just have to activate it. He concurs with Councilman Carrino and also with Councilman Johnson and we need to meet with a representative of the Board of Freeholders to see where we go from here.

February 3, 1982

Councilman Carrino said this is a step toward working out a contract. If we are not going to be responsible to recognize that somewhere along the line we have to come up with a finished product other than a landfill, that we have to proceed along those steps. Since we feel we may be able to proceed without the Port Authority, he still feels that agreement should still follow the process so that the County in conjunction with the City can start drawing out agreements that we can pick on later on, even if the Port Authority is out of the picture. If we keep denying these things all we are doing is not getting off home base and we are not going to be progressing toward building the building that is absolutely needed. It will be an absolute necessity in the middle of 1980. The County agreement does not involve us in any contractual agreement or give them the okay to get started but at least it gives the City a process to start negotiating whether it is with the County, the Port Authority or whatever. By not passing this we are not giving them the authority to progress ahead and that is a dangerous situation for all of us.

President Harris said he has heard additional facts presented to the Council specifically dealing with the fact that new companies have indicated a desire to work in concert with the City. This could possibly eliminate some hangups that individuals might have with the Port Authority and it could ensure the City of an opportunity to have the majority of the stock in said operation. He said the Committee has done a tremendous job and he assures that this Committee will continue to meet under the Chairmanship of Councilman Tucker. We will continue to discuss the additional companies who have indicated their desire to work with the City of Newark and the possibility exists that within the next ten days to two weeks we might have something positive to offer.

RESOLUTION AMENDING RESOLUTION 7-R-1, OCTOBER 7, 1981, CONTRACT BETWEEN MAYOR AND DIRECTOR OF MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING AND NEWARK SERVICES CORPORATION, FOR PERIOD OCTOBER 1, 1981 THROUGH SEPTEMBER 30, 1982, BY CHANGING THE NUMBER OF PARTICIPANTS FROM 50 TO 30 AND PERFORMANCE STANDARDS; NO ADDITIONAL FUNDS ARE REQUIRED.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by President Harris, seconded by Councilman Tucker and declared adopted by President Harris by the following votes:  
Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Councilman Carrino said that in Resolution 7-R-bc, they are going from 50 participants to 30 participants and the resolution states there are no additional funds required. He asked about funds coming back to the City since they are training less people. He said he would like to defer this resolution until Council receives a rationale how the program runs with the same amount of funds.

President Harris directed the City Clerk to communicate with the Mayor's Office of Employment and Training and request detailed information as to why, with a decrease in the number of participants, the funding amount remains the same.

A motion to reconsider this resolution was made by President Harris, seconded by Councilman Tucker and declared adopted by President Harris by the following votes:  
Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

(Resolution tabled January 6, 1982)

(Resolution removed from the table February 3, 1982)

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Grant.

Councilman Bottone said this particular resolution was tabled by him for awaiting an explanation. He said the people who run the City's computer told him they could not put this on the City's machines and could not do this work in-house and that East Orange had perfected this particular thing over the past 12 years and they are the only ones who can do this job. He said he is tight when it comes to City Contracts and City money. We cannot do this in-house and to bring experts in would cost the City much more to do this service.

President Harris said it was a sad day when a City the size of East Orange has more ability than a City the size of Newark with the population we have, the size of our budget and the number of employees. It does not speak well for Newark, New Jersey, the largest City in the State.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Bottone, seconded by Councilman Johnson

Councilman Grant said in light of the number of complaints received relative to demolition in the City of Newark, not only by City Demolition Team but also for demolition contracted out, it seems to be the same. He said if this resolution should be moved on affirmatively a letter should be sent to the Director of Engineering indicating when these contracts are let out the private demolition companies should demolish the buildings completely and not just take off one or two tops and leave the balance on the street where it presents a hazard to the children and the residents that live in that community. He said just such an action took place yesterday with the Bujac Company on South 19th Street where the top of a three story building was taken off and the rest left there since the middle of December. Since they have gotten on their case Bujac has promised to resolve it this week.

Councilman Martinez said the prices of the individual contracts average about \$3,900. which seems to be lower than the estimate we received from the Newark Demolition Team. He said if Councilman Grant wanted to eliminate Bujac for payment from this resolution he would go along with that.

Councilman James said he concurs with the concerns of both Councilmen, but he is of the opinion this Council should be in receipt of a report. He said Council would be in a better position, if prior to taking any action, they were in receipt of a report why these buildings are in such condition.

Councilman Martinez said this was also his attitude, but last April 110 Albert Avenue was knocked down by William Young & Company, and the debris was still there in July and August. It took three days to knock the building down and four months to remove the debris. When we pulled the money from the Newark Housing Authority for Mr. Young, he immediately went in and removed the debris. This Council has the obligation and authority to withhold payment until the contractor does the job he is supposed to do.

President Harris said we should deal with this very candidly. He said in each and every contract that we let out the words "responsible bidder" are included. If the individual fails to live up to the contract that determines if he is responsible or not. Along with that responsibility is the responsibility, under the charter that we operate the City Government, that Administration is supposed to deliver the services to the residents of the City of Newark. This simply means the inspectors are supposed to be out on the streets seeing to it that a contractor fulfills his or her obligation and the Business Administrator of the City of Newark has the responsibility to see that the man who heads the Inspection Department is doing his job. Definitely they are not doing their jobs and that is what it amounts to.

Councilman Grant said he would move to withhold payment to Bujac until a written explanation is sent to the Council on what happened to the properties Bujac is responsible for demolishing.

President Harris directed the City Clerk to communicate with the Business Administrator and the Director of Engineering requesting a written report.

A motion to delete Bujac Demolitions Inc, in the amount of \$20,650., was made by Councilman Grant, seconded by Councilman Tucker and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

The motion to adopt the resolution, as amended, was made by Councilman Bottone, seconded by Councilman Johnson and declared adopted by President Harris by the following votes:

RESOLUTION APPOINTING JOHN GAGLIARDI, JR., A SPECIAL POLICEMAN FOR THE YEAR ENDING DECEMBER 31, 1982.

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman Carrino and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Councilman Tucker said as a result of the discussion Council had at their pre-meeting conference February 2, 1982 and also the discussion they had two weeks ago, he believed the Council in its wisdom is moving in a prudent way. They requested certain information be made available and they also requested the Corporation Counsel to institute various procedures. He said as of today they had received the report from the Corporation Counsel but the action Council had requested to further substantiate its position had not been completed. Consistent with that he did not believe that this Council should penalize people based on the inaction of the City Administration to move effectively on the matter.

A MOTION DIRECTING THE CITY CLERK TO REQUEST THE LAW DEPARTMENT TO RESEARCH AND PREPARE AN ORDINANCE TO PROVIDE FOR THE TOWING AND IMPOUNDING OF VEHICLES REGISTERED TO "SCOFFLAWS", PERSONS OWING THE CITY OF NEWARK SIGNIFICANT FEES FROM UNPAID PARKING AND/OR MOVING VEHICLE VIOLATIONS; FURTHER, PROVIDING THAT SUCH IMPOUNDED VEHICLE WOULD BE RELEASED TO OWNER ONLY AFTER FULL PAYMENT HAS BEEN MADE TO THE CITY OF NEWARK FOR ALL OUTSTANDING VIOLATIONS was made by Councilman Martinez, seconded by Councilman Tucker

Councilman Martinez said the reason for this motion is that we recognize budgetary problems and that we recognize the fact it has almost been documented by various persons within the Court Administration that there are almost \$18 million in uncollected fines in "scofflaws" owing the City of Newark. He referred back to the Communication Clerks position voted on this meeting and hoped that the Newark Police Department could provide substantial manpower for a detail such as this which would go throughout the City of Newark, impound cars that are wanted in violation of "scofflaws" some of these as many as 20 to 25 violations which are substantial amounts of dollars in revenue to the City of Newark. To impound those cars and to hold them until the owner pays all his obligations to the City and not before that. We recognize the fact that throughout the City of Newark many cafes do not pay a liquor license and operate Carte Blanche in Newark and if it wasn't for the State Police who had to come into Newark because of substantial manpower shortage, these cafes would still be operating. We recognize these conditions and yet we make the laws and we hope the Administration will enforce them. This is a law that was done in Jersey City and is working effectively in Jersey City. The Mayor of Jersey City has indicated that since they put this ordinance into effect they have had a substantial reduction from \$8 million in traffic violations down to about \$2 million. If we could collect just 25% of what is currently on the books this would have a great impact on the budget for this year and the upcoming year.

The motion was declared adopted by President Harris by the following votes:  
Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Assistant Business Administrator Thomas Banker stated this discussion addresses the question of the sewer rate. The current sewer rate is 10.50 per 1,000 cubic feet of metered water. He said as a result of an in-depth study for Year 1982, it is required to charge the sewer services on a different basis than which has been used in the past. He said all users of the sewer service have been charged exclusively under the basis of the volume of consumption of water. Based on the Federal Regulations that accompany the beginning of the secondary treatment plant, large users must be charged, not only on basis of volume of consumption, but also on the strength of the water that they discharge. He said the strength is measured by two criterions: 1) B.O.D. - Biochemical Oxygen Demand and 2) Suspended Solids; and because of the direct billing from Passaic Valley, the large users will be billed twice; they should be billed by the City on a flat rate and get an additional charge from Passaic Valley. He went on to say what has been recommended is for the City's rate to be bifurcated, so that those people who receive the direct billing pay a local charge for those costs not included in the Passaic Valley bill; while the rest of the City's users continue to pay on the basis of volume.

1. 203

Councilman Carrino wanted to know why the people's rates who own homes are going to stay the same.

Assistant Business Administrator Thomas Banker said the over-all bill from Passaic Valley has increased substantially, 50% in the City. The effect on the large users is not predictable across the category of the 2,000 users. He said the basis per billing is not just their volume of consumption, it is also what is contained in gallons and how many pounds in certain materials.

Councilman James asked Mr. Banker if he provided a list of users for the Council to scrutinize.

Assistant Business Administrator Thomas Banker replied in the negative.

President Harris felt this was a matter which had to be dealt with by a thorough researching job. He suggested this matter be deferred until Council had time to go over this plan.

8-d.

The City Clerk presented COMMUNICATION FROM BUSINESS ADMINISTRATOR HILL, RECEIVED FEBRUARY 8, 1982, ENCLOSING PROPOSED, "ORDINANCE TO AMEND TITLE TWENTY-ONE, CHAPTER FIVE, SECTION THREE, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966) AS AMENDED AND SUPPLEMENTED". RESOLUTION AND MOTIONS.RESOLUTIONS.7-R-a.

RESOLUTION AUTHORIZING THE MAYOR OF THE CITY OF NEWARK TO EXECUTE THE ATTACHED MEMORANDUM OF UNDERSTANDING AND TO NEGOTIATE A DETAILED AGREEMENT WITH THE COUNTY OF ESSEX AND THE PORT AUTHORITY OF NEW YORK/NEW JERSEY, TO CONSTRUCT A RESOURCE RECOVERY FACILITY IN THE CITY OF NEWARK.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Tucker said the alternate plan recommended by Darth Equity operates under the assumption that Newark City Government would utilize its own bonding capacity. The other point is to utilize the special legislation which was approved by the Housing Authority; which authorizes the Housing Authority to expend their bonding capacity. He went on to say this was approved by State Government three years ago. He did not believe the Housing Authority is going to be in a position to have the kind of fiscal integrity to maintain a Double A Rating based on the allegations raised by the Board of Commissioners and also the Executive Director, indicating they are on a brink of bankruptcy.

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Carrino and failed of adoption by the following votes:

WHEREAS, on a Sunday evening in 1958, twelve Black Officers of the Newark Police Department joined together to form a fraternal and civic association known as The Bronze Shields, which was thereafter chartered as a non-profit organization by the State of New Jersey; and

WHEREAS, this organization, formed to strengthen the bond among Black Police Officers, soon became, due to the diligence of its members, a primary means of promoting general welfare and civic improvement throughout the City of Newark; and

WHEREAS, The Bronze Shields since their founding, have been in the vanguard of charitable endeavors and fund raising efforts for causes such as the Greater Newark Hospital Fund, the Boys' and Girls' Clubs of Newark and the Foundation for Sickle Cell Anemia as well as holding numerous events for underprivileged children and providing scholarship monies for needy youngsters struggling to further their education; and

WHEREAS, perhaps most importantly, the members of The Bronze Shields have, for nearly a quarter of a century, stood as sterling examples of the finest qualities that modern law enforcement officers can possess thus earning the continued respect and admiration of their fellow officers and the citizens of Newark;

February 17, 1982

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY that it does hereby recognize and commend The Bronze Shields for innumerable contributions to the Newark community which has made this City a better place in which to live and work and has provided the promise of a better tomorrow for countless children and young adults within our borders.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to the chief officers of The Bronze Shields in remembrance of this event.

Councilman Grant asked Members of the Bronze Shields, Inc. to come up to the podium. He stated the Bronze Shields have striven for the highest ideals in the City of Newark. He said the Bronze Shields, Inc. are saluted because they have demonstrated the "men in blue" understand compassion.

Mr. Alonzo Evans, President, Bronze Shields, Inc. thanked the Members of the Council; and hoped they could continue the effort to strive for a better community involvement. He also said he hoped to make the "brothers in blue" and the Police Officers of the City of Newark well deserving of the resolution.

#### HEARINGS OF CITIZENS.

6-HC-a.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to Reaganomics. It appears it goes far beyond monetary value. It goes to human life itself. The President is talking about sterilization and geneticist and the jumping off spot is supposed to be Newark. No matter who sits in the Mayor's Office, now or after the election, we have to show some signs of unity.

The speaker stated he was threatened by coming down here in reference to when he filed his income tax and a month ago he had to go to the United States Attorney's Office in reference to the CIA putting cancerous radiation particles in his families drinking water.

6-HC-b.

MS. CARMELLA BOSCAINO, 407 CENTRAL AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council explaining in detail what has transpired since she last appeared before the Municipal Council on September 6, 1979 with respect to the collapse of her basement.

President Harris stated they understand the problem and Councilman Bottone is very familiar with it and they have discussed it a number of times.

President Harris directed the City Clerk to invite Ms. Boscaino together with Business Administrator Hill, Corporation Counsel Teare, Assistant Corporation Counsel William Schwartz and Director of Engineering Zach to meet with the Council at their special conference March 9, 1982 to discuss this matter.

#### RESOLUTIONS AND MOTIONS.

##### RESOLUTIONS.

7-R-a.

RESOLUTION AUTHORIZING THE MAYOR OF THE CITY OF NEWARK TO EXECUTE THE ATTACHED MEMORANDUM OF UNDERSTANDING AND TO NEGOTIATE A DETAILED AGREEMENT WITH THE COUNTY OF ESSEX AND THE PORT AUTHORITY OF NEW YORK/NEW JERSEY TO CONSTRUCT A RESOURCE RECOVERY FACILITY IN THE CITY OF NEWARK.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Harris by the following votes:  
Yes: Councilmen Bottone, Carrino, Johnson, Tucker, President Harris.  
No: Councilmen Grant, James, Martinez, Villani.

Councilman Carrino said he thinks the Municipal Council has made a monumental step forward in trying to get off home plate to eventually build a Resource Recovery Plant. Again, he does not think this particular vote has anything to do with a final adoption of a plant, who is going to build it, who is going to be involved in it. Only the fact that everybody recognizes the responsibility of a need to get rid of our garbage in the future. He wants to commend the Council for finally taking the first step forward in solving this problem.

Councilman Grant said he takes exception to his most worthy colleague's statement that they have taken a step forward. He thinks it is a step backwards in terms of what the real issues are down the road. The mere fact that they are now authorizing the Office of the Mayor, the County Executive Office and the Port Authority to enter into a Memorandum of Understanding is going to tie the City up for 30, 40 or 50 years and has been his stance all along, that years ago when persons sat on this Council, and gave away the Newark Airport. Today we sit and

March 3, 1982

talk about those persons not having the interest of the City of Newark at heart. This seems to him another "giveaway" deal unless the City of Newark digs in and makes sure that the other two participating agencies share with Newark in the kinds of dollars that can ultimately be realized from a Resource Recovery Program.

Councilman Martinez said he can't concur more with his colleague, Councilman Grant. Even though it is only a Memorandum of Understanding it smells of a deal with the Port Authority of New York/New Jersey. A deal similar to that we have at the Newark Airport. He doesn't think any negotiations should be done with the Port Authority until they sit down with the Governing Body and renegotiate a contract that has been in existence for many, many years. The \$1 million that they pay to the City of Newark, we supply them in return of \$750,000. Fire Department services, is certainly not a fair arrangement. If Newark Airport wants to be really fair in the entire agreement or the Port Authority, they would sit down with the Newark officials and say "here we are recognizing we have one of the most valuable pieces of lands in the City of Newark" and why your tax rate is \$10. per hundred. We are not paying that \$10. per hundred, we are ripping off the City. If they wanted to renegotiate a fair deal and although the property is valued at \$330 million. If they really wanted to be nice people, give us about \$33 million a year in taxes so they can reduce the tax rate to the residents of the City. Then lets talk to them about building another facility in the City.

Councilman Carrino said he thinks everything our colleagues said is correct. However, until we got off home plate to find out exactly what agreements were possible and exactly where we are going and in what direction none of these questions would have been answered. Now we have a situation where we have allowed an entity to go ahead and look into the feasibility of a Resource Recovery Plant and then find out exactly what the City is entitled to and exactly what we want as a City Government. Granted, everything the Councilmen said and the Resource Recovery Committee is continually meeting. We also have companies coming in on a regular basis to give them alternative plans. All they have done today was to give the Port Authority and the County authority to proceed with their plan and see what their final figures are going to be and what the City is entitled to. This is not by any means giving the Port Authority or the County permission to build a Resource Recovery Plant. We are telling them to go ahead with their plan while they, the Council along with the Members of the Freeholders Board pursue alternate plans that might not involve the Port Authority or might not involve any of the principles that are on this Memorandum of Understanding. All they in essence are doing is giving one alternative plan to go ahead to see how far they are going to go and what the returns are to the City of Newark.

Councilman Carrino said the best plan he feels they can have as a Member of the Committee is to leave the Port Authority out. Certainly if the Port Authority plans are going to be better than anything else they can come up with, they would be remiss in not giving them the authority to go ahead to come up with what they feel is a final solution and final plans to submit to the Council.

Councilman Tucker said they should clearly understand what they are dealing with now. He agrees with the points raised by Councilman Martinez but the tragedy of the matter is that we do not have the Port Authority agreement dealing with the Airport and also the Seaport before us nor does he believe the Port Authority would ever come back and renegotiate. He thinks they as a Council can affirmatively, if they want to renegotiate they can seek legal action and they do have that power. He thinks the issue they are talking about right now is, most of them are knowledgeable of the fact that the Meadowlands Landfill will to a great degree terminate. It is not a matter of whether they will be able to dump there from now until time memorial. Most of them know full well that based on the development that is taking place now in the Meadowlands, inevitably Newark and other municipalities around Essex County and Union County will not be able to dump there in the future. The Resource Recovery Plan that they went through and analyzed and through the Committee structure looked at the options and he believes they should be knowledgeable about what they were able to do. They looked at the option of the City of Newark clearly owning the plant. They felt that in effect was a viable option. After they reviewed that and looked at the bond capability of the City of Newark it became very clear that the City of

Newark in itself would not be able to own the plant based on the limited bond capability. He thinks they also went to the other option at looking at the feasibility of the City of Newark working with an individual firm or contracting with UOP directly and asking them in turn to utilize their bonding capability in order to develop \$100 million in bond revenue so that Newark would be a part-owner and have part of the responsibility of the plant. He thinks they recognize clearly that they started looking at that, that UOP wants someone else to be the guarantor. They do not want to be the guarantor. If the plant goes successfully, fine, if it does not go successfully Newark would bear the benefits and also the deficits. He thinks they also reviewed plans submitted by individuals who in effect indicated they would be able to go directly to the bond market to effectively raise the bond revenue in order to construct the Resource Recovery Plant. He thinks each Member of the Council separate and apart from the Committee was in receipt of a copy of a proposal which was in effect submitted to them. They as a Council reviewed the matter, met with the individuals involved and looked directly at the figures but all of them are knowledgeable of the fact that the figures that were submitted by the private individual cannot be substantiated at this point and time. The net result of all of this review really comes down to the option that they have before them, may not necessarily be the best option that the City has at their disposal but it may very well be the only option which they can exercise right now. This agreement does not finalize the contract. What it in effect does, very simply, is provide the Mayor, the County and the Port Authority an opportunity to start negotiating a Detailed Agreement with certain perimeters involved. He knows there was a large question about what happens to energy generated, they think they pretty much resolved that. They know that Newark, whatever they put in, that is exactly the amount of energy credits they will get out. There was a question dealing with the whole payment in lieu situation and he thinks the difference between this particular agreement prior to the Council acting, and what they are dealing with right now based on the actions of their Committee, able to increase the revenue. The revenue stream originally as proposed was approximately \$1,046,000. per year the City of Newark would be in receipt of. This Memorandum of Understanding basically, has a bottom line which would in effect be \$1,300,000. If they relate to the total life of the contract that comes out to approximately an increase of \$5 million over a period of approximately 20 years. He is not saying they could not have done more clearly, no one who sits on any kind of legislative body can say they did everything within their power but he does think they pretty much covered the general area. He thinks there is another point that should be made and put directly into the record and that was the whole question of environmental impact. They felt that the question of environmental impact should not be left directly to the Port Authority, the County or the State. Based on Reaganomics the whole question of compliance, of Federal agencies and compliance of State agencies is being brought up for question. Embodied within this particular agreement is the fact that the City of Newark will work in conjunction with them. Also establish a Committee, a Resource Recovery Committee which would be private individuals, would be appointed and work with an Environmental Engineer from the Department of Engineering to insure that the negative impact in regard to the general community would be minimized. He does not believe anything is "apple pie". He does think there are positives and negatives but he does believe there are more positives than negatives moving affirmatively then if they do nothing at all.

Councilman Bottone stated he hoped the decision by this Council is not a decision made of all of the ills the Port Authority put on us years ago. He thinks what they have to do is realize and visualize what this decision is going to give the City of Newark. It is going to give the City of Newark approximately a little over a million dollars a year, give the City of Newark a 25% discount in tipping fees, and that 25% becomes bigger every year as the costs increase every year, our discount will become bigger and bigger. Also the hidden cost of the wear and tear of our materials, trucks, etc. has to be considered. He feels with the times the way they are right now and the economy, they certainly are getting the best deal possible and at the same time this is the first step of negotiations. This will at least get us off the board and going into the direction we have to go and that is to get rid of our garbage. Once it is mandated that you have to put your garbage some place, you have to realize what it is going to cost to transport that garbage, 50 or 100 miles from Newark. It is going to be twice the amount that we are receiving in discount. We have to realize the City of Newark is not a profit-making organization but a City service giving organization and as long as they can break even with their expenses

March 3, 1982

and come up a little ahead, that this is the service the City residents are looking for

Councilman James said this certainly is a serious decision and he thinks the only fault he finds is that they have to make it during a political year and much of the discussions have been along political lines, pro and con. He would dare say there are three serious questions which he would pose for the record and would hope that those who continue to serve in a Committee fashion, especially our Committee Chairman, Councilman Tucker, who did a tremendous job chairing that difficult assignment. First of all they should be mindful some years ago, Councilman Tucker and President Harris were with him at the time, when they let out the intent of re-evaluation, 1971. Later on a new Council came in and indicated they did not want to support the funding of that contract and he thinks they should be mindful the Courts rule when they issued the intent, they were in fact binding themselves to a financial contract. Therefore, he would hope that in the months to come they deal with three critical questions. He believes there is a question of an escalation of the tipping fees for the City of Newark and the question they will have to continuously be concerned with is whether there is an advantage for the Resource Recovery Facility to be located in Newark in the first place. If there is no advantage to Newark financially, then they should not lose a valuable ratable as pointed out by Councilman Martinez. He thinks it should be pointed out there is a possibility that in the end the escalation fees may far exceed the \$1.2 million they will be receiving. Secondly, the whole question of the energy that will be sold by this plant to Public Service and other companies has never been clearly spelled out. He is of the opinion that in other Resource Recovery Facilities the sale of energy is a significant factor and yet they have scurried this issue somewhat in our contract with a formula that is based on current market and a projected use. His questions have always been as the revenues of energy goes up the sale of energy from the burning of the solid waste, how will the City of Newark benefit. Finally, he questions the fact that those who sit on the Board, the citizens from Newark and other entities are only in an advisory capacity. It is his opinion if Newark residents are going to be permanently affected and if they are going to house this facility here permanently, somehow the residents of the City should be more than an advisory because the questions he posed during the meeting, if they decide to ignore all of the concerns of the Advisory Board, then we have no recourse to deal with that. They are serving on an Advisory Board for a plant that will certainly affect the quality of life for significant number of residents of our City and he thinks they should be about policy making and they should be about a more meaningful role for having it located in Newark. Again, the greatest challenge is that those who voted affirmatively today would make sure they become a watch dog as they monitor future developments with the actual negotiations between the Port Authority, the County and the City of Newark and he will certainly be more than happy to work with them in that regard.

Councilman Carrino said in regard to what Councilman James said. First of all the Committee has been advised by the Law Department that Memorandum of Understanding no way binds or bounds the City to any contracts that are eventually written up. The reason the energy is not part of the Memorandum of Understanding is because they felt with the many tangible, many variables that are involved in the sale, the recovery of the energy cost, they should not put in the Memorandum of Understanding until the City of Newark sits down to eventually draw up the contract so that they are not bound by anything dealing with energy until they know more of the variables. They have already made it known to the people involved that there will be no contract signed unless some of the people making up the community and Governing Body of the City of Newark are on a policy making board, not somebody who is going to advise people what to do which they know is a joke. If the County and whoever gets this contract eventually goes along with that he doesn't think anyone is going to sign that because they lose control of the whole situation. Every person should vote the way he or she feels. Being on the Committee, because they were closer to the situation, those who are on the Committee felt it would be advantageous for them to let the City proceed forward and discuss the feasibility of a Resource Recovery Plant in Newark with two agencies involved and they as a Committee will also keep reporting back to the Council on subsequent meetings they are going to have with private individuals and other public entities to have an alternative plan. They and the County of Essex are exploring the plan so the two of them can do it excluding the Port Authority. Again, rest assured this is not a plan or suggestion to go ahead with what Administration is advising. Only to let them

go ahead to see where we wind up as far as agreements are concerned.

Councilman James said he is pleased to hear Councilman Carrino's response and being a Member of the Committee he is more knowledgeable. The only other concern he has and wants to put it in the record would be did at any time the Committee deal with the question whereby the citizens stated that by picking up solid waste there might be a possibility of chemicals being dumped into the Solid Waste because companies heretofore have to pay for a special pick-up might take advantage of the fact that by setting chemicals out to the curb, they too would be picked up by the Solid Waste and deposited into Resource Recovery and the question of air pollution and possible carcinogenic agents being inhaled from the facility.

Councilman Carrino replied in their discussions it was certainly one of the topics. Of course, under the present situations with the landfills that they have that abuse is taking place right now. People are dumping illegal toxic chemicals into the ground. The present situation in itself is a problem. During their discussions with UOP, aside from the City enforcing stringent ordinances, the plan itself has mechanism to do that and also technology that is coming on board. Once the heating is up 2,000 degrees even a toxic chemical, if it is burned at the 2,000 degree or over it will not send up the same kind of pollution they are facing right now at the landfills. Along with the pollution devices, the scrubbers that are part of the plant, if those abuses do take place the amount of danger in the air will be more minimal than what we are suffering right now with the actual burning of toxic wastes and chemicals. As you know the leeching problem in the City of Newark has just about rendered the Passaic River a death trap and that is one of the problems they are facing under present conditions. Certainly there are safeguards they have to build into the thing to make sure it does not happen.

President Harris thanked the Members of the Committee. It was one of the most functioning Committees that he has had the pleasure of appointing in his tenure as President of this Body. They have done a commendable job, they have travelled extensively throughout this country to do some research work to meet and discuss the subject matter. This has been a very agonizing vote for him. He has given it a lot of thought and concurs with Councilman James the fact it is regrettable this vote takes place during an election year because they are faced with a major problem in the City of Newark and all of them are understanding of the history of other governmental bodies in this City looking in the City of Newark with the Port Authority in the Airport and the Seaport. He can appreciate the diverse views that emanated from this Body. In spite of the controversy, he thinks that it was Doctor King who indicated some time ago "the measure of a man is not where he stands in times of comfort and convenience, where he stands in time of controversy." Today in view of the various controversies surrounding this, he thinks it is going to be for the total good of the City, in spite of that fact as he moves about the City of Newark justified to the many people he comes in contact with, the rationale for him having the decisive vote to make the Memorandum of Understanding possible and that is all it is.

A motion to consider Resolution 7-R-bk at this time was made by Councilwoman Villani, seconded by Councilman Grant and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

RESOLUTION RECOGNIZING AND COMMENDING DR. JOSEPH J. AMATO, DIRECTOR, PEDIATRIC CARDIOVASCULAR SURGERY OF UNITED HOSPITALS AND DR. JAMES R. COWAN, PRESIDENT OF UNITED HOSPITALS FOR THEIR OUTSTANDING SERVICE TO THE NEWARK COMMUNITY.

A motion to adopt the resolution was made by Councilwoman Villani, seconded by Councilman Johnson and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Councilwoman Villani read the following:

March 3, 1982

WHEREAS, The Children's Hospital of New Jersey, an affiliate of United Hospitals Medical Center of Newark, has attained international standing as a result of its work in the field of Pediatric Cardio-Vascular Surgery; and

WHEREAS, just in the last 3 years, the Hospital's Pediatric Cardio-Vascular Surgical Team has medically assisted over 400 children from all over the world, not refusing or sending away one single child in that period; and

WHEREAS, the team, with Dr. Joseph J. Amato as its Director, under the sponsorship of Dr. James R. Cowan, President of United Hospitals, has, through its outstanding contributions to medical science, brought great honor and esteem to the City of Newark, and perhaps most importantly, brightened the lives of countless children, regardless of their family's ability to pay for such highly complex procedures; and

WHEREAS, throughout their tenure, Drs. Amato and Cowan together with their colleagues, have always given special attention to the needs of Newark and its residents, notwithstanding the demand for their services from many other countries;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY that it does hereby recognize and commend Dr. Joseph J. Amato and Dr. James R. Cowan and associates, for distinguished and meritorious service to this community in their respective capacities with the Children's Hospital and United Hospitals Medical Center of Newark.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to Dr. Joseph J. Amato and Dr. James R. Cowan in commemoration of this event.

Councilwoman Villani on behalf of the Members of the Council presented suitably inscribed resolutions to Dr. Joseph J. Amato and Dr. James R. Cowan.

Councilman Carrino stated he hoped somebody has an alternative and how we are going to run Data Processing without machines and somebody to do it.

Councilman James said he doesn't know if that is the appropriate question posed by Councilman Carrino at this time and perhaps when we are in pre-meeting conference we can explore this in detail. The only concern that he has that we went with CSC in computers and we have a Data Processing Division. When we enter into a excess of \$3 million contract, we were told we would not need a Data Processing Agency. In fact, at that time we abolished all of the Data Processing personnel in order to enter into a contract with CSC over the length of the contract representing \$22 million. We were told that all we needed was a Contract Monitor and many of us on this Council went to California to study it and now very interestingly after we have entered into a contract with CSC and well on our way to spending \$22 million. Almost yearly personnel for Data Processing continues to enter into our budget and if this resolution is adopted we will have more personnel in Data Processing today than when we abolished that Department and entered into contract with CSC.

Councilman Carrino said he certainly agrees but he thinks we have to be very realistic about this. He doesn't think CSC was the one that was requesting those data processing people. It was Administration of the City of Newark who started to build another entity aside from the data processing operation. Except for the Contract Administrator all of the other positions that they asked us to put into the budget and had nothing to do with request from CSC but from Administration. He agrees with Councilman James that we do not need two entities. However, this resolution authorizes to solicit and receive bids. If we don't at least start the process and the contract comes to an end, he doesn't know how we are going to carry out any data processing functions without either a company or our own machines. Certainly we have to place the blame on the Administration of the City of Newark asking us for all of these new positions. Assistant Business Administrator Banker was the one who came and asked for these positions and not CSC or the Data Processing Company. These people do not function at the request of the Data Processing Company but function at the request of Administration.

Councilman Tucker stated there are three pieces and this is just one, the operation. He thinks in order for the Council to complete their review we have to have all three resolutions at the same time. This specifically deals with payment of CSC who in effect handles the operation of the computer operation. There is a hardware contract that we don't have yet and also the software contract. All he is saying is that if we are going to put one of them out for bid we should put all three so at least if we have the three packages they will be in a better position to know what they are doing. He believes it deserves their scrutiny and thinks it is important for them to look at the bidding process to make sure we are not bidding personnel with computer hardware. He thinks that is the real issue.

Councilman Carrino suggested that we invite the principles involved to the special conference on Tuesday.

President Harris stated if it is an urgent matter he will call a special meeting to deal with this and would suggest that they give this some sort of in depth discussion before they move on this and it is not that he has anything against any contracts.

City Clerk D'Ascensio stated we are due to adopt the budget as submitted by the Mayor which contains this amount as anticipated revenue. If Council does not adopt this resolution then they are not adopting the Mayor's budget as introduced.

President Harris stated they recognize that and they are going to do something about his budget and they want to introduce this budget after this meeting is concluded. The question arises whether or not they are going to live with what he has anticipated. In view of the fact the anticipation is there, he will change his vote to the affirmative to anticipate those revenues for the time being just to permit them to introduce the budget.

Councilman Carrino said just for the sake of introducing the budget he will change his vote to the affirmative.

A motion to adopt the resolution was made by Councilman James, seconded by Councilman Tucker and declared adopted by President Harris by the following votes:

Councilman James said the issue is he is not really anti the passage of leasing this property. The individuals are already there, they are not paying rent. The City has never developed a mechanism to collect rents and they have somewhat been tardy in going into the courts. There is a bigger issue here. When the City begins to go in and takes 10 apartments out of 40 or 50, we then become landlords and he thought it was the position of this Council and this City not to become landlords. We are the largest landlord in the State of New Jersey. Just prior to this meeting they asked one question "when will they put 19 Lyons Avenue up for sale"? When will they put up 50 Milford, 225 Meeker Avenue. The failure to do this means the City assumes the full responsibility for maintaining these properties. If some of them would visit these buildings and see the housing code violations, the filth of these buildings. He is of the opinion that if the City takes rent money from a tenant then the City becomes responsible to maintain it in the same fashion as we obligate any other property owner to maintain their property. It is his concern that they should not become landlords

They should not go into the real estate business. They should be auctioning those properties off as quickly as possible as opposed to renting 10 apartments and being responsible for maintaining 80 apartments that only houses 50 people. We have no solution to the problem and he thinks they are going back into the real estate business.

Councilman Grant stated for the record this particular legislation that they just voted on, is not this the return of the authorization that this Body gave to the Office of Real Property to go out and solicit the bids? They went out and solicited the bids, now they have come back with the highest bidders.

City Clerk D'Ascensio replied that Resolution 7-R-bp, February 17, 1982 authorized the solicitation of bids for the leasing of these properties.

Councilman Carrino said he does not even question that. He thinks this is something they all wanted to have done over the past 5 years. His only problem is that this is something that is not even on the calendar. He doesn't know how much those leases were negotiated for, how much money those people are paying by the month. He has no qualms for voting on these things because it is something they demanded for a long time. At least they now will know who is in what apartment and what they are paying. His only problem is why did Real Property come up 1/2 hour before their Council meeting and want them to vote on something they know nothing about. That is the reason why he voted in the negative. He certainly thinks it was their responsibility to do this but hereafter these items should be on the calendar and they should have time to know who is paying what.

Councilman James felt it is important for them to collect rent monies and rather than have individual Council members at large support the wish of the Councilman from the South Ward, he will be more than happy to change his vote and support it because he believes the City should be in support of revenues. First of all the Supreme Court ruled that a tenant who was living in a building did not have to enter into a lease with the City if they were already in the building and hoped they had been apprised of the latest ruling that Assistant Business Administrator Banker has not brought to their attention. As Councilman Grant indicated it was very difficult to have individuals bid on an apartment. By the time you bid on an apartment the pipes could be gone, etc. The courts ruled if a tenant is living in a building they did not have to bid. There is another problem. We are sitting here approving leasing of a building and saying no one can live in an apartment until this Council passes a lease. He wants to know who is living at 715 Elizabeth Avenue? One of the most prestigious buildings in our neighborhood, the Reverend Cantrell who has relocated to Georgia, eventually lost by taxes. We have it up for sale in our auction bidding and we have people living there. We didn't pass any lease for anyone to be living in that building. He wants to know how the Office of Real Property moved someone in there. Reverend Cantrell's family is in that building. This whole lease arrangement is not working. Favorite sons and daughters are being allowed to go in buildings and other tenants are being harrassed to come before this Body for a lease. He thinks they ought to put their houses in order and he would like to ask this Body who is living at 725 Elizabeth Avenue that is occupied.

Councilman Martinez said for the sake of argument and recognizing his colleague from the South Ward he will withdraw his second and ask his colleague Councilman Grant perhaps he would withdraw his motion and put it off for two weeks to have more discussion on this matter.

Councilman Grant said he has no problem with doing that and the only difficulty with that is the persons who are the successful bidders, as long as we don't approve this then they are under no obligation to pay any kind of rent. We are already accusing them of not paying rent and all we are doing is extending time where they don't have to pay rent.

President Harris said he understood Councilman James to say initially, very few are paying rent. For us to discuss and get the records to verify whether the rents are being paid would certainly seem to him, if they are not paying rent now if we get the back-up material to substantiate the fact they are paying, in spite of what they are being told, then they can go along with it. It seems to him they should definitely hold it up until Tuesday.

March 3, 1982

President Harris directed the City Clerk to invite Business Administrator Hill, Assistant Business Administrator Banker, Corporation Counsel Teare and Office of Real Property Administrative Aide Lembo to meet with the Council at their special conference on Tuesday, March 9, 1982.

RESOLUTION APPROVING LEASING OF PREMISES 786 BROAD STREET, A/K/A 179 MARKET BLOCK 146, LOT 48, TO BRICK CHURCH FOODS, INC., HIGHEST RESPONSIBLE BIDDER, PER RESOLUTION 7-R-by, FEBRUARY 17, 1982, FOR PERIOD APRIL 1, 1982 TO MARCH 31, 1983; FURTHER AUTHORIZING BUSINESS ADMINISTRATOR TO EXECUTE SAID LEASE AGREEMENT ON BEHALF OF THE CITY OF NEWARK.

Councilman Grant requested the City Clerk to read for the record the names of the persons who submitted bids and the amount of the bids and the intended purpose for which they are going to use the City-owned property.

City Clerk D'Ascensio replied a resolution was adopted on February 17, 1982 listed the areas for which bids were to be solicited. The ground floor, minimum angle square foot rental of \$15., second floor, minimum rental of \$8. a square foot, third floor, minimum rental of \$8. On Schedule A it recites only one premise at \$18. per square foot submitted by Brick Church Food, Inc., highest responsible bidder accepting all of the conditions set forth in Resolution 7-R-by, February 17, 1982. Since there is nothing else attached, he assumes it was the only bid submitted.

Councilman Martinez said with all due respect to the gentlemen who are sitting here. Schedule A only has one straight line indicating block number, lot number, 786 Broad Street, a/k/a 179 Market Street, Brick Church Foods, Inc., annual rental \$18. per square foot. This tells us nothing. How can they intelligently vote on something like this. He would suggest this resolution be put on the next calendar and discuss this at the special conference.

Councilman Grant stated the information contained in Schedule A submitted by the Office of Real Property is no different from any submission made on commercial rented properties in the past. It is identical. What they did at their previous meeting was request permission from this Body to advertise for the solicitation of sealed bids. They advertised for the solicitation of sealed bids, bids were returned on March 1, 1982 and they have directed the Office of Real Property to send that information to the Council as soon thereafter after the bids had been opened. They did not get it here Monday afternoon or Tuesday, but brought in today. This is no different from any other Schedule that has come before this Council.

Councilman Martinez said he understands what his colleague is saying. Lets look at the total figure. On Meeker Avenue and the Lyons Avenue properties, at least we have a bid amount for the entire year, \$2,400. and \$3,900. Under the 786 Broad Street we have an annual rental bid of \$18. per square foot. How many square feet are involved? What is our annual rental in total?

City Clerk D'Ascensio replied the conditions state that. The conditions and terms are based upon Resolution 7-R-bi.

Councilman Carrino said all these questions are supposed to be answered at a pre-meeting and this comes up while we are having our meeting, all it does is cause controversy. We don't even know, in this case it happens there was only one bidder. If we vote on this and tomorrow somebody comes in and indicates they had a higher bid. We just don't get an opportunity to make sure everything is correct. This shouldn't be done during the Council meeting.

Councilman Grant said he doesn't think the Office of Real Property could in any valid manner come up tomorrow and say there was a higher bid. This is supposed to represent an official document coming from the Office of Real Property, signed off by the Business Administrator and also the Assistant Business Administrator. If they come up tomorrow with something different then that is their responsibility or irresponsibility. He thinks this document presented today indicates the highest bidder offered a bid of \$18. per square foot and any downtown Newark property is not

March 3, 1982

normally going for \$18. a foot, especially City-owned property. The property over on Lyons Avenue is domestic property or residential property.

Councilman Johnson said the Councilman from the East Ward has requested Councilmatic courtesy on this resolution and he seconds the move.

A motion to defer action on this resolution was made by Councilman Martinez, seconded by Councilman Johnson and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, James, Johnson, Martinez, Tucker, Villani, President Harris.  
No: Councilman Grant.

Newark, New Jersey, March 17, 1982

A regularly scheduled meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date, in the Council Chamber, City Hall, Newark, New Jersey at 8:25 P. M.

The audience arose for the National Anthem.

The prayer was offered by Reverend Ralph T. Grant, Jr.

President Harris called the meeting to order and asked for roll call.

Present: Councilmen Bottone, Carrino, Grant, James; Johnson, Martinez, Tucker, Villani, President Harris, City Clerk Frank D'Ascensio, Clerk of the Municipal Council; Lieutenant Leonard Kowalewski, Sergeant-at-Arms.

President Harris stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, and by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the agenda of this meeting was similarly disseminated on March 9, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

RESOLUTION SUPPORTING PASSAGE OF LEGISLATION FOR THE UPGRADING OF BENEFITS FOR EMPLOYEE MEMBERS OF EMPLOYEES' RETIREMENT SYSTEM OF THE CITY OF NEWARK.  
(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman Bottone

Councilman Carrino said this resolution is being sent to Trenton tomorrow morning on behalf of the Newark Municipal Council supporting the actions that have been taken by Mr. Krusch at his suggestions and as a result of the Actuary's figures. He wanted it known that the Mayor of the City of Newark, to his knowledge, is not sending down a supporting resolution. He advised that City employees might want to lobby either with the Mayor, Assemblymen and Senators to make sure this legislation gets passed.

Councilman Tucker said it was important to note that Council met with representatives of the Pension Commission, Mr. Krusch and the Actuary. It was our request that the figures originally developed approximately two years ago be updated to re-enforce the fact we are dealing with current figures. It was his opinion, as a Council representative to the Pension Commission and his colleagues are obviously in support of that position, that the points being raised that you should not be limited to the amount of pension you are in receipt of based upon a pre-set salary which was established not based on any particular effort but based on somebody's arbitrary judgement of approximately \$8,000. per year. He thinks in this time of high inflation, of the devaluation of exactly the amount of funds that you receive if a person retires, we as a City and he includes the Mayor, should look favorably on this recommendation. As a matter of record

March 17, 1982

March 17, 1982

the recommendation only indicates one factor. It means the employees who are making in excess of \$16,000. per year will not be limited. Our Pension Commission at this point has funds directly in it to cover not the new expenditures but the process whereby employees who wish to exercise an option have to pay an additional amount in order to be in receipt of a higher amount based on the pension. He believes this matter is going to be thoroughly discussed by the Members of the Senate and State Assembly. He said that the Members of the Council stand 100% behind the employees in their efforts to get the State Legislation amended to ensure that their pension will be equitable and not necessarily be held or judged under an arbitrary and capricious action.

The motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman Bottone and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

A motion to consider Resolution 7-R-cp at this time was made by President Harris, seconded by Councilman Carrino and declared adopted by President Harris by the following votes:

President Harris read the following resolution:

WHEREAS, the year 1982 marks the 20th Anniversary of the founding of the newspaper, "La Tribuna"; and

WHEREAS, throughout its publishing history, La Tribuna has offered its readers a bi-monthly newspaper which is stimulating, serious and thought-provoking with the news and information of the day, providing top quality journalism of the Hispanic community and those who share in these interests; and

WHEREAS, one of the most outstanding characteristics of La Tribuna has been its recognition of its own responsibilities to the public and the mature journalistic manner in which it has endeavored to present the news without bias or preconceptions; and

WHEREAS, the one quality which has made this country as great as it has become, is the diversity of racial, ethnic and religious heritages which exists among its people thus providing a richness of thought and custom which combine to form a new culture unique to the world and which is exemplified by the experience and positive social contributions of numerous ethnic entities such as La Tribuna.

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby extend its sincere congratulations to the staff of La Tribuna on the occasion of the 20th Anniversary of the newspaper's founding and does commend and recognize it for 2 decades of journalistic excellence made to the Greater Newark Community and extends best wishes for a future of success and prosperity.

March 17, 1982

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to La Tribuna's Founder and Publisher, Carlos Gabriel Bidot, in commemoration of this event.

President Harris on behalf of the Municipal Council presented a suitably inscribed resolution to Mr. Carlos Bidot and his wife.

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Councilman Grant read the following resolution:

WHEREAS, Nellie Grier, a long-time activist in the social and civic life of Newark is celebrating her 82nd birthday; and

WHEREAS, Mrs. Grier, throughout her years, has been in the forefront of countless projects and programs seeking to improve the social conditions of her fellow citizens, thus providing a better tomorrow for the children of today; and

WHEREAS, one of the major projects for which Mrs. Grier is best known is her role as Founder, Organizer and Director of the Emanuel Senior Citizens Day Care Center, which has served countless members of the community, both young and old, with a variety of culturally stimulating activities, thus stabilizing the community while creating a continuous flow of new programs and ideas; and

WHEREAS, perhaps most importantly, Mrs. Grier has, by deed and example, served as a model that all could respect and emulate and be witness to the success that one person can aspire to and achieve while seeking no more than to serve well her fellow men and women;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby extend its heartfelt congratulations to Mrs. Nellie Grier, on the occasion of her 82nd birthday, while recognizing her as one of the City's prime movers of positive social action which has made this City a better place in which to live, work and raise a family.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to Mrs. Nellie Grier in honor of this occasion, together with the Municipal Council's felicitations for a future filled with good health and prosperity.

March 17, 1982

Councilman Grant on behalf of the Members of the Council presented a suitably inscribed resolution to Ms. Nellie Grier and said he hoped God would bless her with long life and good health.

Ms. Grier said that as a rule she always gives honor to God for being here, for without Him we could not have made it thus far. She expressed her appreciation to Council for this honor and thanked everyone for this presentation. She said it has given her a longer lease on life.

A motion to consider Resolution 7-R-ct at this time was made by Councilman Carrino, seconded by Councilman James and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

7-R-ct.

RESOLUTION RECOGNIZING AND COMMENDING SECURITY OFFICERS HANK HART AND JAMES WARDEN OF NATION WIDE SECURITY FOR THEIR RESCUE OF RESIDENTS OF THE BURNING 3-STORY APARTMENT BUILDING AT THE RISK OF THEIR OWN LIVES.

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman James and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Councilman Carrino read the following resolution:

WHEREAS, while on patrol at the Villa Victoria Housing Development in the evening hours of February 16, 1982, Inspector Hank Hart was notified that residents had observed smoke and flames billowing from a near-by tenement building located on Cutler Street, in close proximity to Villa Victoria; and

WHEREAS, as Inspector Hart, now joined by Security Guard James Warden, proceeded to rouse the tenants in each apartment of the three-story structure, the fire continued to rage out of control, growing more dangerous at every moment; and

WHEREAS, within a very short time, Security Officers Hart and Warden had evacuated all three floors of the burning building without a single loss of human life; and

WHEREAS, these men remained calm in the face of great danger to their own lives and displayed extraordinary courage and valor thus reflecting great credit upon themselves and their employer, Nation Wide Security;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby recognize and commend Inspector Hank Hart and Security Guard James Warden for their meritorious actions and heroism in such a life threatening situation and that congratulations be extended to Nation Wide Security in recognition of the caliber of persons that they employ.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to Hank Hart and James Warden in commemoration of this event.

March 17, 1982

Councilman Carrino said that during the course of the year many things occur for which Newark citizens and Councilmen and Administration are not very proud but tonight is one where we can hold our heads up high and know that Newark has a heart and a soul aside from the many, many problems that we face. He said he has the pleasure of two presentations this evening, one concerning the body and one concerning the soul.

Councilman Carrino on behalf of the Members of the Municipal Council presented suitably inscribed resolutions to Inspector Hank Hart and Patrolman James Warden.

Councilman Carrino said this presentation is in regard to a fire that recently took place in an area not the responsibility of these two men and they selflessly went into the burning building and vacated three floors of tenants so that the total outcome was no one was seriously injured and there was no loss of life for something they did on their own.

A motion to consider Resolution 7-R-cu at this time was made by Councilman Carrino, seconded by President Harris and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

7-R-cu.

RESOLUTION BY THE NEWARK MUNICIPAL COUNCIL EXTENDING HEARTFELT CONGRATULATIONS TO NEWARK RESIDENT CHARLES DINSON, ON THE OCCASION OF THE CELEBRATION OF HIS 100TH BIRTHDAY.

A motion to adopt the resolution was made by Councilman Carrino, seconded by President Harris and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Councilman Carrino read the following resolution:

WHEREAS, the City of Newark is home to a goodly number of citizens who are distinguished in their own right for a variety of reasons and accomplishments and one such citizen is Mr. Charles Dinson, a long-time resident of Newark, who recently celebrated his 100th birthday; and

WHEREAS, Mr. Dinson's personal history is both long and colorful in that he began life on a Georgia farm, and later during his many years of adulthood, worked at such diverse occupations as owning a trucking business and earlier being a genuine, real-life cowboy in the Old Wild West of Arizona and New Mexico; and

WHEREAS, Mr. Dinson's history also includes heroic service fighting in France in World War I with the United States Army's 368th Infantry Division for which he received numerous medals and citations including the Purple Heart, earned in 1918 after he was captured and then wounded while escaping from a enemy firing squad; and

WHEREAS, in every area of his long life, Mr. Dinson has displayed a dedication to principals, integrity of character and zest for living that makes him a remarkable example of the indomitably aspect of the human spirit;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby express its sincere and heartfelt congratulations to Mr. Charles Dinson of this City, on the occasion of the celebration of his 100th birthday and extends to him every wish for health and prosperity in the future.

BE IT FURTHER RESOLVED THAT a copy of this Resolution suitably inscribed be presented to Mr. Charles Dinson in commemoration of this joyous event.

March 17, 1982

Councilman Carrino on behalf of the Members of the Council presented a suitably inscribed resolution to Mr. Charles Dinson and his wife.

Councilman Carrino said this is the soul of the presentation he was talking about. He said many of the people attending know Mr. Dinson personally. Mr. Dinson has attended many Council Meetings espousing the causes he believes in. Councilman Carrino noted that Mr. Dinson is very active in the North Ward but is also active in all of the City. Mr. Dinson is celebrating his 100th birthday and both he and his wife have joined the Council this evening to enjoy the celebration with us.

Mr. Dinson said it is a pleasure to be here tonight and thanks to the Good Lord he made it and he thinks the fighting has just begun. He introduced his wife and said they have been married for 64 years. He said when he was young he was told when you get something good hold on to it. He held on to life, a good wife and a good country. He advised the young people to wake up in the morning go to work and to stop complaining. He said the young should respect authority and that the flag of this country is important to us, that once you lose your freedom you are doomed. He advised that people select the people they want in office, cooperate with them and let them know what you want. He said we are a fighting Country and that is why we are the top Country in the world.

Mrs. Dinson said she is proud of her husband and always will be.

(Copy of ordinance and correspondence submitted to each Member of the Council)

(Ordinance tabled February 3, 1982)

(Ordinance removed from the table March 17, 1982)

A motion to adopt the ordinance on first reading was made by Councilman Carrino, seconded by Councilman Bottone

Councilman Carrino said he had received a call from N.E.D.C. requesting this ordinance be removed from the table because there was a developer interested in it. He said with the concurrence of Councilman Johnson, since it is on their boundary, he would like to put a condition on this. They would like to find out from the Housing Authority exactly what the developer intends to do with the property.

Councilman Johnson said this building has been an eyesore to the community for quite some time and the building has quite an impact on the community. At this point he would like to make sure that if N.E.D.C. or anyone else has any intention of doing something with that building, it must be advantageous to the Community. A few years ago N.E.D.C. sold a piece of property right next to this building and turned it into a junk yard, which Councilman Carrino and he are still trying to get removed. He wants to make sure there is some type of amendment there so that if it is not advantageous to upgrading the living standards in that community we can enter at the right time and take the right steps.

The motion to adopt the ordinance on first reading and directing the City Clerk to communicate with N.E.D.C. for information on the status of what the developer proposes to do with the building was made by Councilman Carrino, seconded by Councilman Bottone and declared adopted by Temporary President James by the following votes:

Yes: Councilmen Bottone, Carrino, Johnson, Martinez, Tucker, Villani, Temporary President James.

No: Councilman Grant.

Councilman Tucker requested that representatives of the Housing Authority be invited to the Municipal Council's Special Meeting March 23, 1982. He would like to highlight some points made by Councilman Johnson. One is the building itself and also the problem in dealing with the disposition of the bridge that nobody wants. The Housing Authority and the Railroad say they do not own it. Before we move this ordinance beyond first reading we should have the principals of Housing Authority meet with us and indicate what they intend to do.

Councilman Grant said the ordinance calls for the selling of this building inclusive of the land to the Housing Authority for a mere \$2,500. Anyone who knows the property in that area and the land value knows the Housing Authority is not going to turn around and sell that property to a prospective developer for \$2,500. It means the City of Newark is giving away a piece of land for \$2,500. even though a developer is coming in. He questioned why the City could not sell it directly to the developer. If the Housing Authority is going to sell this land for \$50,000. or \$100,000., why can't the City's Office of Real Property make that kind of transition themselves. It does not need an intermediary, as the Housing Authority, to do that.

Councilman Carrino said that Councilman Tucker and he have tried to take the redevelopment operation of the Housing Authority away from the Housing Authority for five years and we have not been able to get the support. Once we eliminate the redevelopment section of the Housing Authority and put it into the City of Newark where it belongs then we should and could do all of these things and not have the Housing Authority do it. All we have to do is take that authority away from them and do it ourselves.

Councilman Tucker said the reason a developer goes to the Housing Authority is based on the eligibility of the Fox Lance Tax Abatement and the reason they go there is because we have, in the past, given up that responsibility, so that if a developer wants to develop and get Fox Lance tax abatement, he can not come to us. He said it is important for the Housing Authority to meet with Council because this piece of property was sold to the Housing Authority about 10 years ago. This is just a reaffirmation of what took place 10 years ago. The Housing Authority, when the tenants complained about cleaning the property up, they said the City turned it over to them but the Housing Authority never accepted it. The Housing Authority did not have a developer or whatever the developer was at that time, they could not follow through, so rather than take the obligation of boarding up the building, maintaining the property they let it stay in limbo. This Council should look at the redevelopment plans and make sure we are not just turning over a piece of property that the Housing Authority is going to turn around and resell. We should be knowledgeable of what is going to happen to the land that is currently adjacent to that which is currently under lease now by the City of Newark. He does not know what the City of Newark is currently leasing that land for. He does not know if this parcel is cutting the current parcel in half or if the lease we currently have for the people to deal with, which is currently a towing yard, whether that lease is included within this ordinance or not. Clearly that lease pays the City of Newark a little bit more than what they are talking about here for the total cost of acquisition on that land. He said we should meet with the Housing Authority and not move this any further and have them come up with some answers, as he feels there is more involved than we are being made knowledgeable of.

Councilman Johnson said his vote could always be counted on to separate the Housing Authority. He said redevelopment should not be part of management of Public Housing. It is not that way in any other part of the Country. Secondly, as Chairman of the Tax Abatement Committee, you can be sure that anything that pops up at this point concerning this building and the land surrounding that building that concerns a possible tax abatement, it will get the upmost scrutiny.

March 17, 1982

Councilman Carrino said this building is an eyesore and if we do not get satisfactory answers from the Housing Authority by the next meeting we could certainly table it on second reading. If it is a good development, he suggested that Council not hold it up.

Councilman Tucker said with this adoption, the ordinance must be published, and then it will go to public hearing at the next meeting. He said he did not see how the City Clerk was going to advertise if we do not know at this point exactly what is totally embodied within this proposed sale.

A motion to reconsider this ordinance was made by Councilman Carrino, seconded by Councilman Johnson and declared adopted by Temporary President James by the following votes:

Councilman Carrino said this building has been empty for 15 years. We finally have something that is going to go in there, he does not know what yet, but he hopes this Council will take some action on it.

The motion to reconsider this ordinance was made by Councilman Carrino, seconded by Councilman Johnson and declared adopted by Temporary President James by the following votes;

Yes: Councilmen Bottone, Carrino, Grant, Johnson, Tucker, Temporary President James.

No: Councilmen Martinez, Villani.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE UPGRADING MEDICAL-SURGICAL BENEFITS FOR, AND GRANTING RIDER "J" AND MEDICAL-EMERGENCY RIDER BENEFITS TO ELIGIBLE RETIREES REPRESENTED BY THE FRATERNAL ORDER OF POLICE, NEWARK LODGE NO. 12, WHO HAVE NOT ATTAINED AGE 65, AND THEIR QUALIFIED DEPENDENTS; AND ESTABLISHING DENTAL BENEFITS FOR ELIGIBLE RETIREES REPRESENTED BY THE FRATERNAL ORDER OF POLICE, NEWARK LODGE NO. 12, WHO HAVE NOT ATTAINED AGE 70, AND THEIR QUALIFIED DEPENDENTS.

WHEREAS, as the result of an arbitrator's award arising from arbitration between the City of Newark, New Jersey, and the Fraternal Order of Police, Newark Lodge No. 12, the City is to provide eligible retirees represented by said union and their qualified dependents with certain health benefits.

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT:

Section 1. The City of Newark will provide eligible retirees represented by the Fraternal Order of Police, Newark Lodge No. 12, and their qualified dependents with the following health insurance coverage:

- (a) Blue Shield of New Jersey's 14/20 Medical-Surgical Plan or an equivalent plan or combination of plans, including Rider "J" and medical-emergency rider benefits, until such time as the retiree attains age sixty-five; said benefits are to be provided to retirees who retired on or after July 1, 1980, with twenty-five (25) years of uninterrupted service;
- (b) A dual-choice dental plan to be in effect until such time as the retirees attain age seventy (70); said benefits are to be provided to retirees who retired on or after January 1, 1981 with twenty-five (25) years of uninterrupted service.

Section 2. The plans for the benefits hereinabove set forth shall be effective March 1, 1982.

Section 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

March 17, 1982

Temporary President James called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Bottone, seconded by Councilman Grant and declared adopted by Temporary President James by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, Johnson, Martinez, Tucker, Villani, Temporary President James.

Temporary President James: The yeses are eight and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

A motion to permit Mr. Michael Karachun, Sr., to be heard under "Hearings Of Citizens" at this time was made by Councilman Tucker, seconded by Councilman Johnson and declared adopted by Temporary President James by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, Johnson, Martinez, Tucker, Villani, Temporary President James.

6-HC-a.

MR. MICHAEL KARACHUN, SR., 1 COURT STREET, COURT STREET TOWER APARTMENTS NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the traffic signal light at Broad, Walnut and Court Streets being too short to allow pedestrians to cross safely, the left turn from Broad Street to Court Street, but when the green arrow goes off for the left turn, the traffic continues to turn, creating a dangerous situation for all pedestrians; a No Turn on Red Sign on Court Street where he said cars turn on red anyway. He said this sign is approximately 39 feet from the crosswalk and should be moved so the traffic could pay more attention to it. He also noted that across the Street from the Federal Building is a bus stop and the traffic makes a right turn in the bus lane when they have a red signal. He suggested that a sign should be hung underneath the traffic signal that reads "NO TURN RIGHT AT ALL ON RED". He also requested that between the hours of 7:00 to 9:00 and 4:00 to 6:00 a patrol car be there to control traffic.

Councilman Martinez said several months ago a group of senior citizens indicated the same problem to this Council and a recommendation and the reports from the speakers were submitted to Traffic Engineer Ceballos, who indicated the light changed every sixty seconds. He said he changed it to every ninety seconds. Several weeks later another group of seniors came to this meeting and commended the Council for their quick action. He said that a year ago he submitted a resolution to the Director of Engineering indicating that the "No Turn on Red" signs are irregular. We requested all signs be placed in the same manner throughout the City of Newark. That recommendation was made to the State and to the City of Newark and they are working on that particular issue. He suggested that Mr. Karachun's remarks be forwarded to Traffic Engineer Ceballos. He questioned whether the traffic light had been reversed from ninety to sixty seconds. He indicated the State of New Jersey did a survey and they stated there was sufficient time for persons to walk across the street.

Councilman Martinez said Councilman Johnson indicated he crossed that street and he almost got hit by the light. He said that all of Mr. Karachun's concerns should be addressed to the proper authorities and that his request for a patrol car would probably not be addressed by the Police Director. He said all of Mr. Karachun's concerns would be submitted to the proper authorities but if something was not done in two weeks, then he suggested Mr. Karachun contact him or any of the Councilmen so that something can be done as quickly as possible.

Temporary President James directed the City Clerk to forward Mr. Karachun's remarks to Traffic Engineer Ceballos and Engineering Director Zach and Police Director Williams for their attention and corrective action.

AN ORDINANCE AUTHORIZING THE DIRECTOR OF THE DEPARTMENT OF HEALTH AND WELFARE TO ENTER INTO A LEASE AGREEMENT ON BEHALF OF THE CITY OF NEWARK, WITH THE NORTH JERSEY COMMUNITY UNION SUB-LETTING PROPERTY LOCATED AT THE INTERSECTION OF LUDLOW STREET AND SERVICE ROAD IN THE KRETCHMER HOMES, IN THE CITY OF NEWARK, NEW JERSEY. CONTRACT TO SUB-LET SAID PROPERTY FOR TERM OF ONE (1) YEAR, COMMENCING APRIL 1, 1982, AND ENDING MARCH 31, 1983, AT A RENTAL OF \$1.00 PER YEAR.

March 17, 1982

007

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY.

Section 1. The Director of the Department of Health and Welfare is hereby authorized to enter into a sub-lease agreement on behalf of the City of Newark with the North Jersey Community Union to provide ambulatory health care to Newark residents for a one year term commencing April 1, 1982 to March 31, 1983 at the rental fee of \$1.00.

Section 2. The Director of Health and Welfare is hereby authorized to sublet land and building owned by the Housing Authority. Said land and building is approximately 30,000 sq. ft. located at 101 Ludlow Street at its intersection with service road at the Kretchmer Housing Project, Block Number 3764, Lot 1. The Department of Health and Welfare is presently leasing said property from the Housing Authority for a period of 50 years beginning April 1, 1974 and ending April 1, 2024.

Section 3. The Director of Health and Welfare is hereby authorized to sublet unto the North Jersey Community Union the equipment in the building owned by the City of Newark. A list of the equipment is attached hereto.

Section 4. The public purpose served by the sub-lessee is to provide health care to Newark residents.

Section 5. The Director of Health and Welfare is the employee responsible for the enforcement of the conditions of the sub-lease.

Section 6. North Jersey Community Union shall submit an annual report to the Director of the Department of Health and Welfare setting out the use to which the leasehold was put during each year, the activities the sub-lessee has undertaken in furtherance of the public purpose for which the leasehold was granted; the approximate value or cost, if any, of such activities in furtherance of such purpose, and an affirmation of the continued tax-exempt status of the non profit corporation pursuant to both State and Federal Law.

Section 7. The lease agreement between the City of Newark and the Housing Authority of Newark is attached hereto.

Section 8. A copy of the letter from Emil Nardachone, General Counsel, Housing Authority granting the City of Newark to sublet said land and building is attached hereto.

Section 9. A duly executed copy of the written final sub-lease agreement shall be permanently filed with the Ordinance in the Newark City Clerk's Office upon passage of this Ordinance, by the Director of the Department of Health and Welfare.

Section 10. This Ordinance shall take effect upon passage and publication, and in accordance with the laws of the State of New Jersey.

HEARINGS OF CITIZENS.

6-HC-a. MR. MICHAEL KARACHEN, 1 COURT STREET, NEWARK, NEW JERSEY. (See page 16 of the Minutes of this meeting)

6-HC-b. MR. FRANK FERRUGGIA, 433 SOUTH 14TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to a Special Fund being created for monies collected from owners of properties that were demolished. He said the monies are going into the General Fund and can be used for anything. He said that Councilman Johnson had promised that he would propose this special fund. They wanted this fund so that properties could be rehabilitated. He said this fund is legal. He invited the Council to attend several meetings where the Candidates in the forthcoming Municipal Election would debate major issues.

6 HC-c. MS. DOROTHY RODRIGUEZ, 118-16th AVENUE, NEWARK, NEW JERSEY.

6-HC-d. MR. DONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY.

6-HC-e. MS. LOUISE WHITEHEAD, 318 SOUTH 7TH STREET, NEWARK, NEW JERSEY.

All of the above citizens addressed the Municipal Council with respect to the Special Fund that was supposed to be created for the monies collected from demolition of properties. They felt this money was going to go to rehabilitating properties. Several citizens raised questions on what the solution for stopping crime could be, and said no one was safe not even young children going to school.

Councilman Johnson said he is glad the Attorney created for that position is functioning. He said he had made a commitment that he would explore the possibilities of that fund and check the legality of that. He thinks that at this time with the consideration of the budget and other things, that which is important takes a different priority level. He said the question of a special fund is one that you will have to propose to each individual candidate when you have that particular candidate's night.

Councilman Martinez said that any candidate can make promises, but then you get down to whether it is legal or illegal. He said he did not think the Law Department had given a definition of "Can you demolish buildings, can you take those dollars from liens and put them into a specialized fund." It was asked of Judge Teare a month ago and no answer was given to that. No one can tell you we can use those dollars and do what you want to do with them. Maybe someone else wants to do something else with it. There are a lot of usable areas for those dollars, but until we receive a legal definition, for anyone to say we can do it for you, would be totally false.

Councilman Johnson said that a request was submitted in writing to the Law Department as to legality, but we have not yet received an answer.

Councilman Johnson said in regard to crime in the communities that each of the Ward Councilmen have received 500 units of Hi-Sodium Street Lighting and are waiting for Public Service to install them. He said that this Council has been pro-policemen and he suggested that the citizens stopped coming before this Council, who have put \$1 million into the budget for police, and go across the hall to the Mayor's office and make Mayor Gibson aware of what could happen on May 11th if he doesn't respond to the wishes of the citizens.

Councilman Tucker said he would like to say the hiring of additional police would solve the crime problem but he said that is not going to resolve crime. He said we must face a hard kind of reality of looking at the total picture which is not nice, simple or concise. We have to make the citizens mindful of what our limits are. We can not resolve 40 to approximately 55% unemployment in our community. That is a national phenomena. We cannot resolve what the Prosecutor

March 17, 1982

is currently doing and the Prosecutor is basically dealing with what the Judges are doing and the Judges are responding to the actual size of the prisons, so instead of people who are locked up staying in jail, what is currently taking place is they are plea bargaining people out of jail. Prosecutors downgrade cases. We do not control the criminal justice system of Essex County or the State of New Jersey, but we can as a Council move affirmatively to try to make sure the Governor builds additional prisons, lobby with Congressional and United States Senatorial representatives indicate we must have a Youth Employment Program for our young people. He would like to say that within this budget we are going to deal with all the police that we are going to need within the City of Newark, but he thinks we have to be fair and say we are going to have constraints on us. Those restraints are a diminishing amount of Federal funds and it means taxpayers are going to have to say what the taxpayers are willing to bear. We will also have to say what services we can eliminate within this economic crisis to say that if we hire additional police let us lay off someone else. He said the problem of crime within the City of Newark is not a simple one and he said they would, as they have in the past, do everything in their power about doing that, but he does not think they should allow people to operate under the assumption that we can change the world. He said they would be appropriating additional money to add more police, but it will still not meet the needs people have in the City of Newark. As long as young people and adults are unemployed we will have crime within the City of Newark and that is a hard reality we do not like to face but it will not go away from us. The problem of crime is just not police alone.

Councilman Carrino said he wondered if Coalition Six had written a letter to the Mayor about the things such as the \$18 million in uncollected tickets, since that is an administrative function. He said he still disagrees that the Attorney's salary has been paid. He said eight years ago there were four attorneys carrying on the business of the entire City. Now the City of Newark has 21 lawyers carrying out less business than the City had before. He said if the Law Department were being run properly one of the lawyers who is presently on could have done the same thing that a new lawyer is doing. He said it is not \$2,400. salary, it is \$24,000. salary the Lawyer is getting. He said going by Mr. Ferrugia's rationale if we have collected \$9,000. from these liens, that is not half of that lawyer's pay. He was concerned about how often the organization communicates to the Mayor of the City of Newark these concerns and he wondered if the organization followed up and sent letters to the Administration addressing the concerns they spoke to Council about so that those people who are responsible for the operation of the City are aware of what you are talking about.

Councilman Johnson said we have met with many entities of Administration trying to get that to happen but it is not one of the things within our power or realm. He said he had made a commitment based on the legality and based on the fact he has eight colleagues who also have to look at certain things concerning the fund. He did not say that they did not have time to deal with your concerns at this point. He said this Council is engaged at present in putting together their first legal obligation, the City Budget. We are also looking at H.C.D.A. and that is another major concern your organization has brought to his office as a priority. He said they will push forth to make this happen. He will contact the Law Department and get an answer if it is available, but as it was mentioned earlier things have a tendency to get lost between the second and third floor.

Councilman Carrino said that in 1978 Administration came to this Council and told us there was \$12 million in tickets due to the City of Newark and they needed people to process those tickets in order to collect the money. They told this Council they wanted 17 people and they would clear up the ticket problem. We put the 17 people on and now \$18 million is due us and the 17 people were just let go last year. We spent 3 years with 17 more people in the Municipal Courts and we lost collection of \$6 million. They told us they wanted to collect the money and we put the people on and now we have more money owed us.

March 17, 1982

Councilman Johnson said he has not changed his concerns about the special fund, but unfortunately it is not as simplistic to have this made a reality as it is for us to want this particular thing to be a reality. He said he is working on it and it is still one of his major concerns. He said he would try by next meeting to have a resolution of this in some form.

6-HC-f.

MRS. ARLENE HENRY, 603 ELIZABETH AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to 19 Lyons Avenue. She wanted to know what the bidding process meant to the tenants already residing in that building. She also questioned the need for security for that building even though it had under 75 units and also the need for a superintendent even though the tenants had been advised there would be none available. She also asked for an explanation of the resolution asking for a Rent Collection System.

Councilman James said that by a State Law which was just passed and also a Supreme Court ruling it is indicated that a tenant residing in a building would not be subject to the bidding, but if someone wanted to move into a City-owned building, then they would have to submit a bid for the monthly rent.

Councilman Grant said the lease is usually for a period of one year.

Councilman James said the Office of Real Property is responsible for the collection of rents once they indicate to the tenants that they are residing in a City-owned building that their rent monies must be paid by check or money order. Those monies once collected by the Office of Real Property are turned into the Municipal Treasurer.

Temporary President James said he had given a memo to Mrs. Henry from Mr. Lembo. Temporary President James said the statement on the collection of rents has not been borne out by our Office of Real Property. He called attention to a paragraph that said a total check of the rent rolls of 19 Lyons Avenue reveal all the tenants that appeared before the Municipal Council were in arrears in their payment of rents.

Temporary President James said this Council is asking that security be provided for 75 units. If no security is being provided at 19 Lyons, there is no one here who can tell you that the City is going to hire additional security persons for that building. He said that looking at figures that have been brought to their attention, the cash flow right now at 19 Lyons Avenue and other buildings, are at such a deficit, that we are seriously considering these buildings should be sold as quickly as possible and then perhaps with full rent rolls the question of security could be answered by 1) they fall within the requirements of the City Ordinance or 2) if security is a problem then it could be incorporated in the rents collected to provide special police officers in that facility.

Councilman Tucker said Mr. Lembo's letter addresses the fact about the tenants not paying rent. That is a hard reality. His concern is that when they met with the tenants they asked for the hiring of a superintendent to manage the building and he does not believe the letter from Armand Lembo clearly indicates they have no intention of doing that. That is the issue we as the Council need to address. He thinks we need to get an answer from Mr. Lembo, or more specifically get an answer from the Law Department, indicating what prevents them from getting a superintendent as he is not of the opinion they cannot hire a superintendent. We can not do any more except insist that those services be provided the same as we require for any other apartment unit in the City of Newark. We should find out why a superintendent cannot be hired for that apartment.

Temporary President James said he concurs with Councilman Tucker remarks. Since the tenants of 19 Lyons Avenue appeared before this Council last time, he has been advised at a Special Meeting, this Council passed a resolution calling for the collection of rents. They took this building over in September, 1981,

RESOLUTION APPROVING LEASING OF PREMISES 786 BROAD STREET, AKA 179 MARKET STREET, BLOCK 146, LOT 48, TO BRICK CHURCH FOODS, INC., HIGHEST RESPONSIBLE BIDDER, PER RESOLUTION 7-R-by, FEBRUARY 17, 1982, FOR PERIOD APRIL 1, 1982 TO MARCH 31, 1983; FURTHER AUTHORIZING BUSINESS ADMINISTRATOR TO EXECUTE SAID LEASE AGREEMENT ON BEHALF OF THE CITY OF NEWARK.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Grant, seconded by Temporary President James and failed of adoption by the following votes:

Yes: Councilman Grant, Temporary President James.

No: Councilmen Martinez, Villani.

Not Voting: Councilmen Bottone, Carrino, Johnson, Tucker.

Councilman Martinez said he thought the reason was not that the person is not the responsible bidder, but what occurred in this particular case is the City itself did not submit any particular specifications. There were certain discrepancies and he believes that Brick Church Foods, Inc. was the responsible bidder, but he thinks the City faulted in this particular case and it should be rebid. There is no question in his mind that Brick Church Foods, Inc., would probably be the most responsible bidder again. He thinks the City itself and the Real Estate Commission, not only in this case but in other cases, must set down examples and certain specifications that are not confusing. He said last week when we went to vote on the 786 Broad Street issue on Brick Church Foods, Inc., it said \$18. per square foot, they certainly were the highest bid, but it did not indicate the amount of footage. In a letter submitted by the Attorney for Brick Church Foods, Inc., indicated 1200 feet, the Office of Real Property points out 1842 feet, a Mr. King, who made an objection that Brick Church Foods, Inc., did not have a legal seal which really holds no water. Pizza King who also bid under Brick Church Foods, Inc. made another objection because of the specified amount of footage that was involved. He said with all due respect to the Council they should have Corporation Counsel Teare and Assistant Business Administrator Banker set up specifications. Assistant Business Administrator Banker said there is approximately 30,000 feet that was to be leased out. He did not know what 1800 feet were taken, if the 1800 feet would obstruct someone else coming in to bid for the other 2200 feet.

A motion to return the resolution to Administration was made by Councilman Martinez, seconded by Councilman Johnson.

Councilman Tucker said he believed we should meet with the Corporation Counsel on this matter. If we send this resolution back it will be a legal matter and inevitably go back to Court. His concern is we should get advice from the Corporation Counsel. We are talking about a fight between two legal firms as to the specifications on the bid and you are also talking about the feasibility of liability on the City because the City was not clear in moving on this matter. Rather than send it back let the Corporation Counsel advise us on this matter and then we will know what we can do.

Councilman Martinez said he concurs with Councilman Tucker that a legal opinion should come from the Corporation Counsel on whether it should be approved in the manner so indicated, or should be rebid or rejected.

Councilmen Martinez and Johnson withdrew their motion to return this resolution to Administration.

A motion to defer action on the resolution was made by Councilman Carrino, seconded by Councilman Tucker

March 17, 1982

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Bottone.

Councilman Martinez said we should go back to what Administration did a few years ago. They went to the UPAR Program and they solicited millions of dollars to rehab certain recreational programs and centers within the City of Newark, such as Wilson Avenue Bath House, Ironbound Recreation Center, Morris Avenue Pool. The cry has been to rehabilitate most of these centers throughout the City of Newark. Administration sent all of the money back. Now we have before us another application for \$2,175,000. with certain recreational centers involved, which allegedly are from the State. He believes it is a political game the Administration is playing because it is election time to the public. When Administration sent back those dollars it was indicated they did not have the proper personnel or they could not maintain those facilities. Now they tell us to accept this money because now they can do it. They have laid off more men since then in the Department of Recreation and Parks, more personnel in General Services and now appears the money. The cry is still to rehabilitate Wilson Avenue Bath House. That item has not been addressed. Yet they want to rehabilitate Hayes Park East which has been a hindrance to the Community residents, to the business community in that area, because most of the people who use Hayes Park East Pool are not community residents. They virtually have run out the people of the community from using the pool. He will not be a part of bringing in another \$1 million for Hayes Park East Pool so that people who do not live in Newark can utilize it. He requested that the \$1 million from Hayes Park East Pool be removed and perhaps be put in another area of either the East Ward or the City of Newark.

City Clerk read the three projects being proposed were the Brunswick Murray Park, Ironbound Recreation and Hayes Park East Pool.

Councilman Johnson said he concurred with Councilman Martinez that we did send back millions of dollars based on the fact that the Mayor said we did not have the proper staff to maintain certain projects. Now they are coming up with this project for much less money.

Councilman Martinez said the motion should be to accept the application with the dollars, removing the site Hayes Park East Pool.

Temporary President James said he did not know if we can say they can make the application and say we want the dollars but that we are deleting a site in the proposal. The receipt of the money might necessitate that you actually spell out a documented site. He said the proper procedure would be to defer this matter and meet with the principals to spell it out as opposed to the Council taking an administrative decision at this time.

Councilman Bottone said at the pre-meeting conference the principals involved agreed they would take that particular site out and it would not jeopardize the total amount of dollars and they would put in another site at another time.

City Clerk D'Ascensio said this afternoon a substitute resolution was submitted deleting Hayes Park East as was directed by the Municipal Council.

Councilman Martinez said that perhaps what we were considering is not proper and that it should be left on the Calendar and discussed at the pre-meeting.

A motion to reconsider this resolution was made by Councilman Martinez, seconded by Councilman Bottone and declared adopted by Temporary President James by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, Johnson, Martinez, Tucker, Villani, Temporary President James.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to defer action on the resolution was made by Councilman Bottone, seconded by Councilman Johnson

Councilman Bottone said this is a late starter and he did not have enough time to look into this. He said there are some particulars in there that he does not agree with. He said they are moving the North Precinct from Orange Street to 1 Lincoln Avenue and the reason the Mayor gave for this particular move was it would bring under one roof agencies or fringe areas of the Police Department for economy purposes. With this the City is going to be leasing property out from Newark Housing. He wanted to know where the economy of this move is. He said he would like to reject or table this resolution at this time. He cannot see the rationale where on one hand they consolidate the Police Department because of economy purposes and then they lease property. He believes it is a political move. He said at this time he does not want to see the North Precinct leave completely from Orange Street for another area.

Councilman Johnson said he understands they are going to take one of the buildings they are presently using and set up cells at one of the housing projects on the first floor. He said it was not compatible to get off an elevator and look at a jail cell in your building. He would like to look at all the details involved

Councilman Carrino said that 116-128 Lincoln Avenue and 29-37 Lincoln Avenue are empty lots that the Housing Authority own that they are going to park City vehicles in as an addendum to 1 Lincoln Avenue so that the cars and trucks do not have to be parked on the street.

March 17, 1982

Councilman Bottone said that he is not giving up a precinct. He said they took part of it and if they cannot park their cars then they won't take the rest of it.

Councilman Carrino said the West District on 17th Avenue is located in the Central Ward, the North District on Orange Street is located in the West Ward, the North Ward has no precinct. With all due respect to his colleague he hopes they do not get into any kind of a problem.

Councilman Bottone said at forums held last week in the West Ward people asked what was happening, the Police Department did not give any definite answers on what was happening. Anybody that called was given vague not direct answers. He said the Council is calling Housing in on the Borden Building and he would question them at the same time what they are doing here and would like a direct answer from the Police Department what their complete plan for the precinct is, not only in the West Ward, but throughout the City.

The motion to defer action on this resolution was made by Councilman Bottone, seconded by Councilman Johnson and declared adopted by Temporary President James by the following votes:

Yes: Councilman Bottone, Grant, Johnson, Martinez, Tucker, Villani, Temporary President James.

No: Councilman Carrino.

RESOLUTION AUTHORIZING THE SOLICITATION OF SEALED BIDS FOR LEASING OF CITY-OWNED PROPERTY KNOWN AS 75-79 JONES STREET, BLOCK 239, LOT 26, AND 547 ORANGE STREET, BLOCK 1904, LOT 7, NEWARK, IN THE OFFICE OF REAL PROPERTY, 786 BROAD STREET, NEWARK, AT 11:00 A.M., APRIL 5, 1982; PURSUANT TO N.J.S.A. 40A:12-13(a), AND AUTHORIZING ADVERTISING AND SETTING THE RETURN DATE FOR ACCEPTANCE OF FINAL BIDS FOR LEASING OF SAME UNDER SPECIFIED CONDITIONS. (New Community Corporation)

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilwoman Villani, seconded by Councilman Grant

Councilman Bottone asked if this property was part of New Community. as there is a Senior Citizen Project going up there and he wanted to know if this was needed for the continuation of this project. Is this part of the complex being built.

Carrino said one of the prerequisites we had yesterday at the pre-conference meeting was that we closed the calendar and discussed everything we had to discuss. These were never discussed because they were not received by the Clerk's Office. Now we are asking the Clerk's Staff to start responding to questions on documents they have not had an opportunity to look over.

Councilman Johnson said he respects Councilwoman Villani's concern but it is located in the Central Ward and he would like to look it over. He would ask his colleague to pull back on this.

Councilman Carrino asked Temporary President James if there could be no discussion on all the added starters.

Temporary President James said there is a motion on the floor.

Councilman Grant said that we should honor all late starters or none at all.

Councilwoman Villani and Councilman Grant withdrew their motions.

Temporary President James said is it the intention of Council to deal with these late starters or defer all of them.

Councilman Tucker said if there is no motion on it they just automatically go to the next agenda. His concern is the one that deals with the Urban Aid. That is something that we need to debate. It deals with the insertion in the 1982 budget.

March 17, 1982

031

Councilman Grant said relative to the New Community Corporation, and like all of The Council he has not had the opportunity to read the accompanying information but normally the history has been with the New Community Corporation that they are always dealing with a time schedule with the Housing Finance Agency in acquiring land. He asked that someone check that and that is a matter of importance. If it is then we need to act on it, if it isn't then it should be deferred.

Councilman Johnson said normally when New Community Corporation puts forth a project in line with the kind of project they have done before it also has to come in for tax abatement. He has yet to be contacted as to whether or not they are applying at this point. He would assume that that time frame question is not any great problem.

RESOLUTION RECOGNIZING AND COMMENDING NEWARK POLICE OFFICERS MARTIN GOLDMAN AND JOSEPH MAURIELLO FOR THEIR HEROIC ACTIONS ON MARCH 5, 1982.

Councilman Martinez read the following resolution:

April 7, 1982

251

WHEREAS, on the evening of March 5, 1982, Newark Police Officers Martin Goldman and Joseph Mauriello, while on motor patrol, responded to a 'Burglary In Progress' report; and

WHEREAS, as they approached the scene, a vehicle drove rapidly away from them at a very high rate of speed whereupon they gave chase until the fleeing vehicle crashed, came to rest and the occupant fled on foot; and

WHEREAS, now pursuing the suspect by foot, the officers were fired upon several times but refrained from using their weapons out of concern for numerous civilians that were in the immediate area; and

WHEREAS, upon finally catching and subduing the suspect, the officers found 3 high-powered weapons in his possession and said suspect was later found to be on the New Jersey State Police's 12-Most Wanted List since 1978 and also on the FBI's Most Wanted Fugitive List;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby recognize and commend Officers Goldman and Mauriello for their apprehension of a suspect purported to be one of the most wanted criminals in the United States, doing so at great risk to their own lives while under hostile fire and using tremendous restraint and presence of mind out of concern for the safety of Newark's citizens.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to Newark Police Officers Martin Goldman and Joseph Mauriello in commemoration of their heroic and meritorious actions.

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Harris and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, Villani, President Harris.

Absent During Roll Call: Councilman Johnson.

#### ORDINANCES AND HEARINGS OF CITIZENS.

##### ORDINANCES ON FIRST READING.

President Harris called for ordinances on first reading.

6-F-a.

The City Clerk read AN ORDINANCE APPROVING THE SALE OF PREMISES COMMONLY KNOWN AS 55 NESBITT STREET AND 221-249 ORANGE STREET, BLOCK 2861, LOTS 34, 37 AND 38, TO HOUSING AUTHORITY OF THE CITY OF NEWARK, PURSUANT TO THE PROVISIONS OF N.J.S.A. 40A:12-13 (b) (1). (\$2,500.)

(Copy of ordinance and correspondence submitted to each Member of the Council)

(Ordinance tabled February 3, 1982)

(Ordinance removed from the table March 17, 1982)

A motion to adopt the ordinance on first reading was made by Councilman Carrino, seconded by Councilman Bottone.

Councilman Tucker said when they discussed this matter at the pre-meeting conference he had indicated that the Housing Authority had not contacted the tenants and since that time he has contacted Mrs. Flora Ford, tenant President and Mr. Oscar Stafford who is active in the Senior unit. Both of these individuals indicated and put on the record at the pre-meeting conference that they have not been made privy to the plans that the Housing Authority are actually planning in development of that area and requested Council not act on this matter. The Housing Authority at that time indicated they had talked with them. We are talking about approving something that the people in the neighborhood have no knowledge of and that the Housing Authority and the developer are ignoring them.

President Harris asked if this information has been made available to the other Members of the Council.

Councilman Carrino said that is not totally true. The developer and the Housing Authority made mention that they were going to meet with them. Councilman Johnson asked us to vote on this with the stipulation that the people would meet with the Housing Authority and the developer.

Councilman Tucker said he has not heard from the residents of the area that they have been consulted and he believes the residents talked directly with this Council indicating they have not been consulted.

President Harris said that when this ordinance is on second reading and final passage they can make a final determination whether in fact the people who set the policy or administer the policy at the Housing Authority, if they do not see fit to sit with the tenants, then they can have some other recourse.

The motion to adopt the ordinance on first reading was declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Villani, President Harris.

Section 1. That the premises commonly known as 267-289 18th Avenue, Parcels 24, 25, and 30 of Block 2570, Lots 23, 27 and 36 of Block 2571, part of Lot 1, Block 2572 and Block 2574 on the official Tax Map of the City of Newark are needed for public purposes.

Section 2. That the above described land is presently under development, and was a part of the original HUD - Open Space Program.

Section 3. A provision of the contract with HUD indicates that the City must own the land on which the park is developed.

Section 4. Said land is presently owned by the Newark Redevelopment and Housing Authority.

Section 5. That the property that comprises R-32 Park be purchased by the City of Newark from the Newark Redevelopment and Housing Authority for the sum of \$296,780.00 pursuant to the provision of N.J.S.A. 40A:12-5(a)(1).

Section 6. Funds for the project have been provided for in the 1981 Capital Budget -- Project Number 4781, Fund 45, Department 75, Agency 81, Account 147; Certification of Funds attached.

April 7, 1982

Section 7. That the Director of Finance be authorized to pay said amount to the Newark Housing Authority for the above described premises after the City's Corporation Counsel has approved the deed.

Section 8. That a copy of the executed deed shall be placed on file in the Office of the City Clerk and the original be recorded in the Essex County Registrar's Office.

Section 9. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Harris called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY, questioned the Municipal Council with respect to "for the purpose of establishing ownership" within the title of said ordinance.

Chief Analyst Polster replied that the ordinance before the Council will permit the title to the property to go from the Housing Authority to the City of Newark.

City Clerk D'Ascensio noted that one of the requirements is that the title must be in the name of the City in order to make the funds available for its development.

Councilman Tucker said that we are talking specifically about a park. The Housing Authority acquired the land, put it directly together and went through a joint process to rehabilitate the land and now we are talking about a park. A City park that is going to be turned back to the City Administration. What we are doing now is taking custody of the land.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Grant, seconded by Councilman Tucker and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, Villani, President Harris.

Absent During Roll Call: Councilman Johnson.

President Harris: The yeses are eight, the noes are none and one absent during roll call. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

MR. CHRIS LOREN TAYLOR, 197 DICKERSON STREET, NEWARK, NEW JERSEY, said he was the New Jersey State Coordinator for the alliance of Guardian Angel and has been in Newark for approximately 1 year. They have attempted for some time to set up some type of working relationship directly with the City of Newark inside the Police Department. The present Administration, namely, Mayor Gibson, has been closing door after door, no matter what the Angels attempt to do. He hoped the Council could draw up a resolution asking the Mayor to talk to the Guardian Angels.

President Harris said this Council cannot make Mayor Gibson talk to anyone. They will arrange a meeting with the speaker wherein he will have an opportunity to talk to the Council. They will be more than happy to meet with him and other members of the Angels to discuss the mutual problem.

President Harris directed the City Clerk to communicate with the Guardian Angels and invite them to meet with the Council at their special conference April 13, 1982.

MS. ANN STEWART, 114 SOUTH 12TH STREET, NEWARK, NEW JERSEY.

The above speakers addressed the Municipal Council with respect to the contemplation of moving the North District Precinct to 1 Lincoln Avenue. The speakers felt that the moving of the precinct would create a very grave situation for the merchants, schools, churches, the children and especially senior citizens who will be occupying a new senior citizens building that is near completion on Bathgate and Orange Streets. The speakers pointed out that Administration did not see fit to conduct any public hearings or advertise the movement prior to their deciding that the precinct should be moved.

The speakers urged the Council to leave the North District Precinct in its present location.

President Harris requested the City Clerk's Staff to check and see whether there has been any sort of expenditures made without authorization of this Body.

Councilman Carrino said the implementation of a precinct on Broadway and Lincoln Avenue has nothing to do with him as far as he is concerned with the elimination of the precinct on Orange Street. He for one does not believe the precinct on Orange Street should be eliminated. He is starting to see things that he does not like in this whole issue. What is happening is that Administration of the City of Newark is attempting to pit the citizens of the West Ward against the citizens of the North Ward. He does not think that is good politically and doesn't think that is good socially. He has been fighting for a precinct in the North Ward for eight years. He is not about to sacrifice a precinct in the West Ward for a new precinct in the North Ward. He is happy that there is a possibility that they might get a precinct on Broadway, but he is not in favor of eliminating the precinct on Orange Street. He has written letters to Administration expressing that view and said let's not get pulled into what he thinks Administration is trying to have them do, to have two different people from two different wards fighting with each other. Certainly they are entitled to a precinct in the North Ward and the West Ward is equally entitled to a precinct and since the boundaries have been changed the West Ward does not have a precinct. He thinks they are all fighting together with the fact that they acknowledge that they need one in the North Ward but they do not want to see one eliminated in the West Ward.

Councilman Bottone thanked the speakers from the West Ward, especially those from the Roseville area for being here today. What Councilman Carrino said is very gratifying to hear. Chief of Staff Zinnerford Smith is present in the audience and knows the feelings that have been expressed here with respect to closing of that facility. He knows the feelings that he has about this facility and should not be closed. He believes it is a false economy. He thinks it was wrong the way they brought it about. Certainly the community was not told the truth and he thinks the truth is starting to come out now. As the Councilman from the North Ward would like a facility, they don't begrudge him, but they don't want to see it happen at the expense of the people in the Roseville or West Ward. He said he requested from Mr. Banker the expenditure this move would cost. They don't even know how much it is going to cost, so how can they even vote or entertain such a thought. They don't know how much the North Ward Precinct will cost to run. He will continue to support the North District precinct not closing and he is sure

279  
April 7, 1982

the decision is not going to be made right now and that precinct will not close. He can understand there are five facilities in the Police Department that are supposed to go under one roof. He can understand the economy, but if the economy is going to be false economy, then he doesn't understand. It is not going to be done at the expense of some citizens for other citizens. He thinks police protection should be in all areas for all people, not to be cut or centralized at this time. What he is trying to say as someone mentioned, there are monies already allocated, that is not so, there have been no monies allocated for such a move. He would suggest that four of the five agencies they intend to put in the North precinct be moved there for economy but the North Precinct remain where it is at and to function where it is at and if it is not at that particular facility, he means that agency, but at least put some kind of police in that agency so that area which is just starting to see daylight, just starting to get on its feet, does not lose the most important thing it needs and that is police security provided by this building.

Councilman James said he would like to commend both Councilmen Bottone and Carrino for at least trying to address a very difficult problem. Certainly if they move to relocate the precinct in the North Ward they can accommodate one population, but at the same time they lose another population and all of them know the hardships presently being experienced in the Roseville area. He would hope that when they reach the resolution, he is not sure how the whole Council will vote on the measure, the real concern is that they do need reorganization in the Police Department. They have existed with the wrong nomenclature - there are only two wards that actually have a precinct. South Ward has a precinct and East Ward has a precinct, but the North Ward precinct is located in the West Ward and the West Ward precinct is located in the Central Ward, so in essence the Central Ward is without a precinct. He thinks the real issue is the reorganization that will satisfy all of our communities and all of our neighborhoods that are crying out for increased police protection. He thinks that they should be mindful of the Dayton area, although the East Ward has a precinct, the Dayton area is rather unique. The reason we have the Guardian Angels in Newark is simply those who live in the Dayton area feel they are left out. You can commit a crime and you can stand in Weequahic Park and you can monitor when and if ever the police will respond because if they respond from our precinct in the South Ward on West Bigelow Street and if you commit a crime on Frelinghuysen Avenue, 961 and you have to wait until they respond from West Bigelow Street and there is only two ways you can reach that area - Meeker, Frelinghuysen or through Weequahic Park - they are left out, so he hoped that we accept the challenge of providing the North Ward with increased police protection and we look at the Dayton area and we look at a whole plan that would satisfy the hue and cry for more effective police protection for all citizens in the City of Newark.

Councilman Carrino said unfortunately the main problems and the main concern has been put on the back burner in regard to two physical buildings located wherever they may be. The fact remains that the City of Newark has gone from 1,300 policemen down to 850 and no matter where the buildings are going to be located in the end results we are still not going to have enough police protection to cover the citizens of the City of Newark. If the precinct were located on Central Avenue or on Orange Street or on Park Avenue or on Bloomfield Avenue and the total commitment of police officers being 11 or 12 cars a night were out, nobody would really be concerned where the buildings were physically located. Since we only have two or three police cars out at night the concern of where the building is actually located becomes the key issue, but everyone should not be deluded in the fact that the precinct location should not become the main issue in this problem. The main issue is a lack of 450 police officers in the streets and until the City of Newark remedies that problem where the precinct is going to be is important to those people who are immediately surrounding that area. Until 450 new people are put back into the streets, the physical location of the precinct is not going to solve our crime problem. Certainly, Councilman Bottone and himself are going to try to do everything they can to solve the problem and if God spares and if everyone is willing we will have two precincts, one on Orange Street and one on Broadway. But instead of having three police cars out there, we are going to have 1½ a piece and that is still not going to solve the problem of people getting robbed, murdered and mugged. So until we address the main problem, he thinks all of this becomes

April 7, 1982

a subterfuge and a clouded issue so that we can take the heat off of what the main problem in the City of Newark is.

President Harris stated that this is the major problem in the City of Newark today. The problem is monumental. The fact that this Body saw fit last year to include in the Operating Budget of the City of Newark \$1.6 million which was a sufficient amount of dollars that would have entitled the residents of the City of Newark, had the Mayor seen fit to use the \$1.6 million, that was sufficient amount of dollars to provide 100 more foot patrolmen to the residents of the City of Newark. To date has seen fit not to use one dime of those dollars and the citizens need to address that question themselves directly to the man who has that sort of responsibility. Secondly, he conceived an idea some time ago to create the Housing police force for the residents of public housing. It was his thinking at the time to provide 150 officers to be stationed and provide services of protecting lives of unfortunate victims who live in public housing. We were not able to get the 150 number. We reached an agreement in the Council Conference Room and the Council and the Mayor that the number would be reduced because of the dollars coming from the Federal sources to 100, then after reaching that sort of agreement, the application submitted to the Federal authority and the number was later lowered to the number of 60 policemen. Then they heard this nonsense about Neighborhood Strategy areas. Every person whether they live on the island out there, near the Elizabeth line, or in public housing, or they live up there in Archbishop Walsh, every person who lives in public housing, not only in public housing, but in particular with these 150 policemen, they are entitled to protection. One housing project should not be favored over another one, all are residents of the City and all lives are valuable. Then we move to another phase of this nonsense. Sometime ago there was an agreement between the Chamber of Commerce and the local officials, the Mayor of the City of Newark and the Police Director of the City of Newark, relative to a study determining whether the City of Newark is making the best utilization of its manpower in its police force. The dollars for this study would have been absorbed by the Chamber of Commerce. This is a study that is long overdue because we do not know the people who hold the responsibility in terms of seeing to it that this government functions do not know without such a study just where we are at. They know we are short of manpower. There is no question about it. We have raised those questions many times, but questions needed to be asked how many more men, etc., etc. There was an agreement reached between the people who make the decisions, the Mayor of the City of Newark and the Police Director, about the study. The Police Director evidently saw fit and he suggested it to the Mayor that the study not be made and the Mayor had a change of heart, changed his mind so far as the study. If he was here saying he did not change his mind he would have to tell him he is telling a lie. He changed his mind, so there is no study. Then we need to move on to another area of this business about protecting lives of the residents of the City of Newark. They know today the residents of the City of Newark that they have less people protecting their lives than they had seven or eight years ago in terms of the number of men established in the table of organization in the Police Department. With crime being what it is out there, they know full well that they do not need a reduced number of police officers, but that they need more policemen and they need not only a precinct in the West Ward, but they need many precincts throughout the City of Newark so that the people will have some accessibility to the institution that is protecting their lives. Someone raised a question today relative to this resolution. He wants to make it very clear that he is going to be adamantly opposed to this resolution permitting them to go out for bids and again requested the City Clerk for information on how they have spent, if they have spent a dollar without authorization from this Body and how can they spend a dollar and get the Corporation Counsel down here and let him answer to us if they spend money without authorization.

President Harris directed the City Clerk to forward verbatim remarks made by speakers with respect to the proposed closing of the North District from Orange Street to Lincoln Avenue to the Mayor.

6-HC-h.

MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to citizens bringing complaints to the Council of unsatisfactory conditions which in their opinion are due to failure or inadequacy of municipal services. He said Council advises them that the responsibility in the area of their complaint lies in the Administrative part of City Government, headed by the Mayor, that the Council no matter how much it agrees

with the complaint it does not have the means or authority to act on it. At times the Council has stated they would make contact and advise of the citizen's complaint and ask that something be done. In spite of their denial of responsibility this assurance leaves the citizens with the feeling he has complained to the right authority and if nothing happens they are to blame. He suggested that when these complaints of non-feasance and misfeasance comes to the Council, they write a letter to the Mayor detailing the complaint, requesting a report and an indication of what action will be taken. The speaker also suggested that a copy of this letter be sent to the complainant so that he may have in his hands evidence supporting the Council's statement regarding responsibilities. If this procedure is followed consistently citizens will gradually learn who is responsible for the operation of the City Government, and that is the Mayor.

President Harris said he can testify to the fact that the City Clerk's Office has written to the Mayor and he would venture to say they have a great deal of unanswered correspondence.

President Harris directed the City Clerk to have every correspondence in his files that are unanswered emanating from the City Council to the Mayor about problems affecting the lives of the residents of this City made public so that the citizens will know that we have followed up. For the years he has been on this Council, one of his complaints deals with Broad and Market Streets. Cars turn at the four corners. He has complained for eight years that signs need to be changed and there is a need for a patrolman to be seen doing something about protecting the lives of the residents. Nothing has been done.

MR. DONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY, said he is Chairman of Coalition Six and was in receipt of a letter and verbatim transcript of remarks made at the March 17, 1982 meeting by Mr. Kenneth Lewis of the Chamber of Commerce. He said Mr. Lewis took Coalition Six to task for asking for special legislation that money collected in demolition liens be put into a special fund. He said Mr. Lewis is not as well advised as the Council should be. He said if they want legislation passed they must go to the Council and what they want is legislation passed. They have talked to the people on the second floor. They have requested that Mr. Lewis meet with them and that if the remarks made at the March 17th meeting were approved by the Chamber of Commerce or whether they were his own personal remarks.

6-HC-j.

MS. THELMA FLEMING, 341 13TH AVENUE, NEWARK, NEW JERSEY, said she is on the Board of Coalition Six. She indicated that they are disappointed that the ordinance is not before the Council today dealing with the special fund. The Coalition wants the special fund created for housing. They have received the support of the Ironbound Community Centers, Tri-City and other community groups. They are now asking the Council's support.

A motion to permit Mr. Nathaniel Pettiford and Ms. Estelle Johnson to be heard under "Hearings of Citizens" was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

6-HC-k.

MR. NATHANIEL PETTIFORD, PRESIDENT OF KRETCHMER HOMES TENANTS ASSOCIATION, 386 DAYTON STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to no heat at the Kretchmer Homes. He informed the Council they have not had any heat for the past four days. They have called the Housing Authority and have not received any answers. The Housing Authority does not want to talk to them. He pleaded that something be done before a death occurs, since 3 young children were burned from steam that was supposed to be going into the apartments but is going into a hole outside.

President Harris asked if Executive Director Buck, Newark Housing Authority was going to be at the meeting scheduled for today. He said he thinks this problem is of the magnitude that the Star Ledger should let the people know what is happening

April 7, 1982

to those people at Kretchmer Homes.

President Harris stated for the record that the dollars the City Council is holding up that belongs to the Housing Authority are dollars they designated for Administration's salaries, so when he lied to the residents of public housing and tried to hide behind the fact those dollars for salaries are being held up, that is not the reason. They are derelict in their responsibilities. He asked that the representative from the Star Ledger highlight the predicament in the housing unit.

Councilman Tucker stated it has reached a point where they have moved, in at least from the Dayton Area, from the ridiculous to the sublime. He had opportunity to look at the boiler rooms and contacted the Housing Authority in regard to the problem. He said the situation has reached a crisis stage because one of the boilers has stopped operation. They cannot generate enough steam. What the Housing Authority is doing right now is putting steam from one side of the project, heating in that part for approximately two hours, then closing the boiler down turning the heat to the other side of the project and hearing that for approximately two hours. In talking with the boiler people there, it becomes very clear they cannot keep doing that. There is another point which specifically deals with modernization money. The Housing Authority asked for modernization money to repair and overhaul the boilers. As Mr. Pettiford and the other tenants reported to him what has taken place is that the Housing Authority has used those monies that were appropriated to rehabilitate the boilers to use in other projects. The problem is at this point the Housing Authority is now indicating that after they have robbed Peter to pay Paul they have to do a major overhaul on that whole boiler and heating system. The Chief Engineer indicated today that the reason they cannot fix the steam that has scalded a number of kids, and it is coming out of a big hole in the ground that they must cut the whole heating system off in order for them to fix the pipe and get some kind of coupling. He said it is getting to a point where it is absolutely ridiculous and the tenants are feeling it. The Housing Authority plays games. Mr. Blue indicated this morning that all the boilers were working. Then he spoke to the new Director and he indicated they only have three but the three will be able to suffice. Then you talk to the Chief Engineer and he indicates out of the three boilers, they are scared to turn one on because they know it is horrible. We have to do something in regard to that situation. We do not have the responsibility, but that is not the issue. It is getting to a point that tenants have no heat whatsoever and when they consistently shift from one side of the project to another, there is going to be an explosion. Children have been hurt in the hole where the steam is at, there is not even a fence around it, which gives you an idea of whether they really care. They have to move affirmatively on this and the issue is to at least get that boiler working.

Councilman James said he appreciates Councilman Tucker's concerns but he is also mindful that Councilman Grant went once before to various public housing units and he too brought facts and all of them have been out there. He said we are not able to solve the problem here. They know the problems but they are not being resolved. He hoped that the meeting the President is talking about becomes a reality. They have those Administrators who are in a position to bring out a solution to the problem be in attendance and we charge them with that responsibility. If that is not possible, rather than them discussing this for three hours and not being able to achieve anything, he would suggest to Council and Administrators go to the various locations and make an on the spot inspection and report right from there. If they continue to talk about the problem in the Council Chamber where it does not transcend to resolve anything. They should have the people who are responsible here and then if it does not work with them being here, let them go to the problem itself with the various Administrators.

Councilman James stated for the record that if Executive Director Buck could have a \$30,000. secretary, then they ought to be able to find some mechanics and some other people who can do the job.

April 7, 1982

Councilman Martinez said he believed there was a meeting scheduled for 3:30 P. M. with the Housing Authority, HUD and the Mayor's people. Mr. Pettiford and the other tenants from Dayton Street would be welcomed to this meeting to give their first hand view.

President Harris stated this meeting under the Statutes is an open meeting. It will take place in the Council Conference Room. They have sent for all the principals involved.

Councilman Tucker said Assistant Business Administrator Banker is present in the audience. He said he heard today the allegation the reason the boilers cannot be fixed is because Council has not appropriated monies. He said he wants it put to rest that at least the money has been appropriated that is currently under Council's jurisdiction is the HUD/CDA monies and has nothing to do with the modernization money. He asked Assistant Business Administrator Banker to clarify that point, so they do not get jammed into a political game.

Assistant Business Administrator Banker replied as Councilman Tucker indicated the only monies that at this time have not been duly contracted and paid to the Housing Authority between the City and the Housing Authority are dollars relating to the Administration of the Housing Authority, particularly that part of their Administration dealing with the completion of the Urban Renewal Program and dealing with the Administration of the Community Development Block Grant Program. No dollars affecting the public housing administration side nor the operation of public housing are before the Council and being held up. They are only talking about dollars for Administration so there is no question of the funding, whatever funding would have to be available is already in the purview of the Newark Housing Authority.

President Harris stated for the record that Assistant Business Administrator Banker stated this Body under no circumstances is holding up any dollars of modernization money. The dollars they are holding up deals with Administration dollars, dollars for salaries. He said let us get it very clear in our minds that somebody is lying.

6-HC-1.

MS. ESTELLE JOHNSON, 314 DAYTON STREET, APARTMENT 1-D, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to having these problems for about 4 years or longer. She said there is no heat, no hot water all year from the time it became cold until the present time. Children must sleep in their clothes. There are no windows, all broken, stoves broken, ice on the floors from wall breaks. The place is run down. The incinerator has been backed up since Thanksgiving and there are no garbage bags. The hallways are filthy. If there is no money to fix it, then they should take the tenants and put them somewhere where they can live decently.

Councilman Grant asked if anyone had been out there to repair the boilers as he was assured by the representatives at the Housing Authority and they assured him someone was out there at the moment doing some repair on the boilers. He said there were three boilers in question, two were running and the third one was being repaired. He asked if it was factual or just a message given to him.

Ms. Johnson said she believed it was a message because what they do is just take heat from another building and shift it.

Councilman Johnson said his office will keep in contact until some kind of satisfaction is reached. His people have been there and can attest to the fact that it is cold.

Councilman Tucker said he was told the same thing. They told him there were four boilers going. When he went there and looked at it he could best describe it by saying they have 2½ boilers going. He said without the fourth, they cannot get whatever pressure they need and that is why they shift it and that is what is busting the pipes. It appears to him by looking at the hole with the steam coming out, they are heating more of the outside then the inside. They have to do something and it is not a matter of just talking with Mr. Buck or Mr. Blue. They have to fix those boilers and if they keep saying they can't fix the boiler until we give them money they are just playing games with the Council and the tenants.

President Harris questioned if the City Health Inspectors were charged with the responsibility in seeing if the Housing Authority adheres to the law as well as private landlords?

City Clerk D'Ascensio replied the ordinance applies to the Housing Authority for the maintenance of heat.

President Harris directed the City Clerk to contact Mr. McGinley, Director of Inspections to be present at the 3:30 P. M. meeting.

Councilman Bottone said this again is in reference to the North Precinct and if they at this time do not table, Administration still has a chance of getting this land to park their police vehicles and they will still take them out of the North Precinct. The reason he is asking to table this resolution so that it coincides with the other until Administration can give to the Council in writing the statement they are not going to close the North Precinct, he would hope that some of the

April 7, 1982

979

Members of the Council reconsider their vote and table this resolution because they can still move the cars over to the North Precinct that they intend to do and then the North Precinct that is on Orange Street will still close.

Councilman Carrino said this has nothing to do with the moving of the North District. There is now the Youth Aid Bureau, the Traffic Division, two other City Departments, the PAL and one of the Detective Squads. There is no parking for any of those personnel in that area. This has nothing to do with the precinct being moved but the fact that two adjoining lots to that building are owned by the Housing Authority and they want to use those two pieces of property for parking for the people who are in that building.

Councilman Bottone stated that before Administration made any move they should have consulted and at this time he doesn't want to give Administration the leverage they might be looking for. If they have any confidence in the community, then they will come forth immediately saying they will not close the North Precinct then they can have this property.

Councilman Carrino said with all due respect to Councilman Bottone, there is absolutely nothing in this resolution that mentions the West Ward, or anything moving from the West Ward. This is physically and totally in the North Ward, has nothing to do with the moving of the West Ward District and this completely involves the North Ward and the operation of an operation in the North Ward that his colleagues vote for this.

Councilman Bottone said he disagrees with Councilman Carrino. This move was supposed to be an economy move and at this time he still does not know how much it is going to cost to move, how much it cost to keep the North Precinct. He would like to know what the figures are before he does anything.

Councilman Carrino said maybe he is speaking Chinese. He reiterated this has nothing to do with what is contemplated but what is there right now. If you go to the corner of Lincoln Avenue and Broadway, there are cars parked in the Boys Club lot, in front of a school, which prohibits parking on Arlington Avenue the Arlington Avenue School which is for special students, has problems in on-loading and loading of students because personnel who are presently on Lincoln Avenue have no place to park.

Councilman Carrino again reiterated this has nothing to do with the movement of the North District but to have parking areas for the people that are physically there and respectfully requested his colleagues to go along with this to alleviate a traffic problem that they have in that area right now.

Councilman Bottone said this might be the edge they want to have Administration do what they want. There is nothing saying they will not move ahead with this properties but it might at least give Administration the incentive or inertia to move ahead quickly with their statement that they will not move the North Precinct.

Councilman Carrino said he will state it one more time. He has a problem in his Ward right now that is causing a traffic problem for a school for handicapped children that is causing a problem for the Boys Club of the City of Newark and has nothing to do with the movement of the North District from Orange Street to Broadway.

Councilman Tucker asked whether they can defer this resolution and have a meeting directly with the Police Director and representatives of the Housing Authority to make sure, they don't want to be voting against anything for handicapped children and he doesn't believe he is going to put his name down to vote on the removal of that precinct. He does think we should defer and get clarification and if they feel they want to affirmatively move on it, they can do so at the next meeting.

Councilman Carrino said this resolution was on the last calendar and that information was brought to the Council on what this was needed for. Not for any precinct but on what is happening there now. You are telling him to live with the condition over there for another two weeks and he doesn't think that is fair. This information was brought up for the March meeting on why they need these two pieces of property. This has nothing to do with the project

April 7, 1982

~~the precinct~~, nothing to do with the movement of the precinct. To eliminate a problem being faced by his Ward by the people that live there, going to school, who attend the Boys Club. This was already brought to the attention of the Council.

Councilman Bottone said it is not his fault that Administration does not know what they are doing and it is not his fault that they make moves and then they don't know how to correct them. His job is to do what he has to do.

Councilman Carrino said he does not think that is true. This has nothing to do with the West Ward. This has to do with the North Ward.

A motion to adopt the resolution was made by Councilman Carrino.

There was no second to the motion.

A motion to defer action on this resolution was made by Councilman Tucker, seconded by Councilman Grant.

Councilman Carrino said he believes it involves who has the biggest number of people here and he will make sure at the next meeting that he will do the same.

Councilman Bottone said he doesn't believe it has anything to do with who is the loudest. He thinks what they should do at the next pre-meeting is to make sure the Police Director is there and someone from the Mayor's Office is there so they can show a position on what they are going to do and from that point we will know rationally what should be done.

Councilman Martinez said it seems Administration is accomplishing what they want to do.

Councilman Carrino said he is going on record supporting Councilman Bottone that they do not move the precinct from Orange Street but he reiterated that this particular resolution has nothing to do with that. It has to do with the three consolidations that have already been made and it is a present problem in his Ward and will not be resolved whether or not they move the precinct from Orange Street but is happening right now in his Ward and he is asking them to solve that problem. 5 people don't want to help him with an existing problem that does not have anything to do with the West Ward, the people in the West Ward or the precinct in the West Ward which he is totally against moving. Why these people are being penalized for something he is supporting in the West Ward right now is beyond him and he can't understand why we are mixing apples with oranges.

The motion to defer action on this resolution and direct the City Clerk to invite Business Administrator Hill, Assistant Business Administrator Banker, Director of General Services Toma, Chief of Staff Smith, Office of the Mayor and Acting Director of Redevelopment Chranewycz, Newark Housing and Redevelopment to meet with the Council at their special conference April 13, 1982 was declared adopted by President Harris by the following votes:

RESOLUTION APPOINTING DAVID MORTON, A SPECIAL POLICEMAN FOR THE YEAR ENDING DECEMBER 31, 1982.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution and directing the City Clerk to place in the minutes the following letter to Chief of Police Zizza:

Mr. Charles Zizza  
Chief of Police  
Police Department  
31 Green Street  
Newark, N.J.

Dear Chief Zizza

April 7, 1982

At its regular meeting of April 7, 1982, the Newark Municipal Council adopted a "RESOLUTION APPOINTING DAVID MORTON, A SPECIAL POLICEMAN FOR THE YEAR ENDING DECEMBER 31, 1982". A certified copy of this Resolution is attached hereto for your information.

In this connection, the Council directed me to inform you and Mr. Morton that the Council fully expects Mr. Morton, subsequent to his appointment, to comply with any reasonable Administrative procedures and requirements set forth by the Chief of Police regarding Mr. Morton's Special Police appointment. This would include Mr. Morton undergoing tests or evaluations that the Police Chief might require while Mr. Morton is working as a Special Policeman. The Council further expects to receive from the Chief of Police regular reports concerning Mr. Morton's job performance and assumes that the Chief will keep the Municipal Council fully informed of any matter which may evolve concerning Mr. Morton's past or present behavior on or off the job which would effect his status as a Special Policeman.

Very truly yours

*Frank D. Luccini*  
City Clerk

cc: The Members of the Municipal Council  
Hon. John J. Teare, Corporation Counsel  
Mr. David Morton

was made by Councilman Johnson, seconded by President Harris.

Assistant Corporation Counsel Scola said it was his understanding that Mr. Morton was rejected by the Chief of Police.

President Harris said he does not know if that is the correct word. He thinks the recommendation from the Chief of Police may have been an adverse recommendation. There is something pending, if he is not mistaken.

Councilman Martinez pointed out there was an agreement with the Chief that he would rehire subject to certain conditions and that there is also pending indictment on Mr. Morton and if he is convicted on the pending indictment he will be immediately terminated.

Assistant Corporation Counsel Scola questioned whether they had a letter from the Chief to that effect. Unless the Chief recommends appointments, it is the opinion of the Law Department the Council has no jurisdiction of appointing. The statute dealing with Special Policeman specifically states that unless the Chief of Police recommends the appointment of the particular Special Police Officer.

President Harris said he differs with his opinion because they appointed Mr. Morton, if he is not mistaken, over the recommendation of the Police Director and the Chief of Police the last time. It is within the purview of their powers to appoint Special Officers. It is not the responsibility of the Police Department to appoint Special Policemen. They have the powers to investigate the backgrounds of the individuals who are applying for said positions. They will accept their recommendations and in many instances go along with it. It is incumbent upon this Body to make determination whether they want to appoint someone and not follow the orders the Chief of Police or the Police Director.

Assistant Corporation Counsel Scola said he believes the statute states on recommendation of the Chief of Police. If the Chief doesn't make the recommendation, he doesn't believe this Body has the power to appoint someone over the Chief's objection but if the Chief has conditionally approved it, then it lends a different light.

Councilman Grant said in view of the fact that he represents the Corporation Counsel's Office, he asked if he had that State Statute he was referring to. What is happening now he is giving the Council the benefit of his recollection.

Assistant Corporation Counsel Scola replied he is giving the benefit of his knowledge of the statute.

The motion to adopt the resolution was declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Absent During Roll Call: Councilman Carrino.

7-R-bh.      RESOLUTION RECOGNIZING AND COMMENDING QUEST/CATHOLIC YOUTH ORGANIZATION  
(A.S.)      (CYO) PROGRAMS FOR SERVICE TO THE YOUTH OF NEWARK.

Councilman Tucker mentioned there were many positive things about the youth in the City of Newark. He said the Quest Program deals with young people in the City and the contributions they have made to meet the challenges and demands set by themselves and their environment. He mentioned that April 25th through April 30th was Quest/CYO Youth Programs Appreciation Week throughout the City of Newark.

Councilman Tucker read the following resolution:

WHEREAS, the young people of Newark need and deserve creative and educationally sound, values-oriented youth programs which develop and enhance their ability to meet the challenges and demands set by themselves and their environment; and

WHEREAS, the Quest/CYO youth program has proved itself successful and deeply committed to serving the academic and cultural needs of Newark's youth through several related projects which focus on goals such as intellectual awareness, cultural enlightenment, spiritual development and social responsibility; and

April 21, 1982

WHEREAS, these goals have been accomplished through Quest projects such as its Career Guidance Field Experience, the Community Vibrations Radio Show, the NIA Project Community Theater and the Soul-Within-Us Sermon Series; and

WHEREAS, throughout its 12 years of existence, Quest has proven itself to be among the areas most successful youth organizations and worthy of official recognition by the citizens of Newark;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby recognize and commend the Quest/CYO Youth Programs for outstanding and meritorious service to the young men and women of this community and declares April 25th through April 30th, 1982 to be "Quest/CYO Youth Programs Appreciation Week" throughout the City of Newark.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to the appropriate officials of Quest in honor of this occasion.

(Councilman Johnson arrived at this time)

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Harris and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, President Harris.

Absent During Roll Call: Councilwoman Villani.

Miss Joyce Carter, a member of Quest thanked the Council on behalf of all the members. She said they are all most appreciative for the declaration presented to them by the Council.

A motion to consider Resolution 7-R-bj at this time was made by Councilman Bottone, seconded by Councilman Johnson and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, President Harris.

Absent During Roll Call: Councilwoman Villani.

7-R-bj. RESOLUTION RECOGNIZING AND COMMENDING DAVID E. DELORENZI AND EVERETT J.  
(A.S.) JENNINGS FOR MERITORIOUS SERVICE TO THE NEWARK COMMUNITY.

A motion to adopt the resolution was made by Councilman Bottone, seconded by Councilman Johnson and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, President Harris.

Absent During Roll Call: Councilwoman Villani.

Councilman Bottone read the following resolution:

WHEREAS, on the afternoon of March 18, 1982, David E. DeLorenzi, a senior at St. Benedict's Prep and a native and life-time resident of Newark was passing the City Museum, when he was confronted by a hysterical woman carrying an infant that had stopped breathing; and

WHEREAS, as David, who is a Eagle Scout, began to clear the child's breathing passage and administer artificial respiration, Mr. Everett J. Jennings, who had leaped from his passing car upon seeing the incident, ran into the flow of traffic and flagged down a police vehicle on patrol; and

WHEREAS, both individuals then further assisted the police in rushing the infant to a nearby hospital while calming the mother and thus by their first aid, according to the attending physician, most assuredly saved the infant's life; and

WHEREAS, by their actions, David and Everett displayed the highest degree of care and concern that one human being can show towards another without regard for their own safety or welfare;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby recognize David and Everett for extraordinary and meritorious performance in saving the life of a 2-year old infant girl and commend them for their poise, cool-headedness and positive, swift response in a life threatening situation where many lesser individuals might have panicked and lost control of the situation.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to David E. DeLorenzi and Everett J. Jennings in honor of this occasion.

(Councilwoman Villani arrived at this time)

Mr. DeLorenzi thanked the Council for the award, thanked Mr. Jennings for being there at the right time; and thanked his Mom, Sister and the Lord.

Mr. Jennings thanked the Council for the acknowledgment. He said it was God's will for Mr. DeLorenzi and himself to be there at the right moment. He also wanted to acknowledge the other people who helped; the doctor, the policeman and another woman who arrived on the scene at the right moment.

April 21, 1982

ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Harris called for ordinances on public hearing, second reading and final passage.

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE APPROVING THE SALE OF PREMISES COMMONLY KNOWN AS 55 NESBITT STREET AND 221-249 ORANGE STREET, BLOCK 2861, LOTS 34, 37 AND 38, TO HOUSING AUTHORITY OF THE CITY OF NEWARK, PURSUANT TO THE PROVISIONS OF N.J.S.A. 40A:12-13 (b) (1). (\$2,500.)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That the premises commonly known as 55 Nesbitt Street and 221-249 Orange Street, Newark, New Jersey, Block 2861, Lot 34, 37 and 38, on the Official Tax Map and Tax Duplicate (year 1982) of the City of Newark, New Jersey is not needed for public purposes by the City of Newark.

Section 2. That the premises commonly known as 55 Nesbitt Street and 221-249 Orange Street, Newark, New Jersey, Block 2861, Lot 34, 37 and 38, be sold to the Housing Authority of the City of Newark, a body corporate and politic, by private sale for the amount of \$2,500.00 pursuant to the provisions of N.J.S.A. 40A:12-13 (b) (1).

Section 3. That the Director of Finance be authorized to execute a Bargain and Sale Deed for the above described premises, same to be approved by the Corporation Counsel and attested and acknowledged by the City Clerk.

Section 4. That a copy of the executed deed shall be placed on file in the Office of the City Clerk and in the Law Department.

Section 5. This Ordinance shall take effect upon publication and passage according to law.

Councilman Johnson said the Housing Authority was supposed to have met with members of the community, as of now they have not met.

Councilman Carrino stated the developer of the building met with Mrs. Ford twice. He mentioned the building has been there for about fifteen years; and it is now a rat infested area.

Councilman Johnson expressed he wanted that "eyesore" removed.

Councilman Tucker indicated it would be difficult for the developer to meet with Mrs. Ford since her husband just passed away. He said Mr. Stafford came before the Council; Mrs. Ford said she had not. The Housing Authority does not have any respect for the community; the community does not know what is happening with the actual planning in development.

Councilman Carrino said he made a statement before indicating that Mrs. Ford had met with the developer. He said the people on Baxter Terrace want to get the "rat infested" building out of the area. Someone should get all parties together and come up with a solution.

President Harris directed City Clerk D'Ascensio to contact Mr. Elton Hill, Hon. John Teare, Mr. Alfred Faiella, Mr. George Chranewycz and representatives from Baxter Terrace; and invite them to the Special Conference, April 27, 1982.

President Harris called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and table this ordinance was made by Councilman Johnson, seconded by Councilman Tucker and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

#### HEARINGS OF CITIZENS.

6-HC-a.

MR. RICHARD DOWLING, 166 ELWOOD AVENUE, NEWARK, NEW JERSEY, assured the residents of the West Ward that the people of the North Ward have no wish to move the West District Police Station to the North Ward. He said the people of the North Ward want their police station back, which was taken from them when crime was not so bad. The police are understaffed and all the related crimes go unchecked and unpunished. He said the police station was located in the building on Grafton Avenue and Broadway and at that location, it would do the most good. The citizens are in need of the Orange Street Station and Lincoln Avenue Station because this means both communities will have the proper police protection.

Mr. Dowling offered an apology to City Clerk D'Ascensio, who scolded him about Father Washington's Statue.

Councilman Bottone said the statue has belonged to St. Rose of Lima Church for the past two years; and last year the parade committee for the St. Patrick's Day Parade tried to steal the statue and bring it up to Seton Hall. He went on to say he and Father Lender prevented that. He added when buildings were demolished on Orange Street, a legal battle developed because two women died in the demolition. He said the statue is "earmarked" to be moved to the site of the St. Rose of Lima Church or the new Senior Citizen Complex; and it will be cleaned and taken care of for all time.

April 21, 1982

6-HC-b. MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, expressed his concerns about various levels of government.

6-HC-c. MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY, appeared at the request and by the direction of the Executive Committee of the North Ward Property Owners Protective Association regarding the proposed relocation of the North Police Precinct.

He said he realized that a police precinct is designed and determined on an area and population basis, not necessarily by ward boundaries. However, a study of the map of Newark shows the North Police District Precinct was spread thinly to serve such a large area. He brought out that traveling from this area to the station was time consuming and reduces the period of police presence in the area.

Mr. Henderson claimed if the solution of the problem is beyond reach because of financial difficulties, then the real difficulty is bankruptcy of ideas and of administrative competence. He added the presence of a police station in the North Ward must be given high priority.

Councilman Carrino said he wanted the police precinct and needed the police precinct on Lincoln Avenue.

Councilman Tucker stated there were alternatives that were available. He said Administration should deal with both areas, because the City has the ability to deal with the presence of more police. He hoped that meetings with the Business Administrator and Assistant Business Administrator should provide a solution.

Councilman Bottone mentioned he called Assistant Business Administrator Thomas Banker to see if a final decision was made. At that time Mr. Banker was quite confident that a solution could be reached. As of now, no response has been received from Administration. He said he was hopeful that the resolution would be taken care of soon.

A motion to permit Mrs. Frances Ford to speak under "Hearings of Citizens" was made by Councilman James, seconded by President Harris and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

6-HC-d. MRS. FRANCES W. FORD, 35 RANDOLPH PLACE, NEWARK, NEW JERSEY, addressed the Council in reference to the existing conditions in the Board of Education. She wanted to know who was paying Mr. Sharif's legal fees and who was doing his job while he was on trial.

Councilman Tucker believed Mr. Sharif was still on the payroll while going through the trial situation. He said when Mr. Stanley Taylor was fired on "crazy charges" he believed this was a travesty of injustice. He stated the firing of Mr. Taylor cost the City approximately \$90,000. He added that he wished the Council had the power to function as a Board of Inquiry. He did not accept the determination made by the Board in the firing of the attorneys.

President Harris made mention of the fact he has appointed a Committee to look into the Board of Education situation which consists of Councilman Martinez (Chairman), Councilmen Bottone, James, Johnson and Tucker. The purpose of this body would be to subpoena records and let the citizens be made aware of what was happening.

RESOLUTION AUTHORIZING POLICE DIRECTOR TO EXECUTE ON BEHALF OF THE CITY OF NEWARK AN INDEMNIFICATION AND HOLD HARMLESS AGREEMENT PROVIDING FOR THE INDEMNIFICATION TO THE NEWARK REDEVELOPMENT AND HOUSING AUTHORITY FOR CLAIMS ARISING OUT OF THE CITY OF NEWARK'S (POLICE DEPARTMENT) USE OF PROPERTY OWNED BY NEWARK REDEVELOPMENT AND HOUSING AUTHORITY (116-128 WAKEMAN AVENUE AND 29-37 LINCOLN AVENUE).

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Bottone asked the Council to defer this resolution until Administration comes up with a definite solution as to what they are going to do with the North Precinct.

Councilman Carrino said the lots are needed for the presence of the police agencies that are already there; there are two schools and a boys club that have no place to park. These lots, in no way, have an effect on the movement of the Orange Street building. He indicated that 29-37 Lincoln Avenue is a smaller lot and requested the Council give the Housing Authority permission to let the City use 29-37 Lincoln Avenue. That would alleviate the parking problem and would create a bigger lot for the possibility of police cars from Orange Street using the lot for parking.

Councilman Bottone stated for the record that the two schools and the boys club were there before the Administration intended to put a precinct there. He said he would go along with a concession and would be glad to release one of the lots to 1 Lincoln Avenue for a sixty day period; and in sixty days, the Administration could make up their minds on what they want to do. If it does not happen in sixty days, the lot could go back to Newark Housing and the cars would have to go back into the street.

President Harris asked Assistant Corporation Counsel Melvin Simon if the language used by Councilman Bottone could be incorporated into the resolution.

April 21, 1982

Assistant Corporation Counsel Melvin Simon indicated the resolution could be adopted with language in it for a sixty day period on one lot or the resolution could be rejected and another resolution could be submitted.

Councilman Carrino noted the resolution could be adopted as is, just leaving out 116-128 Wakeman Avenue.

Councilman Martinez stated Mr. George Chranewycz told him that townhouses were going to be built there in the next six months. He said it just goes to show that no one ever tells the other one what they are doing.

Councilman Carrino said the townhouses were supposed to go up in 1974. He said as long as he has anything to do with the City Government the townhouses will not go up on those two lots; no planning has gone into the moving of these police agencies.

He added he wanted to move to delete 116-128 Wakeman Avenue and add 29-37 Lincoln Avenue to be transferred for a period of sixty days.

Councilman Bottone stated so the Roseville people would know what was going on that the North Ward has a tremendous parking problem; by giving them the smaller lot, this would accomodate only some of the cars. He said when the sixty day period was over and Administration did not do anything about it, then the lots would be taken back. If Administration decided in writing that they were going to put a facility in the North Precinct and remain opened, then the community would be notified about the other lot.

Councilman Grant suggested a Special Meeting should be called dealing with this matter.

Councilman Tucker added this was a situation that was created by Administration and it is now being dealt with by the Council.

Councilman Bottone said by making a concession, that would mean he would be giving up his "trump hand". He stated if Council was going to vote on that, he would be voting against the parking lots.

Councilman Carrino said the North Precinct on Orange Street has not been closed; and as long as the situation "festers", it would remain open. A compromise should be made between the two wards; this would alleviate the problems in one ward that are currently taking place and not affect the problem that was taking place in the other ward. Thirty days notice is needed for a move from one place to the other.

President Harris explained the action was conceived by Administration and not one person on the body knew what was going to happen. He directed City Clerk D'Ascensio to set up a Special Meeting with the Police Director and Business Administrator to get the matter expedited.

Councilman James said Councilman Carrino was separating the idea of the police station with the need for parking. He believed this could be resolved quickly as opposed to the overall concern which was critically needed for increased police protection throughout the City, especially in the North Ward station and Dayton Street area.

Councilman Carrino stressed the fact that Council should not vote on anything for Administration until they make the decision on what was going to happen with the Orange Street Station.

A motion to adopt the Budget of the City of Newark for the Year 1982, in its final form, as amended, was made by President Harris, seconded by Councilman Bottone.

Councilman Martinez said for the record the Council has to be commended on the difference of the budget received in January and what is currently before them. There was no police in the budget, no increase, increase in taxes was much higher. The increase in taxes were over 180 points than what they currently have before them including a 30% in water. He only has one problem with the budget. They all recognize the fact that when Mr. Kittrels left the Board of Education he left approximately a \$5 million surplus. Here we see an increase of \$4,596,000. stated under record that there have been positions brought into the Board of Education unjustified. Buildings that have been abandoned that the Board of Education could have sold to put this money into their budget without charging it to the local taxpayers. He has seen areas where the Board of Education abandoned a building where there is no abandonment in certain areas of the City where area developers are looking to buy these buildings which would bring in jobs, revenue and more taxes to the City. He also recognizes the fact we would not want to disapprove this budget and place a position on the school children. He wonders with this \$5 million surplus that has been gone, with a \$5 million increase, the way he reads it is almost \$10 million extra to the Board of Education. He hopes between now and next year all of these things can be looked into by the Investigating Committee that has been created by the President and all of these things can be brought to light and the squandering can be stopped. He thinks this leads further position to the public the cry for an elected board where the budget would then be approved by the voters of the City of Newark and he thinks then you would see these things stopped.

President Harris said he would like to commend the Members of this Governing Body for coming up with a financial plan that is far more optimistic than the budget presented to them by Mayor Gibson on January 15th. The Mayor's budget held a projected tax rate of \$11.29 per \$100. of assessed valuation. On top of that he proposed raising the water rate 30%. He found both of these requests unconscionable especially since sewer and water rates had been increased astronomically the last two years and residents already are not getting their money's worth for the taxes they are paying. For almost four months the Council worked with their financial analysts and accountants going over every item in the budget with a fine tooth comb. Given the constraints placed on this City by federal funding cutbacks and State spending restrictions, the Council can still offer the people of this City a tax rate of \$10.10, which is not only \$1.19 less than the proposed rate by the Mayor but is a penny less than the 1981 tax rate. They have rejected any consideration of a water increase.

President Harris continued that the City Council was not content with just cutting the tax rate. They believe that they must do everything within their power to improve services. He has been extremely vocal in his call for more police protection for their citizens. To address this concern, they spent endless hours looking over the budget searching for the funds needed to respond to the citizens' cry for more protection. He is happy to report that \$2.1 million is in the 1982 Budget earmarked for the hiring of more policemen. In prior years, the City Council also put money in the budget for more police officers but Mayor Gibson failed to bring additional policemen on board and in his proposed budget he suggested reducing the number of policemen in the Department to 874---some 100 less officers than in 1981. Hopefully, the Mayor will not turn a deaf ear to the wishes of the Newark citizens and will follow the direction of the Council in using the \$2.1 million to increase the current manpower level of the Newark Police Department.

President Harris said he does not envision the Mayor having the opportunity to use this money because he will not be there after July 1, 1982.

Councilman James said he too would like to congratulate the Members of the Council for the many hours that they have deliberated on the budget and he thinks it is important to point out this Council has also been kind to City employees, as well. In their 1982 budget they note an increase in pension benefits to City employees and many more health benefit plans. He thinks in a year where we are faced with Reaganomics, federalism, reduced aid, it is commendable this Council has seen fit to look at City employees and also to assist them. He knows they have not done all and he is sure some groups are still negotiating for pay increases but he thinks the record will show this Council has been very fair when it comes to the question of City employees receiving their fair share. All of these measures, the pension and the health benefits were not flowing from the Office of the Mayor nor Administration. They came as a direct result of negotiations directly with the Council. In 1982, not Administration but this Council saw fit to negotiate benefits in behalf of City employees and would like to again commend the Members of the Council. He is also happy that they have rejected the proposed increase, 30% in the water rates as stated by Councilman Martinez. He thinks they have witnesses and travelled throughout our City and citizens are suffering now with a 1,400% increase in a water bill and now citizens are debating whether it is their water bill or their tax bill. He thinks that if they had placed another 30% increase in their water bills many of the citizens would be driven to their fiscal limits. He is also concerned on the question of \$2.1 million for additional police. He did hear his last remark. In the past when they had placed money in the budget it was not used. These moneys eventually did not end up serving to improve the safety of their citizens. It was used for other purposes. He hoped that they have been somewhat visual in lobbying for the number of increased policemen but stay on the concern. He thinks the greatest hue and cry for the citizens of Newark is their safety and their welfare. No matter what issue they project in the community, people are still living in fear, too many businesses are locked, have buzzers, buying a loaf of bread through a tray and people are actually shut in. He thinks it is critical that they as a Council look to measure to improve the safety of their environment. Finally, he would say again that to reduce the budget, historically in an election year the budget goes down but with the reduction of federal and state aid, it is

commendable this Body has been able to reduce the budget. He would hope one evening that the citizens who throw bricks would simply recognize the job this Council has done with the budget.

Councilman James reiterated that he would like to personally thank each Member of the Council for the many hours they deliberated on the budget.

Councilman Grant said he too would like to add his voice to a bit of praise for the Members of the Council who served on this Budget Committee in terms of going over the entire budget. While they have been successful in reducing the tax rate for the City of Newark, he would further like to point out 65% of the land in Newark is still tax exempt. The homeowners, 35% of them assume 100% of the taxation for the City of Newark. While some persons have indicated that perhaps it is unconstitutional to place a head tax on people at the Newark Airport, he is presently having some legal research done to see if they can not place a \$2. head tax on persons who come in and out of the Newark Airport generating an extra \$10 million per year for the City of Newark. This will help reduce taxes even further. As they move through the year 1982, he thinks they owe it to themselves, to the people of this City to continue to fight for reduced taxes and make Newark a safer place for all of them to live in.

Councilman Carrino said in the 8 years he has been on the Council he never voted affirmatively on the City budget and he is not totally happy with this Budget this year. It is a disgrace that the Board of Education budget is now 40% of their property tax rate. If the 40% was translating positive results to the children going to college and getting good jobs he would not mind that but the 40% involves salaries for people who have nothing to do with the school system operations and salaries for people who are not teaching our children to learn to read and write. He thinks one of the reasons why he is going to vote in the affirmative this time is because of the fact that the 30% increase in water was not approved by this Council and the fact the property tax rate is lower than it was last year. He would like to remind all of his colleagues that hopefully over the next year especially with the Investigating Committee, chaired by Councilman Martinez, that they take much more of a responsibility in analyzing the Board of Education School Budget this year especially in light of the fact that now it equals 40% of the property tax budget. Although the State Law does not provide them with the full authority to look into the Board of Education and to investigate the Board of Education entirely, he thinks that the fact that 40% of taxpayers money is going into the school situation mandates that they get more involved whether or not the State goes along with that or not.

Councilman Carrino said they know for a fact due to pending negotiations with the Labor Unions at the Board, the previous Superintendent put aside \$5 million so that any kind of labor arrangements would be made out of the cushion he left and they are now under the impression from reliable sources that \$5 million has been spent by the new Superintendent to create new jobs and new programs. He thinks all of these things are going to have to be looked into in 1982 so that when the Board of Education submits a budget next year they take on a much more active role.

Councilman Bottone said he thinks it should be noted that the tax rate this year is not going to be two cents less than last year but projection from the Mayor's Office a couple of months ago, it is a reduction of 120 points and it is not only a two cents difference but 120 points difference. He thinks it is very important that it should be noted this time with the election coming up and a question on the ballot of a "yes or no" vote for an elected board. He said don't forget that with responsibility of an elected board also goes the comprising of the budget and the citizens then will be in a position to dictate what the budget of the Board of Education is going to be.

Councilman Bottone said he would like to commend the Members of the Council for a tremendous job done on the budget this year and possibly on the Board of Education alone next year there should be a tremendous drop.

Councilman Tucker said most of the points his colleagues have raised pretty much covered the overall budget process. He thinks it is important to note that although they have estimates dealing directly with the County budget, for them to obviously deal with the tax rate, he is hopeful the County Budget does not escalate more than what they have estimated which would automatically increase the amount

May 3, 1982

1081

of property tax homeowners would have to pay. The point he thinks should be noted in dealing directly with the Board of Education, although we have increased the amount of the Board of Education to the tune of \$4,500,000. that it still represents a small portion of the escalation of the actual cost of running the Board of Education. He is not of the opinion that prudent use is being made directly of the funds they submit to the Board of Education but he cannot in all good conscience indicate that although the escalation has taken place within the Board there has not been an escalation in the actual learning that their children have been involved in. He thinks it is also important to note that although they have as a Council thoroughly criticized T and E as being a bogus bill, to be very frank, because the State has not actually funded education on a level that Newark children really need, they must also bear some of the responsibility as well. Although the escalation is taking place on the State level dealing with the amount of funds the State will provide, what they in effect have done was decrease their amount on an annual basis and he thinks there is a real difference involved in that. They very much are supportive in regard to their children and they are critical of the State but he thinks they should also be supportive in regard to the children as to their particular vote in making funds available. Whether the Administration of the Board of Education is to their liking, he thinks they must make funds available to at least deal with the whole reality of what the Board is doing. He thinks it is also important to note that although they forward funds directly to the Board of Education that they do not have the approval of the overall budget. This Council has gone on record on many occasions requesting the Board of Education have a detailed and a line item budget. What they are attempting to do is to have the Board restricted in the amount of use of funds. Right now once they approve the overall dollar amount for the Board of Education, what is going to happen, they have been through this each and every year, is that the Board will have statutory authority to take the total amount and to do as they see fit. He thinks that is something, even whether elected board or appointed board has actually dealt with, that will not change. He thinks they have to go on record as a Council urging the State Legislature to at least make the Board of Education have a line item budget. He thinks the important factor to note in saying that is if they have for the board, if they take \$34 or \$38 million dollars and give it directly to the Board, they can utilize those funds for salaries, for anything they deem fit. It is important to note that. A lot of times when they raise concerns of how they are actually spending money, the only authority they have in regard to dealing with their money is the appropriation they are going through right now. Other than that there is nothing else at least they have to interact with the Board.

Councilman Tucker said he feels very proud of the Members of the Council who have put forth the effort of actually going through the budget on a line by line basis and actually decreasing the original request made by the Mayor. This kind of action of Council working together is a clear indication that they can do many things, they can accomplish many things if they put forth a concerted effort to actually bring the actual impact down on local property taxes for our payers.

Councilwoman Villani stated she is not going to be repetitious but is very proud of the Members of the Council. Every year they get a projected tax rate and every year the Council unifies and they work very hard and diligently to reduce that projected tax rate. It is not just because of an election year but is something they go through every year.

The motion to adopt the Budget of the City of Newark for the Year 1982, in its final form, as amended was declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Tucker, Villani,  
President Harris.

No: Councilman Martinez.

A motion directing the City Clerk to forthwith forward two copies of this Adopted Budget to the New Jersey State Division of Local Government Services in Trenton and one copy to the Essex County Tax Board, as by Statute required, was made by President Harris, seconded by Councilman Bottone and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Tucker, Villani,  
President Harris.

No: Councilman Martinez.

May 3, 1982

Councilman Carrino said that with respect to pensions, wherein employees are not paying full percentage on their salaries, they are trying to correct that. Two weeks ago the Council sent a letter to the State Legislature asking them to make provisions in the enabling legislation so that everyone who is on pension will be able to contribute to their full salaries, so when they are ready to retire they will be able to get a percentage of their full salary instead of the \$16,000. maximum right now. They are also in receipt of a letter that was given to them last week that the Mayor of the City of Newark sent a letter to the Essex County Delegation in Trenton stating his opposition to that change in the pension and he was not for it and would fight against that change. He was present at the Award Ceremonies in the Chamber a couple of weeks ago wherein the Mayor mentioned to everyone that he was in favor of it and wanted the people present in the audience to be aware of it that he has not sent a letter stating he is opposed to it. It is going to come down to a situation whether or not they can force the Legislature to change that or he is going to keep the Legislature from voting on it.

President Harris stated that in the vernacular of the street, that is known as the old con game, "now you see it, now you don't".

A regularly scheduled meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 1:30 P. M.

The audience arose for the National Anthem.

The prayer was offered by Reverend Francis Dols, Pastor, Immaculate Heart of Mary Church, 114 Prospect Street, Newark, New Jersey.

President Harris called the meeting to order and asked for roll call.

Present: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, President Harris, City Clerk Frank D'Ascensio, Clerk of the Municipal Council, Lieutenant Leonard Kowalewski, Sergeant-at-Arms.

(Councilwoman Villani arrived at 2:05 P. M.)

(Councilman Johnson arrived at 2:15 P. M.)

President Harris stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the agenda of this meeting was similarly disseminated on April 28, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

A motion to consider Resolution 7-R-bn at this time was made by Councilman Martinez, seconded by President Harris and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, President Harris.

Absent during Roll Call: Councilmen Johnson, Villani.

7-R-bn.

RESOLUTION RECOGNIZING AND COMMENDING JOHN MARTINO AND THOMAS ARDITO FOR MERITORIOUS SERVICE TO THE NEWARK COMMUNITY.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Martinez read the following resolution:

WHEREAS, on the evening of April 24, 1982, John Martino, a longtime resident of the City of Newark, while driving his automobile through the City's East Ward observed four persons robbing and mugging two elderly citizens in the vicinity of Pulaski Street and East Kinney Street; and

WHEREAS, as the four suspects drove rapidly away from the scene John attempted to maneuver his vehicle in order to cut off their escape, when the driver of the fleeing car crashed their vehicle into John's auto in an attempt to discourage him from his pursuit; and

WHEREAS, since John could not be stopped, the suspects fled their vehicle and John, alone and unarmed, continued the pursuit on foot, until he caught and subdued one suspect with the assistance of Thomas Ardito who happened to be on the scene at this point; and

May 5, 1982

WHEREAS, after detaining the suspect until the police arrived John then assisted the officers in locating the victims and bringing the incident to a successful conclusion, wherein the suspect was positively identified by the two elderly victims and a second suspect was also later apprehended by the police;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby recognize and commend John Martino, and Thomas Ardito who assisted him, for their aid in the apprehension of persons now believed to be responsible for a series of recent muggings and robberies in the East Ward, doing so at great risk to their lives without regard or concern for their own safety or welfare.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to Mr. John Martino and Mr. Thomas Ardito in honor of their heroic actions on the streets of Newark, setting an example that all citizens can admire and respect.

Councilman Martinez on behalf of the Municipal Council presented a suitably inscribed resolution to Mr. Martino.

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Harris and declared adopted by President Harris by the following votes:  
Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, President Harris.

Absent during Roll Call: Councilman Johnson, Villani.

Mr. Martino expressed his appreciation and thanks to the Council for the respect they have shown to him.

A motion to consider 4-A-1, Board of Adjustment Appeal, at this time was made by Councilman Bottone, seconded by President Harris and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, President Harris.

#### BOARD OF ADJUSTMENT - APPEAL.

##### 4-A-1.

The City Clerk read IN THE MATTER OF APPLICATION OF CLIFFORD FLOOD, (JOHN C. ARNOLD, OWNER); TO PERMIT IN A SECOND RESIDENCE DISTRICT THE PARKING OF MOTOR VEHICLES ON PREMISES 249½-251 SOUTH 18TH STREET.

The Board of Adjustment at its regular meeting February 23, 1982, approved the application by a vote of 7 Ayes and 2 Not Voting.

An appeal in the matter was filed in the Office of the City Clerk on March 8, 1982. The transcript in connection with this matter was received by the City Clerk on April 14, 1982.

On April 19, 1982, the City Clerk notified the applicant and the appellant and objectors that an appeal in this matter will be heard by the Municipal Council at their regular meeting May 5, 1982, at 1:00 P. M., in the Council Chamber, second floor, City Hall, Newark.

Each Member of the Council was furnished with a copy of the transcript in connection with this application.

May 5, 1982

This is the time and place for the appeal to commence.

1085

President Harris stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment granting a variance to Clifford Flood, Applicant (John C. Arnold, Owner), to permit in a Second Residence District the parking of motor vehicles on premises 249½-251 South 18th Street. We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of an appellant or appellants who are not represented by an attorney, that they may state the reasons for their objections to the variance and they may point to testimony before the Board to support their position. However, they cannot bring in new testimony or other evidence.

President Harris called for those desiring to be heard, who filed the appeal, to give his name and address and be heard.

MS. MAMIE BRIDGEFORTH, 61 RICHELIEU PLACE, NEWARK, NEW JERSEY said she is the owner of property at 253 South 18th Street, Newark, which is directly next to Mr. Flood's property. She said the house that she owns is a single dwelling home. All of the block are single dwelling row homes. There is an empty lot because two homes burned down. Mr. Flood would like to use that property to house commercial vehicles, such as, dump trucks and oil trucks. She has indicated at the Variance Board hearings that she did not think it was in the best interest of that neighborhood to, in fact, change it from a residentially zoned single family row house neighborhood to a neighborhood that would, in fact, house dump trucks and oil trucks. She indicated at that time that she did not think it was in the best interest of the City to start to destabilize what few stable neighborhoods you have. When you go past Sandford Avenue in the West Ward you have very few one family home neighborhoods. Most of the neighborhoods all the way down are two, three family homes and what you see is the kind of deterioration that she is sure the Councilman is aware exists in the West Ward. The block between 11th Avenue and 12th Avenue near the graveyard is about the only one-family home dwellings that you have in that particular radius. It is her feeling that the City of Newark has done too much to destabilize neighborhoods by granting these kind of spot variances or by just ignoring the kind of things that lead to deterioration. She has said before the Variance Board that she does not have to live in Newark. She is a professional person and she does not have to live in Newark. She lives here because she chooses to live here, but she also lives in this City because she feels something can happen in this City. This City does not have to be the way this City is and to live here she thinks she has paid her dues. She said she has spent \$25,000. on tuition for kindergarten to high school, yet she has paid her taxes. She realizes the City has problems, but she also realizes when the City has the opportunity to do something that does not cost it any money, to do something, that, in fact, will project where we should be going instead of where we are, many times the City fails to do this. There is no logical, realistic reason, for anyone to say it is okay to take a block with one family houses on it and then put oil trucks next to a one family house. There is no way that if she lived in Caldwell, South Orange, Short Hills, she would be standing in front of the Municipal Government appealing this decision, because it would never have gotten past their Variance Board. She is not asking for anything extraordinary. She is merely saying it is a one family stable neighborhood and that you do not put oil trucks and dump trucks in those kinds of areas, except according to the variance code if the complainant, the party is bringing the request for the variance has shown extreme hardship. That was not proven in the variance hearing. Mr. Flood has access to property on 19th Street which is two, three and four family homes, in which they have access to parking these vehicles. Mr. Arnold has a lot next door to his home which is a one-family home which he purchased and he has never parked these vehicles there. She felt she had prepared an adequate case before the Variance Board and her argument is the same that you do not destabilize one-family residential districts without just and due and overwhelming cause. She said all the research shows that

May 5, 1982

when you start to do it you might as well kiss the neighborhood goodbye. We have no stable neighborhoods beyond Sandford Avenue in the West Ward and that is a poor testimony to our Ward. She said she moved to Richelieu Place and she does not see anybody in that area having oil trucks parked next to their home. She does not see anybody on Tuxedo Parkway having it. She is categorically opposed to it and she says she is a good citizen and takes her civic responsibility seriously. She has a mailbox full of promises, and the only thing she asks is that this City stop doing the little things that cause destruction and then maybe we would not have to handle the big things that cause destruction.

(Councilwoman Villani arrived at 2:05 P. M.)

MS. LINDA COLEMAN BRIDGEFORTH, 253 SOUTH 18TH STREET, NEWARK, NEW JERSEY, said she would like to bring to the Council's attention that this matter was heard before the Board of Adjustment twice. The first time the request for a change in the variance code was denied. The Variance Board took it upon themselves to rehear this case which the City Statutes say once it has been heard and a decision has been made, it should not be brought before the Variance Board again.

MR. CLIFFORD FLOOD, JR., Applicant, said he went before the Board of Adjustment a second time. He said the first time the Board of Adjustment did not know about the problems they were having on the lot. The problem was the lot belonged to the City at one time and not to his family. There were a lot of cars parked on this lot. They bought the lot from the City, but his sister did not do anything with the lot, so John Arnold, who lives two houses down from the lot, had these trucks which were a small oil truck and a small dump truck with two tanks on it. He started working pumping oil and cleaning out tanks. They do not travel with oil. They are not in the oil business. They are in the tank cleaning business. When they left these trucks in the street, the batteries were stolen, hitting the truck. There were a lot of problems on 18th Street. So, they cleaned the lot off and leveled it off. They told the people they had to take their cars off so they could get approval from the Board of Adjustment. This particular lady who lives next door was very mad because they told her she had to take her car off. Her car was sitting across the street and a car hit her car. She has been very mad since that time. They have done everything in the world to try to solve this problem. They told her once they could use this lot they would allow her to go back on, but she did not want that. She was mad because we had asked her to take the car off the lot. She had only been there a year or so. She never cleans the neighborhood, she never participates in any of our Block meetings or cleaning, so she came down here and tried to stop us from parking the trucks on the lot. He said this is our livelihood. He said the neighborhood consists of one-family dwellings. He said on one corner there is a parking lot for a factory which is in East Orange on 11th Avenue. They have a parking lot for their employees' cars. Two houses down is our lot. One block further is a moving company and they have their big trucks, the Red Ball Express, on 18th Street. You know yourself, like the lady said, that Newark does look bad. Cars and things in the street. All we ask is to take our cars off the street, clean our abandoned lots and fence the property in. They did everything they thought would be right on the street. This lady moved in a year and half ago and has given us all kinds of problems. All we asked is that she move her car until we had a chance to get permission from the Board of Adjustment. Her car got hit and she has done everything in the world to keep us from parking there. We have a piece of property on 19th Street. There is three inches on both sides of the truck to get in between a building and a fence. We cannot leave the truck on the street. If we cannot park there that is the end of his job. Mr. Arnold works for the Police Department, but he works for himself. His income is sure, but his is when he can get a job. He does tank cleaning in the City of Newark. He does not carry oil, he pumps oil into one tank on the dump truck, thin it out, take out the water and debris, put the oil in the next tank, and then they take the tank truck and put it back into the ground. We only clean tanks. He said this lady has a house with a 250 gallon oil tank in her cellar with oil in it. If there is no danger with oil in her cellar, why would there be danger with the truck on the property. The Board of Adjustment said to put up an 8 foot fence, which they did. Now they want an 8 foot metal enclosure which

makes it look like a junk yard. The fence makes it look very nice. The lady is mad because she got it. He cannot help that. They had to wait until the Board of Adjustment gave them permission to park there. We have never put those trucks on the lot since we first went to the Board of Adjustment. They came out and inspected and never saw a truck on it. All we are asking is to let us live and let live. He does not think it is right if people are saying how dirty the City is and at least we are trying to take our trucks off the streets, keep our community clean. Everybody from East Orange throws their garbage out, we pick it up. We have never seen them out there, we have never seen them pick up anything. Within the last week, 4 cars came through there and tore up many cars and wound up in the cemetery. If our trucks are out there we do not even have a chance. It is a regular race track out there. It is dangerous on 18th Street coming out of East Orange coming into Newark. It is two ways from Central Avenue to 11th Avenue, from 11th Avenue to South Orange Avenue it is one way. It is a small, neat and clean tank truck and in order to be flammable it would have to be 700 or 800 degrees. We only clean tanks.

SERGEANT JOHN ARNOLD, POLICE DEPARTMENT, said the property in question is property he owns. He said he lives in the neighborhood. He acquired the property from the City and he cleaned the property up, leveled it off, fenced the property in and nothing to disturb the ecology in that neighborhood. He said he purchased the property from the City, who owned it for about 4 years. While the City owned it there were abandoned cars, grass, weeds, trash, everybody used it for a dumping ground. He purchased the property, fenced it off. In the interim he was already parking on this property while it was City property for four years. He was parking on this property with his trucks and other neighbors in the neighborhood were parking on this property while it belonged to the City. When he acquired the property he fenced it off, had abandoned cars towed off the property, he notified people that had inoperative cars, which Ms. Bridgeforth had one on there, she put her car on the street and shortly thereafter it got hit and shortly thereafter the Director started to receive letters, Councilmen started receiving letters. There was nothing but complaints. He went to the Variance Board, got a variance change and explained the facts before the Board and they granted it to me and that is it.

A motion to close the hearing and defer action on this application was made by Councilman Grant, seconded by Councilman Carrino and declared adopted by President Harris by the following votes:

Councilman Martinez noted for the record that Ordinances 6-Ph, S & F-d, S & F-f, S & F-g and S & F-h are not new jobs, but just changes in titles.

Councilman James said if these are new positions he would want to be recorded in the negative dealing with S & F-c, S & F-d and S & F-f.

6-PH, S & F-g.

The City Clerk read: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF HEALTH AND WELFARE AND ESTABLISHING SALARIES THEREFOR", (6-S & F-m) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR HOUSING INSPECTOR)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 2. of an ordinance entitled, "An ordinance creating positions in the Department of Health and Welfare and establishing the salaries therefor", (6S&FM) adopted May 4, 1977, as amended and supplemented be amended to create the following positions, to wit:

<u>POSITION</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Housing Inspector 142911 (35 HRS)	\$ 13,166.05	\$ 15,703.82

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum and annual maximum salary ranges therefor, which are inconsistent herewith, as hereinabove set forth are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Harris called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

(Councilman Johnson arrived at 2:15 P. M.)

No one appearing, a motion to close the hearing and defer action on this ordinance was made by Councilman Bottone, seconded by Councilman Carrino.

Councilman James said some time ago when Housing Inspectors went into Court it was ruled they were not qualified or certified to make the inspection report that they were making in Court. All of us know that quite often these are political patronage positions. He would like to know if we are going to create the title of Housing Inspector if they are going to be certified individuals by

May 5, 1982

way of Civil Service or other, whereby when they make testimony in the Courts their position will be valid and stand up in Court. He recalled there were over 50 cases that went to Court and 49 were thrown out because the people were just political hacks off the streets and the Court ruled their testimony was unacceptable. He asked if this ordinance was creating political patronage positions or where people will be certified to do the job for which they are being hired.

Chief Analyst Polster said he believed these people will be able to give testimony. He said it is his understanding testimony will be permitted even though they are unlicensed.

Councilman Bottone said if this is a Civil Service position there must be an exam and they have to go on through a Civil Service list.

Chief Analyst Polster said it is his understanding they are Civil Service and an examination will be called.

Councilman Bottone said the City Clerk's Office should notify Civil Service that this has been passed and an exam should be called, then you will eliminate the patronage automatically.

Chief Analyst Polster said the cover letter for this does not answer Councilman James' concerns.

Councilman James said we have a serious code enforcement problem in the City of Newark and it would be totally irresponsible to hire individuals whose credentials would not hold up in Court and would simply be collecting a salary. This City really needs code enforcement and he wants to make sure the positions this Council is creating are going to be utilized to improve the quality of life especially in the area of housing code enforcement. His concern is these titles be meaningful positions to do something with all the violations.

City Clerk D'Ascensio said the correspondence attached to the legislation reads that City of Newark is in violation of the Statutes which states that Sanitary Inspectors must be licensed by the State of New Jersey. It also says that since there are several unlicensed employees in the title of Sanitary Inspector who perform the duties that would more appropriately be classified under the title of Housing Inspector, the Department of Health and Welfare has requested that that title be created. The salary range is the same as that for Sanitary Inspector. They would be unlicensed and they would not qualify as experts as Sanitary Inspectors.

Councilman James said he would vote in the negative since what they are doing is protecting those individuals who are doing a job for which they are not qualified.

President Harris said predicated on the information made known to us that that should be the general consensus.

Councilman Bottone said this Council has been demanding that more Housing Inspectors be put on because of the need of code enforcement.

The motion to close the hearing and defer action on this ordinance was made by Councilman Bottone, seconded by Councilman Carrino and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

The City Clerk read: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

May 5, 1982

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE MAYOR AND ESTABLISHING SALARIES THEREFOR," ADOPTED MAY 4, 1977 (6-S & F-c) AND AMENDMENTS THERETO. (TO CREATE THE TITLE OF HOUSING INSPECTOR IN THE COMMUNITY DEVELOPMENT ADMINISTRATION, MAYOR'S POLICY AND DEVELOPMENT OFFICE, H.C.D.A.)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 1. of an ordinance entitled, "An ordinance creating positions in the Office of the Mayor and establishing salaries therefor", adopted May 4, 1977(6-S & F-c) and amendments thereto, be and the same is amended to create the position and salary in the Community Development Administration, Mayor's Policy and Development Office, as follows to wit:

(k) Community Development Administration, Mayor's Policy and Development Office

<u>POSITION</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Housing Inspector (35 HRS.) 442916	\$ 13,166.05	\$ 15,703.82

Section 2. The position title and salary hereinabove established and specified shall be temporary in nature. Further, the salary of such position title shall remain at the amount hereinabove fixed so long as the Community Development Block Grant funds received by the City from the Federal Government under the Housing and Community Development Act of 1974 shall last, and upon complete utilization of said funds or termination of such funding, then the said position title and salary hereinabove established in the Office of the Mayor shall immediately cease and terminate.

Section 3. No position title or salary other than those established by ordinance covering the Community Development Administration, Mayor's Policy and Development Office shall be funded from Community Development Block Grant funds received under the Housing and Community Development Act of 1974.

Section 4. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum and annual maximum salary therefor, which are inconsistent herewith, as hereinabove set forth, are hereby repealed.

Section 5. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Harris called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY said there is a Housing Inspector in the Department of Health and Welfare and there is going to be a Housing Inspector in the Community Development Administration. He said housing is housing. He asked if there was not one single department in the City that is responsible for housing inspection, so that we can place the responsibility in one area and know what we are talking about.

Councilman Martinez said he believes the difference in the two ordinances is one is from the City Budget and this one is from the Federal Budget paid out of H.C.D.A. funds. He said perhaps the same position should be taken on this ordinance as that of the previous one dealing with Housing Inspector.

Mr. Henderson asked where the responsibility for housing inspection centered.

President Harris said there is no direct responsibility.

May 5, 1982

Councilman Carrino said there is a distinct differential between the two titles. He said the first two will be directly responsible to the Director of Health and Welfare because they are supposed to be Code Enforcement Inspectors and unless they are licensed they are not really going to accomplish anything. These two titles have to do with Contract Demolition. One of the reasons that houses are not being knocked down quick enough by private contractors is because the Engineering Department has to wait for present City Inspectors to go to make sure the water is off, electricity is turned off and once the demolition takes place, that the Contractor is removing the foundation, not just covering it with dirt, and to make sure the contractor has not destroyed the sidewalk with their heavy duty equipment. He recalled back in March, Director Zach requested two people out of the Federal program that could be assigned directly to private contract demolition so that we could expedite more demolition of homes and so that private contractors could not leave debris and come back later. This was requested to make sure the houses get demolished quickly and the system runs efficiently. He said this has nothing to do with Code Enforcement Inspection, but to make sure the private contractors do not try to short change us in the demolition of a house.

Mr. Henderson said it would appear they properly belong in the Department of Engineering.

Councilman Carrino said these two inspectors will be assigned to the Department of Engineering although the funding comes from Community Development Administration which is a Federal Program. They will be assigned nothing but private and team demolition.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, James, Johnson, Martinez, Tucker, Villani, President Harris.

Not Voting: Councilman Grant.

President Harris: The yeses are eight, the noes are none and one not voting. This ordinance having been read on two separate days and having achieved the vote required by statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

## Chapter 2. GENERAL ADMINISTRATIVE PROVISIONS

### 13:2-1. Administration and enforcement.

Except as otherwise provided in these Revised Ordinances or by law, the provisions of this title shall be administered and enforced by the Directors of the Department of Health and Welfare, and Engineering, herein referred to as the Directors.

### 13:2.2. Penalties.

Any person found guilty of violating any provision of this title shall be liable to a fine not to exceed five hundred (\$500.00) dollars, or imprisonment not to exceed ninety (90) days, or both. Each violation and each day a violation is committed or permitted to continue shall constitute a separate violation and shall be punishable as such.

### 13:2-3. Enforcement.

(a) In enforcing this title the Newark Municipal Court shall utilize the form of summonses as approved by the state administrative office of the courts.

(b) The Director of the Department of Engineering, all employees of the sanitation and engineering divisions, as well as the water/sewer utility of the Department of Engineering so authorized by the Director of the Department of Engineering; the Director of the Department of Health and Welfare and all employees of the health and inspection divisions of the Department of Health and Welfare and all law enforcement officers of the Department of Police, are hereby authorized and empowered to perform as law enforcement officers solely with respect to the enforcement of the provisions of this title by being empowered to issue summonses for any violations thereof in accordance with the rules governing the courts of the State of New Jersey.

(c) Nothing in this section shall be construed to impair or limit in any way the power of the City to define and declare nuisances and to cause their removal and abatement by summary proceedings or otherwise nor is this ordinance intended to limit the authority of the Directors to abate nuisances.

### Chapter 3. GENERAL SANITATION REQUIREMENTS FOR VEHICLES CARRYING SOLID WASTE

#### 13:3-1. Sanitary operation of vehicles.

No vehicle utilized for carrying any solid waste shall, without necessity therefor, stand or remain, nor shall a needless number of such vehicles gather before or near any building, place of business or other premises where any person may be. No person using any such vehicle shall occupy for an unreasonable length of time in loading or unloading, or in passing along any street or through any inhabited place or ground. No such vehicle shall be in a needlessly filthy or in an offensive condition.

#### 13:3-2. Sanitary storage of vehicles and implements.

When not in use, all vehicles referred to in section 13:3-1 of this chapter, and all implements used in connection therewith, shall be stored and kept in some place where no needless offense shall be given to any of the inhabitants of the city.

#### 13:3-3. Construction of vehicles and containers.

All vehicles referred to in section 13:3-1 of this chapter, and receptacles thereon, in which may be or be carried, shall be strong and tight. The sides shall be sufficiently high above the load or contents that no part of such contents or load shall fall, leak or spill therefrom. Each of such receptacles shall be adequately and tightly covered, as the orders or regulations of the Division of Health or the Department of Engineering and state law may direct.

### Chapter 4. COLLECTION AND DISPOSAL

#### 13:4-1. Additional rules and regulations authorized.

To insure the effective operation of the provisions of this title, the Directors are authorized to establish, from time to time, such regulations as may be necessary or expedient to carry out the intent of this ordinance.

#### 13:4-2. Interference with City agents and employees.

No person shall prevent or interfere with any City agent or employee in the discharge of his duties in the sweeping or cleaning of any street or in the removal therefrom of sweepings, snow, ice or other refuse material or in the removal of paper, glass or other recyclable materials.

#### 13:4-3. Removal of solid waste and recyclable materials permitted only by city or authorized collector.

All solid waste and recyclable materials, of any nature which shall be made and accumulated shall be removed by the city in accordance with the provisions set forth herein, or by a collector authorized by the city.

13:4-4. Private collectors; license required; prerequisites as to vehicles and equipment.

(a) Each person desiring to engage in the business of privately collecting solid waste and/or recyclable materials within the city, when such collections are to be made from the sidewalks of any street or public place, shall apply annually to the City Department of Finance, Division of Licenses, for a license to do so.

(b) No such license shall be granted until and unless the applicant shall have satisfied the Director of Engineering of the sufficiency and sanitation of the equipment and vehicles to be used in the private collection and disposal of such solid waste.

(c) Such license shall expire on the 30th day of April next after issuance.

(d) All vehicles used to collect solid waste shall bear on the right side a decal secured from the Department of Finance, Division of Licenses, which shall have on it the number of the permit, and the year for which the permit is issued. The fee for such decal shall be five (\$5.00) dollars. The decal shall expire on the 30th day of April next after issuance.

13:4-5. Private collectors; compliance with applicable requirements.

Every private collector of solid waste and/or recyclable materials, authorized as provided for in this chapter, shall comply with the provisions of this title, and any and all other ordinances of the city, and the regulations of the Directors governing the collection of solid waste and or recyclable materials, as well as all state and federal laws, rules and regulations.

13:4-6. Private collector; vehicles.

All vehicles used in transporting solid waste or recyclable materials through the streets of the city must be furnished by the owner with a sound and tight body and shall be securely covered when loaded with a type of cover approved by the city so as to prevent their contents from being scattered upon the streets.

13:4-7. Removal by City or its agents.

(a) The city, by its designated agents and employees, will collect and remove at no direct cost to the residents or occupants of any residential source in the city, only the household waste matter as classified in paragraph (b) of this section, when such waste matter is placed into proper receptacles or bundles and collected in the quantity and manner prescribed herein.

(b) Only such solid waste as may be classified as garbage, rubbish or recyclable materials, as defined in section 13:1-1 of this chapter, will be collected by the city; provided that these material are prepared, held and stored in the manner required in section 13:4-13 of this chapter.

(c) Hazardous refuse shall not be placed in receptacles for regular collection but shall be disposed of in accordance with laws and regulations of the State of New Jersey at the expense of the owner or possessor thereof.

13:4-8. Unauthorized disturbance of garbage and other solid waste.

It shall be unlawful for any person, except an employee of the city in the discharge of his duties, or an authorized solid waste and/or recyclable materials collector, to collect or in any way disturb the solid waste or other refuse material deposited in any receptacle laid or placed on any street or public place in the city.

13:4-9. Receptacles; requirements applicable to persons accumulating solid waste to be removed.

(a) Any apartment house from which the City or its agent collects solid

May 5, 1982

waste is encouraged to purchase and maintain dumpster containers where the location of such containers will not cause any health or esthetic problems for the building residents.

(b) The owner, agent, lessee, tenant or occupant of every dwelling or other premises in the city where solid waste and recyclable materials shall accumulate must provide and keep on such premises sufficient and suitable receptacles or cans or barrels with tight-fitting covers therefor for receiving and holding the aforesaid refuse materials. Paper and other recyclable materials shall be prepared as set forth in this chapter.

(c) The use of paper bags and cardboard boxes as receptacles for refuse is prohibited. All cartons must be flattened and secured for collection.

(d) Receptacles that are badly broken or otherwise fail to meet the requirements of this ordinance may be removed as refuse by the City.

(e) In dwellings, tenements and apartment houses containing three dwelling units or less, the receptacles shall be purchased and maintained in the absence of a contract, by the tenants. In dwelling, tenements and apartment houses of more than three dwelling units, for those structures from which the City collects solid waste, such receptacles shall be purchased and maintained, in absence of a contract, by the landlord.

#### 13:4-10. Receptacles: Time of placing and removing

(a) It shall be unlawful for any person to place, or cause to be placed, or permit to remain on the sidewalk, any receptacle or bundle containing refuse material earlier than 8:00 p.m. on the day prior to that premises regular collection day as established by the Director of the Department of Engineering. No person shall allow or permit any empty receptacle to remain upon such sidewalk more than six hours after the contents have been collected.

(b) Whenever a premises' waste is removed at the owners' expense by a authorized collector other than the City or its agent, as set forth in Section 13:4-14, such person shall arrange with the collector to have the waste removed on the same day as the regularly scheduled collection for that area, as set forth by the Director of the Department of Engineering. In the event that the premises receives once a week collection, the owner may choose either of the regularly scheduled collection days in arranging for the premises collection. If the premises receives collection on more days than the City normally collects in the area, the waste shall be retained in a secure manner whether within or behind the premises and shall not be placed at the curb until the authorized collector arrives at the premises, except on the day the City normally collects in that area.

#### 13:4-11. Receptacle; placement and storage.

(a) The owner, lessee, tenant and other occupant of every privately owned building shall, on the scheduled day for collection, place or have placed all refuse material for collection in some convenient location outside of the building proper, between the curb and sidewalk, or if there is no space between the curb and sidewalk, but not in a manner to block pedestrian traffic, where such material will be easily accessible to the collector.

(b) Receptacles awaiting collection shall be stored or kept in such places so as to ensure said receptacles do not become a nuisance to the occupants of any dwelling. At no time shall such receptacles be kept under the windows of any dwelling adjacent to such receptacles. In no event shall containers be stored in the street, on the curb or in a public right of way.

#### 13:4-12. City collectors not to enter private buildings to remove refuse.

City employees and agents are prohibited from entering upon any privately owned structures, or portion of any such premises for the purpose of moving refuse to the curb for collection.

#### 13:4-13. Preparation of solid waste for collection.

(a) Solid waste shall be placed and stored in a sufficient and suitable receptacle as described in section 13:1.1 of this ordinance. Where this refuse is of such a nature that it cannot be deposited in a suitable receptacle, it shall be securely and properly tied into bundles or packages to prevent any spillage while being handled by City employees or its agents, or while such bundles or packages are located on the sidewalk awaiting collection. The bundles or packages shall be of a size and weight to permit ease of handling by one person.

(b) Paper shall be secured and properly tied into bundles or other packages, in a manner to prevent any scattering while being handled by City employees or its agents, or while such bundles or packages are located on the sidewalk awaiting collection. The bundles or packages shall be of a size and weight to permit ease

of handling by one person. Clean and uncontaminated newspaper shall be kept separate and not mixed with regular refuse. Newspaper shall be considered clean and uncontaminated if it has not been exposed to a foreign substance or substances, or conditions that render it unsuitable for recycling. Persons may wrap solid waste in used newspaper and discard the same with regular refuse even if wrapping renders the newspaper unsuitable for recycling.

(c) All suitable receptacles, used for the purpose herein described shall not be filled higher than 3 inches below the top, and when so filled, they shall be of such a weight as can be easily handled by one person.

(d) The Director of Department of Engineering shall establish regulations as to the collection and for the storage of used and/or old newspaper by the city or its agents. If such collection is deemed necessary by the Director and shall publicly make known the same.

(e) No one receiving collection from the City or its agents shall place more than 3 receptacles, per dwelling unit, out for collection on any collection day. No receptacles when full, shall weigh more than one hundred (100) pounds.

#### 13:4-14. Handling and disposal of trade waste, violation; penalty.

No trade waste, as defined in section 13:1.1 of this chapter, will be collected by the City from any commercial source, but the producer thereof shall, at his own expense, deliver or have collected by an authorized collector, as provided in section 13:4-4 of this chapter, such materials to a legally registered disposal facility pursuant to chapter 6 of this title.

#### 13:4-15. Posting of permit.

Every owner, lessee or person in control of a commercial source of refuse shall post a sign which states clearly and legibly the following information: business name, address, telephone number, and day and time of the private refuse collection. Such shall be prominently displayed by affixing it to a window near the principle entrance to the commercial source so as to be easily visible from outside the structure. If this is not possible, such sign shall be prominently displayed inside, near the principle entrance. All private haulers must be licensed by the Department of Finance consistent with 13:4-4.

#### 13:4-16. Private Collection; other sources

Any premises whose solid waste is, at the time of adoption of this Title, not collected by the City or its agent shall continue to have their solid waste collected by a authorized collector as provided in Section 13:4-4.

### CHAPTER 5. COLLECTION STORAGE AND RECYCLING OF RECYCLABLE MATERIALS

#### 13:5-1. License required to transport, store, or otherwise handle recyclable materials; exception.

(a) No recyclable materials shall be brought into, gathered, collected, accumulated, stored, exposed, carried or transported in any manner through any street or public place or into any structure in the City, except by license of the Director of the Department of Finance, consistent with 13:4-4.

(b) Such license shall be revocable by the Director at any time, after notice and hearing.

(c) No license shall be necessary under this section for the reasonable temporary storage of their own material by private individuals, corporations or institutions.

(d) Any person or establishment engaged in the business of collecting, transporting, storing and/or processing any recyclable materials in the City shall submit such periodic reports, on forms prescribed by the Director of Engineering, as found necessary by the City for the City to be eligible to obtain grants from the State consistent with the recycling act, P.L. 1981,c278.

### CHAPTER 6. DISPOSAL FACILITIES AND ILLEGAL DUMPING

#### 13:6-1. Disposal facilities.

All disposal facilities located in the City shall comply with all provisions of the State Solid Waste Management Act, P.L., 1975,c.326, and all applicable laws, rules and regulations of the federal, state and local government.

13:6-2. Dumping, depositing or placing of refuse prohibited.

It shall be unlawful for any person to deposit, place or dump, or to allow to permit the dumping, depositing or placing of any solid waste or refuse, or other material in this ordinance upon any land or in any waterway of the city.

13:6-3. Persons permitting illegal dumping; violation.

No person who owns any property in the city or who is in possession of said property, or who is in control of said property, shall allow or permit any person to dump any solid waste, refuse or other material defined in this title upon said property.

13:6-4. Owner to maintain premises free of litter

The owner or the person in control of any property shall at all times maintain the premises free of debris. This section shall not be construed to prohibit the storage of refuse in proper receptacles for collection.

13:6-5. Removal of material dumped illegally.

(a) Any person violating any provisions of chapter 6 of this ordinance shall immediately remove all of the material which said person has illegally dumped or deposited.

13:6-6. Reward.

A reward of \$150.00 shall be paid to any person or persons providing information leading to the detection and apprehension of any person found guilty of violating 13:6-2 or 13:6-3 of this ordinance. The reward is to be payable after conviction out of a fund established for this purpose, but no such reward may be paid to any public employee whose duty it is to investigate or to enforce the law. The Director of the Department of Health and Welfare is authorized to award the reward with the consent of the Municipal Council.

Chapter 7. BRUSH, WEEDS, WASTE MATTER AND DEBRIS.

13:7-1. Certain substances on land declared detrimental and hazardous.

The presence upon lands, lying within the corporate limits of the city of brush, weeds, dead and dying trees, stumps, roots, obnoxious growth, solid waste, refuse and debris be and is hereby declared to be detrimental to public health, safety and the general welfare.

13:7-2. Notice to owner or tenant to remove.

The owner or tenant of lands lying within the corporate limits of the city are hereby required to remove or cause to be removed from such lands any brush, weeds, dead and dying trees, stumps, roots, obnoxious growth, solid waste, refuse and debris within 10 days after receipt by such owner or tenant of written notice from either the Director of the Departments of Health and Welfare; or Engineering.

13:7-3. Notice: Service, contents.

(a) Such notice may be served upon any such owner or tenant either personally or by registered or certified mail, return receipt requested. If service is by registered or certified mail, the 10 day period within which such removal shall be accomplished shall be deemed to have commenced to run from the date of the delivery of such registered or certified mail as shown on the receipt obtained by the postal authority.

(b) Every such notice shall, in addition to requiring the removal as aforesaid, warn the owner or tenant of the lands to which such notice refers to failure to accomplish such removal within the time stated therein will result in removal by or under the direction of the city; that the cost of such removal shall be charged to the owner or tenant of such lands and shall be payable to the city within 30 days after the date of submission of the charges; and that unless such charges are paid within the 30 day period,

the costs aforesaid shall become a lien upon the lands and be collected as provided by R. S. Cum Supp. 40:48-2.14.

13:7-4. Removal by City; provisions as to cost and lien.

Whenever the owner or tenant of lands within the city, receiving the notice provided for by this chapter to remove from such lands any of the substances hereinbefore mentioned, shall fail and neglect, within the time prescribed in the notice, to effect removal of the substances, such removal shall be accomplished by or under the direction of the city. An accurate record of the cost of such removal by the city shall be determined and certified and shall cause such cost as shown thereon to be charged against the lands. The amount so charged shall forthwith become a lien upon such lands and shall be added to and become and form part of the taxes next to be assessed and levied upon such lands, to bear interest at the same rate as taxes, and shall be collected and enforced by the same officers and in the same manner as in the case of taxes.

13:7-5. Penalty additional to cost of removal.

(a) Any person who shall violate any provisions of this chapter or who shall fail to comply with any notice given by the city as provided in this chapter, shall, upon conviction thereof, be punished as provided in this 13:2-2 of these Revised Ordinances. Any such penalty shall be in addition to the costs of removing the substances hereinbefore referred to upon the lands described in the notice given by the city.

(b) Whenever vacant property has been cleaned by the city on two or more occasions and the owner of the property makes no effort to prevent further accumulation of refuse, the City may abate further accumulation of refuse by erecting a fence around the property or by such other steps as are deemed necessary by the City.

(c) The costs of abatement shall be certified to the tax collector and such costs shall thereupon become a lien upon the property to the same extent as liens for unpaid municipal property taxes. In addition thereto, the City may have an auction to recover such costs against the owner of such lands in any court having jurisdiction thereof.

## CHAPTER 8. LITTERING

13:8-1. Litter; general

(a) Every owner, lessee, tenant, occupant or person in charge of any structure shall keep and cause to be kept the sidewalk and curb abutting said building or structure free from obstruction and nuisances of every kind, and shall keep said sidewalks, areaways, backyards, courts and alleys free from litter and other offensive material. Such persons shall also remove all such litter and other offensive material between the curb abutting the building or premises and the roadway extending eighteen inches from the curb into the street on which the building or premise front.

(b) Within the thirty minutes of opening for business, merchants must sweep their sidewalks and an area eighteen inches out from the curb into the roadway.

(c) No person shall sweep into or deposit in any gutter, street, catch basin or other public place any accumulation of litter from any public or private sidewalk or driveway. Every person who owns or occupies property shall keep the sidewalk in front of his premises free of litter. All sweepings shall be collected and properly containerized for disposal.

13:8-2. Litter on occupied private property prohibited.

No person shall throw or deposit litter on any occupied private property, whether owned by him or not, except that the owner or person in control of private property may maintain authorized private receptacles for collection in such a manner that litter will not be carried or deposited by the elements upon any street, sidewalk or other public place or upon any private property.

13:8-3. Litter in public places prohibited.

No person shall throw or deposit any litter in or upon any street, sidewalk or other public place except in public receptacles or in authorized private receptacles for collection.

13:8-4. Litter on vacant lots prohibited.

No person shall throw or deposit litter on any open or vacant property whether owned by such person or not.

13:8-5. Litter in parks prohibited.

No person shall throw or deposit litter in any park except in public receptacles and in such a manner as to prevent such litter from being carried or deposited by the elements upon any part of the park or upon any street or other public place. Where public receptacles are not provided, all litter shall be carried from the park by the person responsible for its presence and shall be properly disposed of elsewhere.

13:8-6. Litter in city waters prohibited.

No person shall throw or deposit litter in any fountain, pond, lake, stream, river, bay or any other body of water.

13:8-7. Truck not to cause litter.

No person shall drive or move any truck or other vehicle unless the vehicle is so constructed or loaded as to prevent any litter from being blown or deposited upon any street alley or other public place. No person shall drive or move any vehicle or truck if the wheels or tires carry onto, or deposit, in any street, alley, or other public place, mud, dirt, sticky substances or foreign matter of any kind.

13:8-8. Litter thrown from vehicles prohibited.

No person shall throw or deposit litter from a vehicle upon any street or other public place.

13:8-9. Waste receptacle provided by street vendors.

Every person distributing or offering for sale in any street or public place any food or drink for consumption shall provide in a conspicuous place a receptacle for all refuse. The vendor shall maintain and empty the receptacle in such a manner, and with such a frequency, so as to prevent the spillage of refuse.

13:8-10. Use of litter baskets (receptacles) limited.

No person shall use any open mesh litter basket or enclosed litter basket (receptacle), placed on the streets by the city, for the deposit of residential or commercial solid waste, refuse, rubbish, garbage or other waste material.

13:8-11. Throwing or distributing handbills in public places so as to cause litter.

(a) No person shall throw or deposit any handbill in or upon any sidewalk, street or other public place.

(b) No person shall hand out or distribute or sell any handbill in any public place; provided, however, it shall not be deemed unlawful for any person to hand out or distribute without charge to the receiver thereof, in any sidewalk, street, or other public place, any handbill to any person willing to accept it. Nothing herein shall attempt to limit or restrain the right of self expression.

13:8-12. Placing handbills on vehicles prohibited.

No persons shall throw or deposit any handbill in or upon any vehicle; provided, however, that it shall not be unlawful for a person to hand out or distribute without charge to the receiver thereof, in any public place, a handbill to any occupant of a vehicle who is willing to accept it.

13:8-13. Depositing handbills on vacant premises prohibited.

No person shall throw or deposit any handbill in or upon any private premises which are temporarily or continuously uninhabited or vacant.

13:8-14. Distribution of handbills prohibited where sign posted.

No person shall throw, deposit or distribute any handbill in or upon any private premises: (1) if requested by anyone in or upon such premises not to do so; or (2) if there is placed on said premises a sign with the words: "No Trespassing," "No Peddlers or Agents," "No Advertisement," or any similar notice indicating that the occupants of said premises do not desire to be molested or have their right of privacy disturbed, or to have any such handbills left upon such premises.

1211

- 13:8-15. Distribution of handbills restricted at inhabited private premises; exception for mail and newspapers.

No person shall throw, deposit or distribute any handbill in or upon private premises which are inhabited, except by handling or transmitting such handbill directly to the owner, occupant or upon inhabited private premises or sidewalks, streets or other public places. Mailboxes may not be so used when prohibited by federal postal law or regulations. The provisions of this section shall not apply to the distribution of mail by the United States, nor to newspapers.

- 13:8-16. Posting notices prohibited.

No person shall post or affix any notice, poster or other paper or device, calculated to attract the attention of the public to any lamppost, public utility pole, shade tree, or upon any public structure or building, except as may be authorized or required by law.

#### CHAPTER 9. Canine Waste

- 13:9-1. Failing to remove canine waste prohibited.

(a) It shall be the duty of each person who owns, possesses or controls a dog to remove and feces left by his dog on any sidewalk, gutter, street or other public area. No person who owns, possesses or controls a dog shall appear with such dog without some means for removal of any feces left by such dog.

(b) The person may remove the feces and carry it away with him for disposal in a toilet.

(c) The person may place the feces in a non-leaking container and deposit it in a litter basket. The container may be, but is not limited to, a plastic bag, or other container.

(d) The provisions of this law do not apply to a guide dog accompanying any blind person.

(See Title 6 provisions concerning running at large prohibited, dog licensing and registration, etc.)

Section 2. Any ordinances or parts thereof inconsistent with this ordinance are hereby repealed.

Section 3. If any provision of this Ordinance, or its application to any person or circumstance shall be held invalid, the remainder of the Ordinance or the application of the provisions to other persons or circumstance shall not be affected.

Section 4. This Ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

Section 5. The provisions of this ordinance shall become operative Sixty (60) days after final passage.

RESOLUTION DECLARING THAT AN EMERGENCY EXISTS TO "AN ORDINANCE ESTABLISHING A MAXIMUM NUMBER OF POSITIONS FOR CERTAIN TITLES IN THE UNIFORMED SERVICE OF THE POLICE DEPARTMENT OF THE CITY OF NEWARK, NEW JERSEY" BEING FINALLY ADOPTED MAY 5, 1982, (6-PH, S & F-1), THAT THE ORDINANCE BECOMES EFFECTIVE IMMEDIATELY UPON FINAL PASSAGE AND APPROVAL BY THE MAYOR.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to reject this resolution was made by Councilman Carrino, seconded by Councilman Martinez.

Councilman James said he would like to give support to the passage of this waiver. He said it is no secret that we have tried to deal with the question of a 1200 manning ordinance and know the route that matter went. This body also spearheaded and participated in an outcry by the citizens in a 4 to 1 vote for increased police protection in the Community. If, by our waiver, we can increase supervisory personnel and bring about increased police protection in our neighborhood, he does not see how anyone of the Council who have been campaigning on improved safety in our neighborhoods would not be in support of this measure. He does not wish to be hypocritical, to be political one time, when it is in our favor, to our advantage and on the other hand simply have a difference of opinion. He said he thinks this should be passed and he is ready to debate it, lobby on it and speak on it. He understands the political implication, he understands some of his colleagues who he respects, are in opposition to this, but he does not see how they can play with the police issue. When it is not to your advantage, you are against it, when it is to your advantage, you will vote.

May 5, 1982

Councilman Carrino said the purpose of waiving the advertisement for any ordinance has to do with the fact that an emergency exists for whatever reason that would prohibit or stop the functioning of the City Government. The making of the Superiors is not an emergency to the point where the Police Department will not function and where we will have more policemen on the street. As a matter of fact if we want to be hypocritical, by not waiving the 20 days, you are allowing ten more men to stay on the streets 20 days longer. By waiving that you are taking men off the street by making Sergeants at this time. He does not think this has anything to do with the Police Department or with the promotions. The reality is that the statutes give us the authority to waive the advertisement of the ordinance because of a legitimate emergency that might exist as a result of something we might want to do right away. This does not constitute an emergency. This is not a situation where any of these people would be jeopardized because the list for Sergeants expires in June. The advertisement would end May 25th so there is absolutely no jeopardy to these people. The eight people, or ten now, would be made, so even if we were considering saving them, who might be on the list that would expire, we would constitute that to be an emergency, since the advertisement period would end prior to Civil Service list ending, there is really no emergency at this point.

Councilman Tucker said he would like to qualify certain points. The list becomes null and void on June 1st. If our action today is not immediately put into the paper by the City Clerk and the paper in effect accepts it, and it is published on May 10th, 20 days from May 10th, would be May 30th. The question is that the urgency is real. He does not believe we should jeopardize that. We can deal with things that are within our control. Clearly, there is no emergency, but he thinks it is a cost saver to the City, because we are currently paying change of rate. If for one reason or another that advertisement does not get into the paper by Monday, those Sergeants will not be made.

Councilman Grant said he would like to continue because he does not think there are enough votes to defeat this legislation. Based on that, after it has been defeated, anticipating that, he would move for the adoption of it.

Councilman James said he is not sure of the vote on the roll call, but he wants to appeal to his colleagues. He said when colleagues needed a vote at the last Council meeting, he gave support for a measure that many Councilmen, at the time felt was unwise or was polarizing one Councilman against the other. He stood firm and gave that colleague support. He wants to ask now, if they are not going to be fair about it, then he will explain the political issue of it. For us to sit here and talk about alleged delays in administrative matters. Now all of a sudden we say we are not administrators, we are legislators. Now all of a sudden we are concerned with how fast, how slow, all of the administrative problems. Either we are legislators or administrators, but we cannot be both. Our acceptance or rejection of this is an expression to the people. Either we are for any matter that might alleviate the conditions out there or we are against it. We are expressing a spearhead. We are legislators. The matter before us, we ought to pass it, and get on with the business of taking care of the business. Every platform that he has had and he will stand corrected if the other Councilmen will give him their platform, give him their leaflets and flyers, talks about concern for more, for better, for improved police services for doing all you can to promote safe streets. Then when a matter comes before us that addresses itself to police, we say it might be late, it might be slow. He would hope that the motion could be withdrawn and a new motion to pass it and get on with the business. If we fail to do that, just as he stood for his colleagues when they needed him, he will speak for the record and give the political implication that we are not willing to make public. He will tell the political ramifications they are dealing with. He does not agree with those ramifications, he believes they are wrong, but he thinks they have to be bigger than the organization of individuals. He thinks they have to set the example and he believes the action itself will not harm anyone on this Council who penalizes groups or individuals because of ego problems at this time. He thinks the Council is above egos, above organizations. We are now talking about our City and we should be fair to individuals and organizations.

Councilman Martinez said he can understand what has happened. He said for the last 8 years on this Council, we have been the prime movers of more police, pay raises, for a group to do what they did, we know where they came from. Let us move from here. We know the political ramifications of it. We recognize what happened, we saw it in the paper, it is a slap in some people's faces. Let us take it from where it came and let's not use these guys. The Mayor has used these guys as political pawns. There is no question about it. When they said they were going to make 8 Captains, 35 Lieutenants and then Mr. Banker said they were going to make 8 Captains, 8 Sergeants. They used us then and now they are looking to use us again and he does not want to be used by anyone.

Councilman Tucker said that once we approve the ordinance and that has already been done and after the Mayor has signed the ordinance and it is returned to the City Clerk, we are talking about three days to get it into the paper. If we recognize that Tuesday is May 11 and we count 20 days we will find that is beyond the actual due date on the list which means that if it is not pushed as an emergency situation we will have the authorization but the people who are currently on the list will not be made and that is the issue we should be discussing. We are dealing with time and the termination of the list.

Councilman Carrino said this decision was made at the pre-meeting conference on Tuesday and had nothing to do with a newspaper article. He said this ordinance deals with 8 Sergeants and it does not deal with promotions of Lieutenants and Captains. There is no change of rate involved. If we are going to get political about this we might as well be very political. The Mayor is looking to make promotions in the Police Department between now and Tuesday so that he looks like he is helping the Police Department. If anybody thinks that 8 promotions to the Sergeant rank between now and the 25th of May is going to solve the police and crime problem in the City of Newark, he would be the first one to move it. He does not know what anybody is talking about in regard to a newspaper article. He did not think they should mix the Police Department with politics 4 days before the election. That was his purpose in making that recommendation. If all 9 members were at the pre-meeting conference, this conversation would have taken place there. He said everybody should vote the way they feel, but to use the idea that we are trying to help the Police Department and trying to help the citizens of Newark by putting 8 Sergeants, no Lieutenants and no Captains, on the payroll between now and Tuesday is a little ludicrous.

Councilman Tucker said he believes the law stipulates that when an ordinance is approved that the ordinance will take effect 20 days after advertisement. He asked how much time it takes to get something in the Star Ledger after our notification.

City Clerk D'Ascensio said about three days. He said the time when the Mayor signs the ordinance is very critical.

Councilman Tucker said if we do not move affirmatively on this, it could obviously be in effect, but the people who are currently on the list will not be considered.

Councilman James said if we are really concerned about what we advocate seven days a week out there campaigning, let us be about it and let the Administration do their job.

Councilman Carrino agreed with Councilman James. The Mayor right now can ask for certification for those eight men. It means that it doesn't make any difference when the waiver goes through, those eight men are automatically made even if the Civil Service list expires on a given date. Once the certification is asked for those men are automatically made to be made Sergeant whether the waiver comes through and the money is in the budget for those eight people.

Councilman James asked if Councilmen Carrino and Martinez would withdraw their motion.

Councilman Bottone said the emergency is not in the promotion of 8 sergeants but in having more men on the streets. He said they are getting the priorities wrong. He said as the Mayor sees fit to promote policemen, he should also see fit to put more policemen on the streets.

The maker and seconder withdrew their motion to reject.

A motion to adopt the resolution was made by Councilman Grant, seconded by Councilman James and failed of adoption by the following votes:

Yes: Councilmen Grant, James, Tucker.

No: Councilmen Bottone, Carrino.

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE GRANTING PERMISSION TO TURNBERRY CONSTRUCTION AND MANAGEMENT INC., OF 24 PROSPECT ROAD, LIVINGSTON, NEW JERSEY, TO OCCUPY A PORTION OF THE CAMERON ROAD RIGHT-OF-WAY WITH BUILDING PROJECTIONS FROM EXISTING "NON-CONFORMANCE" STRUCTURES LOCATED ON THE PROPERTY AT 95 OAKLAND TERRACE, KNOWN AND DESIGNATED ON THE OFFICIAL TAX MAP OF THE CITY OF NEWARK AS BLOCK 4162, LOT 38.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That permission is hereby granted to Turnberry Construction and Management, Inc., of 24 Prospect Road, Livingston, New Jersey, their successors and assigns, to occupy a portion of the Cameron Road right-of-way with portions of existing "non-conforming" structures, which structures are located on the property of 95 Oakland Terrace, known and designated on the official Tax Map of the City of Newark as Block 4162, Lot 38. The specific location of the occupancy is more fully depicted on the Survey Map entitled "No. 95 Oakland Terrace, Newark New Jersey, and prepared by Leroy F. Nisenson, L.L.S., of the firm of Amos O. and Leroy F. Nisenson. Licensed Land Surveyors, 24 Commerce Street, Newark, New Jersey 07102, which map is attached and made a part hereof.

Section 2. That permission is hereby granted and approved to run in perpetuity with the land and that the City shall take no action to remove or require to be removed from the Cameron Road right-of-way those portions of the existing structures now occupying said encroachment area, except as stated in Section 7.

Section 3. That permission is hereby granted on the condition and provision that said Turnberry Construction and Management, Inc., their successors and assigns, shall indemnify and save harmless the City of Newark, its officers, agents, and servants, from any claim whatsoever, arising from or in any way connected with the granting of said privilege or by reasons of location, maintenance or the existence of the encroachment of the existing structures within Cameron Road right-of-way as depicted on the attached survey map, and shall agree to assume on behalf of the City, the defense of any action at law or injury which may be brought against the City upon such claims.

Section 4. That such permission be and is hereby given upon the condition that said Turnberry Construction and Management, Inc., shall file with the City of Newark their written acceptance of the provision of this Ordinance within thirty (30) days from the date on which it takes effect and shall pay on demand of the City of Newark the amount and cost and expense to the City for all official publication of this Ordinance.

Section 5. That for the rights and privileges herein granted said Turnberry Construction and Management, Inc., their successors and assigns, shall pay to the City of Newark an easement fee of \$1.00 upon acceptance of this agreement and shall pay annually to the City of Newark on or before January 15th of each succeeding year a user charge of \$1.00 effective the January next succeeding the time when this Ordinance shall become effective.

Section 6. That permission is hereby granted with the understanding that in the event that said portions of existing structures are removed, or caused to be removed, or that said existing structures are razed or demolished, the privileges and rights herein granted shall be recinded and no longer run with the land.

Section 7. That permission is hereby granted on the condition that said Turnberry Construction and Management, Inc., bear all costs for publication of this Ordinance as required by law.

Section 8. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Harris called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Bottone, seconded by Councilman Carrino and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, Villani, President Harris.

President Harris: The yeses are eight and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

#### ORDINANCES ON SECOND READING AND FINAL PASSAGE.

President Harris called for ordinances on second reading and final passage.

##### 6-S & F-b.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. It is now before before you on second reading and final passage:

ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF HEALTH AND WELFARE AND ESTABLISHING SALARIES THEREFOR," (6-S & F-m) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR HOUSING INSPECTOR).

(Housing Inspector

(35 Hours)

\$13,166.05 - \$15,703.82)

(Copy of ordinance and correspondence submitted to each Member of the Council)

(Public Hearing Closed)

A motion to defer action on this ordinance and directing the City Clerk to invite Corporation Counsel Teare, Director of Health and Welfare Cherot and Personnel Officer Veltri to meet with the Council at their pre-meeting conference of June 1, 1982 was made by Councilman Martinez, seconded by President Harris and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, Villani, President Harris.

#### HEARINGS OF CITIZENS.

##### 6-HC-a.

MRS. SARAH ROBERTS, 106 NORTH 13TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to an abandoned building on the corner of North 13th Street and 6th Avenue. It has been abandoned for the past nine or ten years. The speaker urged the Council to have this building demolished because every summer the children set it on fire and there is an invalid woman who lives next door to this building.

Councilman Bottone said that on Monday Director Zach and he took a tour through that area and did pinpoint some very dangerous houses and there is also a lot of dumping in that area. It seems that one of the demolition people from Belleville, demolishes a house in one place and then dumps it in another area in the City.

Councilman Bottone requested that Mrs. Roberts' remarks be forwarded to Director of Engineering Zach so he can expedite this matter.

##### 6-HC-b.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to President Reagan's interference in politics.

A motion to permit Ms. Donnie Clark to be heard on "Hearings of Citizens" was made by President Harris, seconded by Councilman Grant and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, Villani, President Harris.

6-HC-c. MS. DONNIE CLARK, 210 ORANGE STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to lodging a complaint against the C & J Towing Official Police Pound, located at 183 James Street. She has tried for the past two months to get that area cleaned up which extends from Nesbitt Street to Borden Street.

The speaker questioned if the Council can enforce the Sanitation Department to see that our City is kept cleaner than it is?

President Harris directed the City Clerk to forward Ms. Clark's remarks to Director of Engineering Zach and requested him to respond to the Council within 48 hours.

A motion to permit Mr. Judd Zavar to be heard on "Hearings of Citizens" was made by Councilman Bottone, seconded by Councilman Tucker and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, Villani, President Harris.

6-HC-d. MR. JUDD ZAVAR, MARKETING REPRESENTATIVE FOR PENTAMATION ENTERPRISES, A DATA PROCESSING FACILITIES MANAGEMENT FIRM, PENNSYLVANIA, addressed the Municipal Council with respect to Data Processing Facilities Management for the City of Newark. The speaker pointed out that their firm was the lower bid-by \$1.7 million over a three year contract period as compared to the incumbent vendor.

Councilman Grant requested a legal opinion. It sounds as though, he doesn't want to pre-empt it or pre-judge it. They are moving into a process of lobbying relative to a bid or specs or procedure. He is just wondering whether this Body should be in a position to hear that kind of information at this time.

Councilman Tucker agreed that they should get a legal opinion on this matter. They have an item on the agenda which is the recommendation of Administration and he has also been in communication directly with our auditors who have the fiscal responsibility to review the entire bidding process. Based on their recommendation, when this matter comes up, he thinks they are in a better position to discuss it. He does think they should at least get legal representation at this point to advise them which way they can proceed.

Assistant Corporation Counsel Bressler said it is her understanding that this is a matter up for the Council now for consideration and would like an opportunity to review the package which she has not reviewed before. This is an added starter that was not on the original calendar.

Councilman Tucker asked whether they can at this point get a legal opinion as to whether they can go into Executive discussion on this matter to discuss it now.

Councilman Carrino said since they more than likely are not even going to consider this tonight, can they hear Mr. Zavar without going into any rigamarole.

Assistant Corporation Counsel Bressler replied since this is a hearing of public citizens, this is not a hearing on any particular matter before the Council. If the Council wishes to hear what the gentleman has to say, it will not prejudice any later action.

Mr. Zavar continued that their bid was rejected due to failure to post a surety guarantee for performance bond. The bid specifications indicated that certain documentation would be delivered to them and said documentation was not delivered in the bid evaluation process. He feels extremely confident that they were responsive in all other ways and would like to ask that the rejection that is before the Council today be nullified and the City negotiate in good faith.

Councilman Martinez said it is very sad that a contract as big and so many millions of dollars involved to the City of Newark and the citizens of Newark, would be submitted to this Body as late as 7:00 P. M. this evening with no review. He is aware of what he is saying. He had a discussion this afternoon on this subject. Perhaps a lot of his colleagues are not aware who may not have had a discussion. He certainly faults the Administration, the Purchasing Department and all the persons involved. To submit something like this to the Governing Body which would take hours of discussion. He appreciates the speaker coming tonight. It is on the agenda as a late starter. The resolution indicates that there were three bidders, two could not get a surety bond and one was too high. Yet in the package it gives no figures and includes a legal opinion from Corporation Counsel Teare indicating that he notes that it should go along with the Council's rejecting all the bids. They have had nothing in writing from our auditors until Councilman Tucker had a telephone conversation with the auditors who seemed to say verbally that they agree with Administration's position that all of these bids should be thrown out. However, the gentlemen also indicated something very important. On July 1st the contract runs out in the City of Newark. Should no person be in control of a contract with the City of Newark they will have no Data Processing. The incumbent who currently holds the contract with the City could walk out with their equipment. That certainly puts the City in a very poor and weak position come July 1st when people will be standing up for inauguration day and we can be left without an entire computer operation, without employees getting paid. He doesn't know how far the Council wants to go on in discussing this whether the Council wants to take the position of rejecting this, whether the Council wants to take the position of leaving it on the calendar and calling for a special meeting. He certainly feels it is going to take a lot more discussion than 5 minutes that the speaker is allotted. He is prepared when the time comes up to make a Motion that this be considered at length on Tuesday and then make a decision.

Councilman Tucker concurred with Councilman Martinez's remarks. He knows that initially Administration contacted him and asked him about a late starter. He checked with the City Clerk's Staff and asked whether they received official communication from our auditors. We haven't received that. We received verbal presentation. Because we are talking about a multi-year contract and millions of dollars. He doesn't believe, although, he talked with Klein and Company on the phone approximately 10 minutes ago, that verbal presentation be given in that way. He thinks because we are talking about a major contract that they should not move on this item but basically have a special meeting called on Tuesday where they can go into detail. He finds it difficult to understand why we get a legal opinion on the rejection of a bid immediately or simultaneously with the resolution submitted to the Council to reject the bid. He thinks it is important that the figures not be made verbally, that they be in a position to at least review the individual figures and individual packages of each of the bidders plus have a written recommendation of our auditors. He thinks we need to have that prior to actually moving affirmatively on this matter. By the time we get to this item on the agenda, he would like to move that if at all possible, the President call for a special meeting on Tuesday where they would have an opportunity to talk to all parties involved to figure out exactly at that time what is in the best interests to the City but he doesn't believe they have adequate information at this point.

Councilman Bottone thanked the speaker for calling him and bringing it to the Council's attention. He believes that anything that is a multi-million dollar contract such as this, that comes in the eve of their meeting certainly needs to be questioned. He is going to question it. Right now he is not prepared. At the pre-meeting conference they decided there would be no late starters, especially contracts.

Mr. Zavar remarked that in the bid opening they indicated that their firm would be more than willing to issue a letter of credit in lieu of a surety guarantee for a performance bond and they were told a legal judgement would be made on that and asked when they would get that legal judgement there was no response.

President Harris indicated for the record this is why he has been adamantly opposed to accepting late starters, legislation dealing with contracts or tax abatements. He has always said that because that is sort of a way to sneak stuff pass this body and he has been opposed to that. This is something that warrants a lot of review.

President Harris directed the City Clerk to have Mr. Zavar's remarks extracted and made available for Tuesday's special conference and invite Business Administrator Hill, Assistant Business Administrator Banker, Corporation Counsel Teare, Purchasing Agent Lucarelli and Mr. George Huss, External Auditor, Samuel Klein and Company to meet with the Council at their special conference May 25, 1982. President Harris said they should consider whether to have them under oath, that is something to be discussed. It is time for that nonsense to stop in the City and if necessary, get the Attorney General here.

- 7-R-by. RESOLUTION AUTHORIZING TRANSFER OF HOUSING COMMUNITY DEVELOPMENT ADMINISTRATION, VI FUNDS, FROM OTHER EXPENSES, \$60,000. TO CLARK MANSION, OTHER EXPENSES, \$60,000.; PURSUANT TO ORDINANCE 6-S & F-d, APRIL 16, 1980.  
(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilwoman Villani.

Councilman Martinez questioned whether this was an item that someone from the Mayor's office came and talked about and this \$60,000. was spent last year erroneously.

Councilman Carrino explained what happened last year is that they voted for it but never put the money in and the money has been laying in HCDA VI for a year and a half.

May 19, 1982

Councilman Martinez said what he would like to do, with the concurrence of the Council is to hold this off until they have another meeting with HCDA. He thinks they showed them all where the \$60,000. at one time omitted by this Council and then packaged in with other items. They then found that they spent it. They indicated that they had spent the \$60,000. because they were under the impression that the entire package was approved. In his mind it may be an additional \$60,000. which will be \$120,000. for the Clark Mansion. He thinks they should get the benefit of the dialogue if this is so true.

Councilman Carrino said it is not that important if it is passed tonight or not. That is not the case. The original \$60,000. was never given to Clark Mansion. They passed the Clark Mansion as part of the HCDA and then when it came up to allocate the budget money, they took the Clark Mansion out of that allocation. He thinks at the time it was \$180,000. of which \$60,000. was supposed to go to Clark Mansion and \$120,000. to three other projects. When they took the Clark Mansion out the \$60,000. was put aside and \$120,000. was spent by the three other projects.

Councilman Martinez said he is not objecting to the \$60,000. He would like a clarification on these funds and to have a dialogue, if in fact, what they had told them before was true or untrue. All he is asking that this be held up until the next Council meeting to have an opportunity to discuss this with the individuals who have this information.

Councilman Bottone said if he remembers correctly he believes he voted in the negative on this because under the contract, parts that he read, there is part of a "hatch act" mentioned in there and he thinks to his feeling and his estimation there was a conflict why they are receiving some of that money because of some of the political people involved over there. He hoped that it would be deferred to check that avenue out.

The motion to adopt the resolution was made by Councilman Carrino, seconded by Councilwoman Villani and failed of adoption by the following votes:

Yes: Councilmen Carrino, Grant, Villani, Temporary President James.

7-M-b.

Councilman Martinez read the following letter being distributed by the Gibson Campaign Committee:

**GIBSON**

CAMPAIGN COMMITTEE FOR MAYOR  
50 Park Place, Newark, New Jersey 07102  
Suite 936  
(201) 622-6322

Dear Friend,

Thank you for voting for me on May 11th. Your vote helped me to beat Junius Williams, Joe Frisina and Earl Harris.

You have again made me a winner.

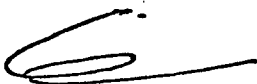

We have won but our job is not finished. The rules say that there must be a runoff election on June 15 against Earl Harris. Harris does not have the votes to win the election on his own. He has sold out to Anthony Imperiale, Councilman Carrino (who kicked down the Mayor's door) and Councilman Martinez. They want to control Newark and take us back to what President Reagan calls the "good old days" — those days when mothers died in childbirth because we did not have proper medical care — those days when there was no senior citizen housing — those days when our city was on the verge of bankruptcy and city services were for a privileged few.

We cannot allow them to take *OUR* city away from us.

We owe it to our children, and our children's children, to defeat Harris, the stooge of Reaganism and Imperiale-ism on June 15. Our lives are at stake in this election!

I need you! For us to win, you must become personally involved. Please fill out the enclosed volunteer card and drop it in the mailbox. My campaign committee will be in touch with you to make you part of our operation.

Sincerely,

Kenneth A. Gibson

Councilman Martinez stated this is only one letter of several that are being distributed throughout the City of Newark by the Gibson Campaign Committee. His motion is basically condemning the Mayor for his racist literature that he is producing throughout the City of Newark in this election. He is creating racism in this City, no one else.

Councilman Tucker felt the Motion should really go to the Gibson Campaign Committee. He is glad to at least see a copy because some of his colleagues have talked to him about it. He thinks they better recognize whether it is the Mayor's signature or not, it is coming out on letterhead on his Campaign Committee. The fact still remains, not the Mayor's signature but the fact it is the Mayor's Campaign Committee and believes the Motion should go to the Committee.

Councilman Carrino said he tends to agree with Councilman Tucker. He thinks the person whose name is on the literature, Camille Savoca, Treasurer, the Motion should go to her and not the Mayor. They all know as candidates and as people who run for office, people who put their signature on it are the ones most responsible for it. He would suggest, with the concurrence of Councilman Martinez, that Camille Savoca receives this motion.

7-M-b. A MOTION DIRECTING THE CITY CLERK TO COMMUNICATE WITH CAMILLE SAVOCA, TREASURER, GIBSON CAMPAIGN COMMITTEE FOR MAYOR, CONDEMNING THE GIBSON CAMPAIGN COMMITTEE FOR THE VITRIOLIC CAMPAIGN LITERATURE CAMPAIGN THAT IS BEING PRODUCED AND DISTRIBUTED THROUGHOUT THE CITY OF NEWARK REGARDING THE JUNE 15 MAYORAL RUN-OFF ELECTION, LITERATURE WHICH CAN ONLY SERVE TO CREATE DISCONTENT AND POLARIZE FEELINGS AMONG THE DIFFERENT ETHNIC AND RACIAL POPULATIONS WHICH MAKE UP THIS CITY, was made by Councilman Martinez, seconded by Councilman Carrino and declared adopted by Temporary President James by the following votes:

Yes: Councilmen Bottone, Carrino, Johnson, Martinez, Tucker, Villani,

Newark, New Jersey, May 25, 1982

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 2:40 P. M.

The Acting City Clerk called the meeting to order and asked for roll call.

Present: Councilmen Bottone, Carrino, Grant, James, Johnson, Tucker, Villani, Acting City Clerk Archie Korngut, Acting Clerk of the Municipal Council.

The Acting City Clerk announced due to the absence of President Harris, he would entertain a motion to elect a Temporary President.

A motion to elect Councilman Donald Tucker, Temporary President, was made by Councilwoman Villani, seconded by Councilman Grant.

There were no further nominations.

The motion to elect Councilman Donald Tucker, Temporary President, was adopted by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Villani.  
Not Voting: Councilman Tucker.

Temporary President Tucker stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on May 20, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

The Acting City Clerk read letter dated May 20, 1982, from City Clerk Frank D'Ascensio, noting that the Municipal Council at their regular meeting May 19, 1982, adopted "A MOTION DIRECTING THAT A SPECIAL MEETING OF THE MUNICIPAL COUNCIL BE HELD ON TUESDAY, MAY 25, 1982 AT 2:00 P. M.," or as soon thereafter as the Council can convene to consider the following:

- 1) Resolution authorizing transfer of Housing Community Development Administration, VI funds, from Other Expenses, \$60,000. to Clark Mansion, Other Expenses, \$60,000.; pursuant to Ordinance 6-S & F-d, April 16, 1981. (7-R-by, May 19, 1982 - Failed of Adoption)
- 2) Resolution authorizing Business Administrator to reject all bids received on May 18, 1982 for the contracting of the City's Data Processing Facility Management Operations and to re-advertise same for rebid.

May 25, 1982

A motion to defer action on this resolution was made by Councilman Tucker, seconded by Councilman Johnson.

Councilman James stated when this matter first came before the Council and in their discussions, he felt the matter was a very mute one and did not require any delay in that funding. He thinks it was explained, Councilman Martinez at that time, this was not new monies in the current HCDA budget. He voted in the negative at that time and indicated he will continue to show that this is a matter that has been fully explained.

The motion to defer action on this resolution was declared adopted by Temporary President Tucker by the following votes:

Yes: Councilmen Bottone, Grant, Johnson, Villani, Temporary President Tucker.

No: Councilman James.

Not Voting: Councilman Carrino.

RE: Facilities Management Contract Bid Specification

You have requested a legal opinion as to the validity of a bid proposal submitted without a surety bond as required in the bid specifications. Although a bid must be awarded to the lowest responsible bidder R.S. 40A:11-6.1, each bidder should be compelled to conform to every substantial condition imposed on other bidders. See Case v. Trenton, 76 N.J.L. 696 (1910). Where noncompliance with the bid specifications constitutes a substantial irregularity, the defect may not be

waived. The courts have established two criteria for determining whether a noncompliance is substantial enough to warrant a rejection:

(1) whether the effect of a waiver would be to deprive the public body of its assurance that the contract, will be entered into, performed and guaranteed according to the specific requirements, and (2) whether it is of such a nature that its waiver would adversely effect competitive bidding by placing a bidder in a position of advantage over the other bidders or by otherwise undermining the necessary common standard of competition. See, George Harms Const. v. Bor of Lincoln Park 391 A. 2d 960 (Law Div. 1978)

A minor defect is one which is merely a matter of form or some inconsequential variation from the exact requirements of the invitation for bids. Id. at 965. The New Jersey Supreme Court has held that the submission of security with a bid is material and may not be waived, although the form in which that security is submitted may vary slightly from that set forth in the specifications. Hillside Twp. v. Sternin 25 N.J. 317 (1957) Terminal Const. Corp v. Atlantic City Sewerage Auth. 67 N.J. 411 (1975)

It should be noted that the variations in the form of a security deposit, are limited to a certified check, cashier's check or bid bond. Therefore, where the bid proposal has failed to comply with the requirements of the bid specifications, the municipality may reject such bids.

There is also a question regarding the failure of the City to provide a set of the City's Application and Operations documentation. If it can be shown that a request was made for such documentation, pursuant to Paragraph 8 of the bid specifications, a prospective bidder may successfully argue that the bidding procedures were conducted unfairly. R.S. 40A:11-13 provides that no specifications may fail to disclose any matter necessary to the substantial performance of the contract or agreement. Even where the fault may be found to lie with the City, we have the right to reject all bids and readvertise same.

Frank D'Ascensio, City Clerk  
City of Newark  
City Hall  
Newark, New Jersey 07102

Dear Mr. D'Ascensio:

We have independently reviewed the bids submitted by the following organizations in response to the Bid Specifications for Facility Management Organization dated April 1982:

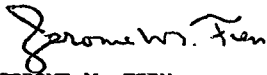

<u>Bidder</u>	<u>Amount of Bid</u>
. Computer Science Corporation (CSC)	\$4,449,600
. Pentamation Enterprises, Inc.	3,499,000
. Zicom Systems, Inc.	4,465,989

We were informed by the Contract Administrator that the Pentamation and Zicom Organizations did not submit the required surety guarantees due to the time constraints for the receipt of bids, or lack of systems documentation being available and to be supplied by the City in accordance with the Bid Specifications. As a result, the bids of the Pentamation and Zicom were rejected, leaving CSC as the remaining acceptable bidder. Our review indicates that one of the rejected bids, Pentamation, could meet the City's needs and fall within the amount presently budgeted.

Accordingly, we concur in the letter dated May 18, 1982 from the Contract Administrator and Data Processing Coordinator, copy attached, and recommend that the Bid Specifications for Facility Management Organization be re-bid immediately.

Very truly yours,

Councilman James said the Facilities Management question is a very serious one 1165 facing the City of Newark. He is somewhat dismayed and taken aback by the lackadaisical manner in which our Purchasing Department and the whole question of bidding continues to come before this Council for continued scrutiny and continuing questions about procedures. He had posed a question in the Special Conference that it was stated, a statement by Mr. Zavar "the bid specifications indicated certain documentations will be delivered to us and said documentation was not delivered to us in the bid evaluation process. Consequently, we withheld a surety guarantee for a performance bond". Their question to Counsel was simply, was that a factual statement and there was a rebuttal that it was not a factual statement that the guarantee for a performance bond should have been included in their original bid package. He further asks the question on such a sophisticated question of this nature, amount of money we are dealing with, it is unlikely that a company would withhold certain documents which would jeopardize their bid. He was told again this was a maneuver, a way of trying to have the best of two worlds. He was told this was a maneuver whereby they were attempting to have their "cake and ice cream" by not stating money this time, if in fact they were the low bidders then they could question the fact the withholding of information was due to the failure to be in receipt of other documents. He is still not of the opinion such sophisticated operation and request for services before them would warrant such a simple answer of that nature. Therefore, he is concerned about the whole question about, once again, throwing it all out and starting all over from the starting line. He is not really speaking in reference to the parties involved in the bidding procedures but he is very much concerned about our bidding procedures inhouse and very much concerned about the whole performance of the City in asking for and being in receipt of bids and the question of the presentation and information, if in fact all the information was available. For that reason and for the uncertainties, he will not support the motion as posed.

Councilman Grant said it seems ironic in a City such as Newark that a Body that has been designed and ordained as a legislative Body constantly finds itself in the midst of administrative fights. He thinks once again while they represent themselves as lawmakers, they are constantly being asked to decide an administrative process that either is going to arrive or has not been fully implemented. If one votes in the affirmative, there is a question; if one votes in the negative, there is a question; if one abstains, it looks as though one is in a dilemma. Here we are once again being asked to decide an administrative question.

Councilman James stated again it should be noted for the record they are talking about a bid which has a \$1.7 million difference between the low bidder and the high bidder.

Temporary President Tucker stated for the record that they should be mindful of the fact that it was this Council who at least hold true to the idea that Facilities Management Contract can be successfully bid and the competition will inure benefits to the taxpayers of the City of Newark. He knows clearly this is not a highly technical matter but one that is one that they prefer not to entertain at this time. The fact still remains that the bidding process they are voting on here today, whether good, bad or indifferent originated from actions by this particular Council. He thinks it is also important to note that prior to sending our Facilities Management Contract out to bid, this Council moved affirmatively to hire Samuel Klein and Company to review the process of bidding and also the formulation of the bid specifications and to come back with their own recommendations in this regard. As a matter of the record, Samuel Klein and Company did perform their review of the contract and also the bidding process and also concurred with the recommendation of the Law Department and also the recommendation of the City Administration. So consistent with the recommendation of not only City Administration but also their own internal auditors, he believes they as a Council, are a little bit more on solid ground.

The motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Johnson and failed of adoption by the following votes:

Yes: Councilmen Bottone, Johnson, Villani, Temporary President Tucker.

No: Councilmen James.

Not Voting: Councilman Carrino, Grant.

May 25, 1982

Temporary President Tucker pointed out to Assistant Corporation Counsel Pidgeon since the resolution rejecting all bids has not been successful nor has there been a motion to approve either the highest or the lowest responsible bidder, the Council at this point is in a dilemma. His concern is what are the legal implications of the actions that have taken place thus far.

Assistant Corporation Counsel Pidgeon replied he wished he knew. His understanding is that the bids can be extended by the Purchasing Agent and assumes the Council is not directing that be done. It may well be that not adopting this resolution, the bids will die of themselves. He certainly thinks it is in the Council's best interest and the City to authorize the re-bidding of this contract so they can get off stage one.

Councilman Carrino said if there is a difference of \$1.7 million, how can Assistant Corporation Counsel Pidgeon say it is in the best interests of the City to re-bid this.

Assistant Corporation Counsel Pidgeon said what they have here is that they are working at cross purposes. They have some information submitted during the bidding procedures, two bidders that failed to comply with the specifications. Before he came down to this meeting he received a call about another bidding problem. Sooner or later they have to take the "bull by the horns" and resolve what they are going to do. If they don't show up with surety bonds, they violate the specifications. There is no reason to consider those bids and at this point he would suggest to the Council respectfully that this resolution be adopted.

Councilman Carrino indicated that he wished to change his vote to the affirmative.

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Johnson and declared adopted by Temporary President Tucker by the following votes:

Yes: Councilmen Bottone, Carrino, Johnson, Villani, Temporary President Tucker.  
No: Councilman James.  
Not Voting: Councilman Grant.

#### BOARD OF ADJUSTMENT - APPEAL.

4-A-1.

The City Clerk read IN THE MATTER OF APPLICATION OF CLIFFORD FLOOD, (JOHN C. ARNOLD, OWNER); TO PERMIT IN A SECOND RESIDENCE DISTRICT THE PARKING OF MOTOR VEHICLES ON PREMISES 249 1/2-251 SOUTH 18TH STREET.

The Board of Adjustment at its regular meeting February 23, 1982, approved the application by a vote of 7 Ayes and 2 Not Voting.

Each Member of the Council was furnished with a copy of the transcript in connection with this application.

An Appeal in the matter was filed in the Office of the City Clerk on March 8, 1982. The transcript in connection with this matter was received by the City Clerk on April 14, 1982.

On April 19, 1982, the City Clerk notified the applicant and the appellant and objectors that an appeal in this matter will be heard by the Municipal Council at their regular meeting May 5, 1982, at 1:00 P.M., in the Council Chamber, second floor, City Hall, Newark, New Jersey.

On May 5, 1982, a hearing was held on the appeal. The hearing was closed and action was deferred on this application.

On May 6, 1982, the City Clerk notified the applicant and the appellant and objectors that this matter was deferred at the May 5, 1982 meeting and the hearing was closed and further action will be taken by the Municipal Council at the meeting of May 19, 1982.

On May 19, 1982, the Municipal Council deferred action on this application.

City Clerk Frank D'Ascensio read R.S. 40:55D-17c into the record:

"The Governing Body shall conclude a review of the record below not later than 95 days from the date of publication of notice of the decision below pursuant to subsection i. of section 6 of this act (C. 40:55D-10) unless the applicant consents in writing to an extension of such period. Failure of the Governing Body to hold a hearing and conclude a review of the record below and to render a decision within such specified period shall constitute a decision affirming the action of the board".

City Clerk D'Ascensio announced since the notice of the decision of the Board of Adjustment in this matter was published on February 26, 1982 and the Municipal Council failed to act on the appeal within the 95 day period, by operation of law the decision of the Board has been affirmed.

(Councilwoman Villani arrived at 1:35 P.M.)

AN ORDINANCE APPROVING AN AMENDMENT TO THE URBAN RENEWAL PLAN AND THE RELOCATION FOR THE ST. BENEDICT'S URBAN RENEWAL PROJECT N.J.R. - 123 (SIXTH AMENDMENT)

June 2, 1982

## BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

WHEREAS, the Municipal Council of the City of Newark has heretofore, by Resolution 7RBr adopted December 21, 1966; and 7Rbv March 21, 1973; 7Rch, September 4, 1974; 7RT, April 7, 1976; 6S&F-1 April 6, 1977; and 6S&Fe, March 7, 1979; approved Urban Renewal Plans and Amendments thereto for the St. Benedict's Urban Renewal Project (N.J.R-123); and

WHEREAS, the Housing Authority of the City of Newark and the Central Planning Board of the City of Newark have considered and approved an additional amendment to said Urban Renewal Plan, said amendments consisting of: (1) a change from semi-private to commercial for a parcel of land located between Waverly and University Avenues in block 73. Proposed developers, the United Way are no longer interested, and another developer will be selected; (2) the development by the City of Newark, a parcel of land located along the southerly line of Willima Street between University Avenue and Washington Street; (3) the development by the City of Newark, a parcel of land located between Washington Street and University Avenue in block 97; (4) a parcel of land, owned by the City of Newark being merged with the adjoining land, which is being sold to the City of Newark. This parcel of land is located at 396 University Avenue or block 97 which is no longer designated to be acquired.

WHEREAS, said Urban Renewal Plan complies with the requirements of all applicable state and federal statutes and regulations promulgated thereunder; and

WHEREAS, the Central Planning Board of the City of Newark has submitted to the Municipal Council its report and recommendation respecting the amended Urban Renewal Plan for the Project Area and the Municipal Council has duly considered the report and recommendations of the planning body; and

WHEREAS, it has heretofore been found and determined by Resolution 7Rg adopted September 1, 1965 that the project area is a blighted area under Chapter 187 of the Laws of the State of New Jersey, 1949, as amended; and

WHEREAS, it is necessary that the Municipal Council take appropriate official action respecting the relocation program and the Urban Renewal Plan for the Project, in conformity with a contract for financial assistance between the Housing Authority and the United States of America, acting by and through the Secretary of the Department of Housing and Urban Development; and

WHEREAS, the Municipal Council is cognizant of the conditions that are imposed in the undertaking and carrying out of urban renewal projects with Federal financial assistance under Title I, including the prohibiting of discrimination because of race, color, creed or national origin;

## NOW THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That it is hereby found and determined that the Urban Renewal Plan for the Area conforms to the general plan of the City of Newark.

2. That it is hereby found and determined that the Urban Renewal Plan for the Area gives due consideration to the provisions of adequate park and recreational areas and facilities, as may be desirable for the neighborhood improvement with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the Plan.

3. That it is hereby found and determined that the amended Urban Renewal Plan for the Urban Renewal Area will afford maximum opportunity, consistent with the sound needs of the locality as a whole, for the urban renewal of the area by private enterprise.

4. That it is hereby found and determined that the objectives of the amended Urban Renewal Plan cannot be achieved through rehabilitation of the Project Area.

5. That in order to facilitate the implementation of the Urban Renewal Plan for the area it is found and determined that certain official action must be taken by this Body and, accordingly, this Body hereby (a) pledges its cooperation in helping to carry out such Urban Renewal Plan; (b) requests the various officials, departments, boards and agencies of the City of Newark having administrative responsibility in the premises to cooperate to such end and to exercise their respective functions and powers in a manner, consistent with said Plan and take appropriate action upon proposals and measures designed to effectuate said Plan.

6. That the Urban Renewal Plan for the Area having been duly reviewed and considered, is hereby approved, and the City Clerk be and is hereby directed to file said copy of the Urban Renewal Plan with the minutes of this meeting.

7. That this Ordinance shall take effect upon final passage and publication in accordance with law.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE AUTHORIZING THE EXCHANGE OF THE SITE, KNOWN AS LOMBARDY PARK, AT 1035-1047 McCARTER HIGHWAY (CITY BLOCK 13, LOT 1), NEWARK, NEW JERSEY, FOR LANDS AT 1073-1081 McCARTER HIGHWAY, IN CITY BLOCK 12, OWNED BY MUTUAL BENEFIT LIFE INSURANCE COMPANY, WHICH WILL BE DEVOTED TO USE AS A PUBLIC PARK, WITH EQUALIZING MONEY FROM THE MUTUAL BENEFIT LIFE INSURANCE COMPANY OF \$4,466.50 AND ON THE TERMS AND CONDITIONS HEREINAFTER STATED.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. WHEREAS, 8-36 Atlantic Street Urban Renewal Association (hereafter Atlantic) is seeking tax abatement from the City of Newark (hereafter City) for an 8 story office building to be constructed on lands in said City within the confines of the east side of Atlantic Street; south side of Bridge Street; west side of McCarter Highway and the north side of Lombardy Street. Also to be included in Atlantic's project, if and when acquired, is the land, comprising the small park, known as Lombardy Park, owned by the City of Newark. The area of this park is approximately .1773 acres and is designated on the Official Tax Map of said City (year 1981) as 1035-1047 McCarter Highway, also known as 38-44 Lombardy Street (Block 13, Lot 1); and

2. WHEREAS, with the exception of Lombardy Park the entire project site is embraced within Block 12, on the Official Tax Map of the City of Newark for the year 1981; and

3. WHEREAS, the Mutual Benefit Life Insurance Company (hereinafter referred to as Mutual) is the owner of all the lands in Block 12; and

4. WHEREAS, Mutual seeks to exchange for, and in substitution of, Lombardy Park a parcel of land in Block 12, hereinafter referred to as the "Mutual Parcel" or the "new park" described as follows:

Situate, lying and being in the City of Newark, County of Essex, and State of New Jersey, more particularly described as:

BEGINNING at a point which is the southwest corner of the intersection of the right-of-way lines of McCarter Highway and Bridge Street in Block 12 on the Tax Maps of the City of Newark. Thence extending southerly from said point of beginning along the westerly right-of-way line of McCarter Highway on an arc curving to the right having a radius of 4041.25 feet, the arc distance of 126.61 feet (the chord of this arc having a bearing of South 12 degrees, 55 minutes, 04 seconds West and distance of 126.59 feet); thence leaving the right-of-way line of McCarter Highway for the following two courses and distances to the right-of-way line of Bridge Street; (1) North 74 degrees, 27 minutes West, 28.48 feet to a point; (2) North 12 degrees, 48 minutes West, 100.53 feet to a point on the southerly right-of-way line of Bridge Street;

thence extending along the right-of-way line of Bridge Street North 77 degrees, 12 minutes East, 80.00 feet to the point of BEGINNING.

Containing 0.1327 acres more or less.

June 2, 1982

1180

5. WHEREAS, the parties desire to exchange their respective lands, in fee, in accordance with the provisions of N.J.S.A. 40A:12-16, and upon the following terms and conditions:

- (a) The "Mutual Parcel" shall be used as a park and for the same public purposes as the property for which it is exchanged.
- (b) Mutual shall construct the park on the premises last above described, at its own expense as shown in their site plan, approved April 5, 1982 by the Central Planning Board of the City of Newark, which park Mutual shall maintain for fifty (50) years in behalf of the City of Newark, at Mutual's sole expense, and thereafter the City shall bear the expense of maintaining this Park.
- (c) Mutual at its own cost and expense shall provide appropriate benches, in the new park as shown on the site plan.
- (d) Mutual during such time as it is to maintain the new park shall hold the City of Newark harmless from any claim(s) of damage(s) to person or property, arising out of the public use of said Park.
- (e) That the deed or deeds to exchange said lands between Mutual and the City shall embrace the foregoing conditions as the obligations of Mutual; and

6. WHEREAS, the Assessor's tax duplicate for the year 1982 places a value on Lombardy Park, a non-ratable, as \$12,400, and a value of \$14,800 on the land comprising the "Mutual Parcel" (Lots 14, 16, and 20 in Block 12, Nos. 1073-1081 McCarter Highway); and

7. WHEREAS, George Goldstein, M.A.I., Appraiser and Consultant, has made an appraisal, dated April 12, 1982, on file in the Office of the City, by which he places a value of \$17,800.00 on Lombardy Park and a value on the "Mutual Parcel" of \$13,133.50 or \$4,666.50 less than the value of Lombardy Park; and

8. WHEREAS, Mutual, in addition to conveying the "Mutual Parcel" to the City has agreed to pay the City \$4,666.50 which when combined with the value of the "Mutual Parcel" will be at least of equal value to Lombardy Park.

9. WHEREAS, this Council having considered the various aspects of the aforementioned exchange of lands has determined that the Mutual Parcel with said cash consideration and the Lombardy Park site are of equal current value, and that such exchange will be in the best interest of the City of Newark; will enable a desired improvement to materialize in an area needing uplift, both in appearance and character, and will result in substitution for Lombardy Park of a park a short distance therefrom.

THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

June 2, 1982

I. That the Business Administrator is authorized on behalf of the City of Newark to execute and deliver a deed or deeds, attested to by the City Clerk, exchanging the site known as Lombardy Park at 1035-1047 McCarter Highway, also known as 38-44 Lombardy Street (Block 13, Lot 1) on the City's Official Tax Map and Tax Duplicate for premises owned by the Mutual Benefit Life Insurance Company, described in paragraph 4, above and the sum of \$4,666.50.

II. That the deed or deeds to make such exchange, whereby the Mutual Parcel will be substituted for Lombardy Park not only be approved by the Corporation Counsel as to form and legality but the deed or deeds shall embrace the terms and conditions set forth in paragraph 5(a)(b)(c)(d) and (e), above as well as other terms and conditions of this Ordinance as the City's Corporation Counsel may require.

III. That the exchange of deeds is not to occur until ground has been broken for the project which necessitates this exchange of lands, and that for the purposes of and during the course of, construction of the project, the contractor, and latter's sub-contractor(s), their employees, agents and servants may go in and upon the Mutual Parcel after deed or deeds have been delivered for the exchange of lands, and until December 31, 1984 when the project is to be completed.

IV. That all matters pertaining to the preparation and use of the Mutual Parcel as a public Park shall be performed by Mutual on or before December 31, 1984.

V. That this Ordinance shall take effect upon publication and passage, according to law.

VI. That the exchange of deed or deeds shall bind the successors and assigns of the parties, thereto; and Mutual at no cost to the City shall furnish the City with a title policy establishing in the City a marketable title in fee in the Mutual Parcel, free and clear of all liens and encumbrances, except as created by the within Ordinance.

VII. That Mutual is to pay the cost of publishing this Ordinance and for the recording of the exchange deed or deeds on demand of the City of Newark.

VIII. That the conveyance to Mutual of Lombardy Park, as authorized by paragraph I, above, also include all the City's right, title and interest in the bed of Lombardy Place (now vacated) to the extent that the said Park abutted thereon.

IX. Any prior Ordinance or parts thereof inconsistent with the foregoing Ordinance are hereby repealed.

X. Upon receipt of the foregoing mentioned sum of \$4,466.50 it is to be devoted by the City for recreational purposes.

Temporary President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

AN ORDINANCE AMENDING TITLE 2, CHAPTER 2, SECTION 84, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, TO CREATE A DEDICATED TRUST WITHIN THE HOUSING COMMUNITY DEVELOPMENT ACT FOR THE PURPOSE OF MEETING ELIGIBLE PROGRAM OBJECTIVES.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Title 2, Chapter 2, Section 84, Community Development Administration, of the Revised Ordinances of the City of Newark, New Jersey be supplemented by adding thereto sub-section (c) as follows:

Sub-section (c) - Demolition & Rehabilitation Trust Fund

2:2-84(c) (1) Establishment, Administration

There shall be created a Trust Fund, hereinafter referred to and to be known as the Eligible Programs Trust Fund, from all monies collected by the City of Newark through the recovery of demolition costs either by the imposition of a lien or through the action at law instituted by the Department of Law, which shall be added as a separate trust to the Housing Community Development Act grant funds and be administered by the Mayor's Policy & Development Office/Community Development Administration through its office of Planning and Grantsmanship.

2:2-84(c) (2) Conditions, Award of Funds

Consistent and in addition to the powers and duties of the planning officer as hereinafter set forth, said planning officer from the Office of Planning and Grantsmanship will establish the criteria and framework as well as promulgate regulations for the awarding of monies from the aforementioned Trust Fund, specifically for the purpose of meeting any of the eligible program objectives of the Housing Community Development Act.

2:2-84(c) (3) Community Participation

In accordance with the stated purpose of this Article, community participation through the submission of plans and proposals are to be encouraged. However, it is the City Planning Officer who shall bear responsibility for all decisions concerning the allocation of the Trust Fund.

Section 2. All Ordinances or parts thereof inconsistent herewith are hereby repealed.

Section 3. This Ordinance shall take effect upon final passage and publication in accordance with law.

Temporary President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MS. THELMA FLEMING, 341 13TH AVENUE, NEWARK, NEW JERSEY, said she was there representing Coalition Six. She said the Members of Coalition Six have worked hard in bringing the ordinance before the Council. She asked the Council Members to please give the ordinance their support by voting for it.

June 2, 1982

MS. LOUISE WHITEHEAD, 318 SOUTH 7TH STREET, NEWARK, NEW JERSEY, said she was also there representing Coalition Six. She mentioned Coalition Six was very proud that the ordinance was before the Council at this time. She stated this was a victory for the citizens of the City of Newark. She said she was counting on the Council's support in voting for the ordinance; Council has given their support to Coalition Six in the past.

MR. FRANK FERRUGGIA, ESQ., 433 SOUTH 14TH STREET, NEWARK, NEW JERSEY, stated he was the attorney representing Coalition Six. He encouraged the Council Members to vote for the ordinance because everyone worked very hard in getting the legislation written up. He mentioned the money would be used for constructive uses.

MR. ARNOLD COHEN, 48 READ STREET, NEWARK, NEW JERSEY, indicated he lived in the Ironbound Section of the City of Newark and worked with Coalition Six in bringing this ordinance before the Council.

No one else appearing, a motion to close the hearing on the ordinance, as advertised, was made by Councilman Johnson, seconded by Councilman Tucker and declared adopted by Temporary President Grant by the following votes:

Yes: Councilmen Bottone, Carrino, James, Johnson, Martinez, Tucker, Villani, Temporary President Grant.

A motion to amend the ordinance as follows:

In Section 2:2-84 (c) (2) after the phrase "will establish", there should be an insertion of the phrase, with the approval of the Business Administrator.

In Section 2:2-84 (c) (3), delete the last sentence and set forth "The Planning Officer with the approval of the Business Administrator, shall submit all proposed allocations of such funds to the Municipal Council for its approval by resolution".

was made by Councilman Johnson, seconded by Councilman Tucker and declared adopted by Temporary President Grant by the following votes:

Yes: Councilmen Bottone, Carrino, James, Johnson, Martinez, Tucker, Villani, Temporary President Grant.

The City Clerk stated that the ordinance, as amended, will be advertised in accordance with law and a public hearing will be held on the amendment to the ordinance, and the ordinance, as amended, will be considered for further action on June 16, 1982.

#### ORDINANCES ON SECOND READING AND FINAL PASSAGE.

President Harris called for ordinances on second reading and final passage.

Absent During Roll Call: Councilman James.

#### HEARINGS OF CITIZENS.

6-HC-a.

REVEREND MARCEL PREACH CRAIG, 671 LINCOLN AVENUE, ORANGE, NEW JERSEY, addressed the Council with concerns about the Essex County State Youth Ministry. He stressed the fact that the Ministry needed the Council's support to continue doing the fine job that it has been doing.

6-HC-b.

MRS. BESSIE WALKER WILLIAMS, 2 NEVADA STREET, NEWARK, NEW JERSEY, addressed the Council with the problem she had encountered while working in the East Ward, 26th District on Election Day. She said the behavior of the people that worked on the Election Board on Election Day was "atrocious". She had never seen anything like that in all the years she had worked on the Election Board. She said she was pushed around by people who worked for the candidates; and she wanted all the Council Members to know that she would not let anyone "tread" on her.

6-HC-c.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to his concerns about all levels of government.

6-HC-d.

MS. LOUISE WHITEHEAD, 318 SOUTH 7TH STREET, NEWARK, NEW JERSEY

6-HC-e.

MS. THELMA FLEMING, 341 13TH AVENUE, NEWARK, NEW JERSEY

The above speakers thanked the Municipal Council for voting in favor of Ordinance 6-Ph, S & F-h.

6-HC-f.

MS. KINAYA C. MATHEWS, 3 IRVINE TURNER BOULEVARD, NEWARK, NEW JERSEY, said she was representing New Ark School, located at 3 Irvine Turner Boulevard. She mentioned that the Springfield Avenue Community School building was presently empty and how would she go about requesting the aid of getting such a building for the children of New Ark School. She said the building they now occupied was too small.

Temporary President Grant indicated he was familiar with New Ark School. He said the property Ms. Mathews' was asking about was owned by the Newark Board of Education and they would have to be approached in asking for that particular building. He shared Ms. Mathews' concerns about getting a new building for the New Ark School and that he would keep an eye open for her school.

Temporary President Grant indicated he wanted Ms. Mathews' remarks sent to the Executive Superintendent of the Board of Education. He stated

June 2, 1982

that he would have Mr. Armand Lembo, Administrative Aide, Office of Real Property send any information he had on available buildings to Ms. Mathews.

Ms. Mathews said she would appreciate it if the Council would help her in finding a building.

Councilman Johnson added he was also aware of the "fantastic" job her staff was doing in the school.

Yes: Councilmen Bottone, Carrino, Martinez, Tucker, Villani.

No: Councilman James.

Not Voting: Councilman Johnson, Temporary President Grant.

Councilman James wanted to know what the picture is that the special policemen find themselves in.

Temporary President Grant said the subsequent information the Corporation Counsel submitted was that the legislation was illegal and if something were to occur during that time, the Councilmen that voted for it would be held liable if something went wrong.

Councilman Tucker mentioned in the legal opinion that the Corporation Counsel submitted it did not mention anything about the Councilmen being held liable, it only dealt with the City. It was clear the matter could only be resolved through enabling legislation approved by the State Legislature. He also mentioned there was an opinion by the Appellate Division of the New Jersey Courts which upheld the right of the Governing Body to utilize special policemen in their local jurisdictions based on the police power. He indicated he requested a copy of same but as of yet he has not received it. He reiterated the Corporation Counsel is still of the opinion there was a possibility of doubt the City would be liable if something went wrong. That was the reason why the legislation was submitted; so the Council could vote to rescind it.

Councilman James said his concern was that the Council would be giving a false type of leadership of the powers and duties of the special policemen.

Councilman Tucker presented A MOTION OF DENUNCIATION FOR MISREPRESENTATION OF COUNCIL ACTIONS and requested the City Clerk to read it into the record.

Whereas, the Newark Municipal Council at its regular meeting of May 19, 1982, submitted a motion of condemnation of the Gibson for Mayor Campaign Committee based on its development and distribution of a particular piece of campaign literature, which implies negative perspective on dealing with all ethnic groups within the City of Newark; and

Whereas, the City Clerk was directed to communicate with Ms. Camille Savoca, indicating the Council's condemnation of that particular political action; and

Whereas, it was the intent of the Council to clearly indicate to all candidates seeking political office that misrepresentation and political ethnic manipulation should not be the general mode of acceptable behavior in our fair City; and

Whereas, on Sunday, May 30, 1982, the Earl Harris for Mayor Committee initiated a radio advertisement on WNJR, misquoting the Newark Municipal Council on its action of May 19, 1982, stating "that the Newark City Council condemned the Mayor on the campaign tactics; and

Whereas, in that same radio advertisement, which addresses a majority of a black listening audience, emphasizes that two (2) members of the City Council who happen to be black, supported the condemnation of the Mayor, which was an untrue statement; and

Whereas, the radio announcement does not mention any of the Councilpersons who also supported the motion, who happen not to be black; and

Whereas, the Earl Harris for Mayor Committee has developed a piece of campaign literature which is being broadly disseminated within the black community consistent with the radio announcement.

Now, therefore be it moved by the Municipal Council of the City of Newark, New Jersey, that:

By action of this motion, censures and denounces the actions of the Earl Harris for Mayor Committee for misrepresentations and distorting a formal action of the City Council, for what we believe to be an ethnic political manipulation; and

Be it further resolved that a copy of this motion be submitted to the Earl Harris for Mayor Committee along with a certified copy of the motion which was approved on May 19, 1982.

The motion was made by Councilman Tucker, seconded by Councilman James.

Councilman James said it was unfortunate that the Star Ledger misinterpreted their earlier discussion dealing with campaign literature. It was more unfortunate that one person running the campaign staff of one of the candidates had misinterpreted that action as well. We had two misinterpretations. On an act by this Council simply to state very clearly that all the Members of this Council are opposed to any type of racist campaign literature. "There is no mention of individuals, no mention of Mayors, no mention of candidates." It was their opinion to be against any racist campaign literature. He thinks the allegations contained in the Motion as read by the City Clerk have been brought to the attention of the respective candidates and to the best of his knowledge, the commercial has been removed from WNJR. He thinks for this Council to continue to deal in the political arena, trying to weigh acts of both candidates, somewhat has been misinterpreted. It becomes too much of a political football. In view of the fact that it has been removed based on the allegations as posed by Councilman Tucker and himself, he sees a danger in this Body continuing to attempt to be political, he sees a danger in them fighting these issues and this Council being divided. Whereas the charge has been abated peacefully based on their request he sees no need for the Motion at this time. He will await the comments of his colleagues.

Councilman Tucker said since the radio spot has been taken off the air it may be the concern of approving the Motion may not be a valid point, the Council should act on. He does believe this Motion should be read directly into the record. What he is concerned about is that that particular misrepresentation needs to be highlighted. He is not of the opinion that they need to approve a Motion and he thinks the essence of what they are trying to clearly indicate is that if you attempt to actually misrepresent the citizens of Newark no matter what the particular basis is, he wants to clearly indicate that it is not a matter of taking something out of context because this Council clearly delineated the difference between the Motion of May 19, 1982, in which they stated they were not actually condemning the Mayor but condemning the Mayor's Re-Election Committee. They directed the City Clerk to subsequently send a communication to Camille Savoca specifically for that purpose. He does think it may very well be a misrepresentation on the headline of the Star Ledger but the body of the article that appeared on May 20, 1982 made it very clear exactly what the Council's intent was. In regard to his colleague on the City Council, Council President Earl Harris, although he was not at the meeting, all he had to do, or his particular campaign committee had to do was look at the letter which was forwarded by the City Clerk to Camille Savoca, in which each Member of the Council was in receipt of and in that particular letter it clearly indicated that their condemnation specially dealt with the Mayor's Re-Election Committee, not necessarily the Mayor. He cannot say at this point and time what the results of that kind of action are going to be. He does think it was political and it was planned and he does not think it was accidental. He does think it was not a misquote and he thinks it was planned in order to have a certain political impact. He is glad the radio spot is off the air and he does think the damage of misrepresentation has been done. He does not believe, if his colleagues at this point and time the issue does not need to be publically aired, he can concur with that action. He wants to make it very clear that he does not believe it was an accident of misrepresentation. It was a planned calculated political reaction.

Councilman Johnson said he thinks Councilman James is on the beam at this point. The issue should be allowed to drop for clarification at a later date and would like the comments from the last meeting read into the record or added to the record of this meeting.\* So at a later date there would be no misunderstanding as to what took place here today. The issue is moot and we should move on.

Councilman James said he would simply add for the record that he thinks for anyone running for public office to place a picture of any individual on their literature without that persons permission is an irresponsible act and all of them seeking public office have a responsibility to be responsible to those who profess to campaign in their name. Sharpe James is going to take full responsibility for everyone that wears his button and campaigns in his name. He thinks all of them should share that responsibility. We cannot allow individuals who had any campaign structure to do as they please and then have candidates say "not knowledgeable of it, not aware of it" when your name and disclaimer appears on that literature and certainly the financing of that literature comes from various camps.

\*Comments referred to at the May 19, 1982 meeting appear on pages 36 and 37 in the Minutes of this Meeting.

Councilman Tucker said his only concern is that he would like to insure that the Motion be placed in the record in its entirety.

Councilman James said he certainly wants to say the Star Ledger created a problem that did not exist. He thinks if the minutes of that meeting, the tape was played, the discussion centered on racist campaign literature, not individuals. For the Star Ledger to have that banner heading "The Council condemns Mayor Gibson" that is the worst editorial he has seen by the Star Ledger most recently.

Councilman Tucker said he would like to move the Motion and subsequently withdraw it so that it appears in its entirety in the record. If that does not take place he believes it will not appear in the record.

Councilman James said he would like to underscore his last statement that he stated to Councilmen Carrino and Martinez upstairs that they would hope that all of them seeking public office would debate the issues that affect the quality of life of all of their citizens as opposed to personalities involving individuals. Certainly in the City of Newark of our size, with the multitude of problems they are confronted, there are issues that affect the daily lives of people and that should keep prospective office holders and those who wish to change the office quite busy debating real issues that would bring about improvement and quality of life for all our citizens. He is personally opposed to mud slinging by any or all candidates.

Councilman Carrino said it is unfortunate that the fact still remains since their Motion went into effect that was sent to the Treasurer of the Gibson for Mayor Campaign Committee, subsequent pieces of literature depicting the same racial overtones have been distributed. He would have to say regardless of whether it is the Mayor or Council President Earl Harris that after something has been initially done and they as a Body have taken an action that sends a formal piece of paper to that Committee and subsequently that Committee still acknowledges the same type of racial flyers they have been giving out, then the candidate should be held responsible and those pieces of literature are still being pumped out prior to their sending out that piece of literature. Hopefully going along with Councilman Tucker's suggestion, maybe they should send a copy of this Motion to both the Mayor personally and Council President Harris personally so they can take on the responsibility of their campaign committee.

Councilman James concurred with Councilman Carrino's remarks and would like to add that although Councilman Tucker and he indicated that the radio spot has been withdrawn it has been brought to their attention that their pictures appear on campaign literature without their permission and he is appealing to the Star Ledger and others that they are simply requesting any and all campaign literature that appears with their picture without their permission, that too should be withdrawn.

Temporary President Grant said they have a Motion before them and before they move on that motion he would like to state for the record that when the original Motion was offered he abstained based on one political fact that in this arena of politics one does not permit in his opinion others to draw the political line of action. You know that for yourself. He will certainly abstain on this because it is an attempt again to draw political lines of fighting and he doesn't see himself drawn into that.

Councilman Tucker said the only reason he is making this a Motion and withdrawing the Motion is to at least have the Motion appear in the record. If that is the case he will withdraw the Motion.

City Clerk D'Ascensio said the only way it will appear in the record is if it appears before them formally. If you don't want it effected, just don't adopt it.

Councilman Carrino asked whether they can just send a copy of this document to both of the campaign headquarters without getting involved in voting on this.

Temporary President Grant stated it is already in the record. Just no formal action has been taken on it.

Councilman Tucker said he withdraws the Motion to adopt.

Councilman James said all this discussion and it is not approved by the Municipal Council. It was accepted and seconded. It should be sent to the respective Campaign Headquarters.

(Excerpts from Minutes of May 19, 1982 meeting of the Municipal Council)

Councilman Martinez read the following letter being distributed by the Gibson Campaign Committee:

**GIBSON**

CAMPAIGN COMMITTEE FOR MAYOR  
50 Park Place, Newark, New Jersey 07102  
Suite 936  
(201) 622-6322

Dear Friend,

Thank you for voting for me on May 11th. Your vote helped me to beat Junius Williams, Joe Frisina and Earl Harris.

You have again made me a winner.

We have won but our job is not finished. The rules say that there must be a runoff election on June 15 against Earl Harris. Harris does not have the votes to win the election on his own. He has sold out to Anthony Imperiale, Councilman Carrino (who kicked down the Mayor's door) and Councilman Martinez. They want to control Newark and take us back to what President Reagan calls the "good old days" — those days when mothers died in childbirth because we did not have proper medical care — those days when there was no senior citizen housing — those days when our city was on the verge of bankruptcy and city services were for a privileged few.

We cannot allow them to take *OUR* city away from us.

June 2, 1982

1204

We owe it to our children, and our children's children, to defeat Harris, the stooge of Reaganism and Imperialism on June 15. Our lives are at stake in this election!

I need you! For us to win, you must become personally involved. Please fill out the enclosed volunteer card and drop it in the mailbox. My campaign committee will be in touch with you to make you part of our operation.

Sincerely,

Kenneth A. Gibson

Councilman Martinez stated this is only one letter of several that are being distributed throughout the City of Newark by the Gibson Campaign Committee. His motion is basically condemning the Mayor for his racist literature that he is producing throughout the City of Newark in this election. He is creating racism in this City, no one else.

Councilman Tucker felt the Motion should really go to the Gibson Campaign Committee. He is glad to at least see a copy because some of his colleagues have talked to him about it. He thinks they better recognize whether it is the Mayor's signature or not, it is coming out on letterhead on his Campaign Committee. The fact still remains, not the Mayor's signature but the fact it is the Mayor's Campaign Committee and believes the Motion should go to the Committee.

Councilman Carrino said he tends to agree with Councilman Tucker. He thinks the person whose name is on the literature, Camille Savoca, Treasurer, the Motion should go to her and not the Mayor. They all know as candidates and as people who run for office, people who put their signature on it are the ones most responsible for it. He would suggest, with the concurrence of Councilman Martinez, that Camille Savoca receives this motion.

7-M-b. A MOTION DIRECTING THE CITY CLERK TO COMMUNICATE WITH CAMILLE SAVOCA, TREASURER, GIBSON CAMPAIGN COMMITTEE FOR MAYOR, CONDEMNING THE GIBSON CAMPAIGN COMMITTEE FOR THE VITRIOLIC CAMPAIGN LITERATURE CAMPAIGN THAT IS BEING PRODUCED AND DISTRIBUTED THROUGHOUT THE CITY OF NEWARK REGARDING THE JUNE 15 MAYORAL RUN-OFF ELECTION, LITERATURE WHICH CAN ONLY SERVE TO CREATE DISCONTENT AND POLARIZE FEELINGS AMONG THE DIFFERENT ETHNIC AND RACIAL POPULATIONS WHICH MAKE UP THIS CITY, was made by Councilman Martinez, seconded by Councilman Carrino and declared adopted by Temporary President James by the following votes:

Yes: Councilmen Bottone, Carrino, Johnson, Martinez, Tucker, Villani,  
Temporary President James.  
Not Voting: Councilman Grant."

7-M-c. A MOTION STATING THE INTENT OF THE MUNICIPAL COUNCIL TO EXPLORE THE FEASIBILITY OF RETAINING OUTSIDE COUNSEL TO REPRESENT THE GOVERNING BODY IN ITS EFFORTS AGAINST UNFAIR REAL PROPERTY REVALUATION, was made by Councilman Martinez, seconded by Councilman Carrino.

1205

Councilman Martinez said the most controversial figure of all being 11 Hill Street assessed by the City of Newark for \$5 million and overturned by an appeal by the Essex County Tax Board to the sum of \$3 million and finally assessed by PRC Jacobs to almost \$20 million which would mean a 600% increase in rents to approximately 350 families who can just about survive now. Notwithstanding being the total destruction of the City of Newark with revaluation. The many meetings that this Council has had with various groups, particularly Rutgers University, this Governing Body continued meetings with legitimate organizations starting immediately following this meeting at about 3:00 P. M. with Rutgers officials who will bring evidence of the hypocritical revaluation figures that this Governing Body stands unanimously opposed to.

Councilman James said although he shares the sentiments expressed by Councilman Martinez, it would seem to be irresponsible on their part to incur an outside expense before exhausting all of the remedies and avenues opened to them within their own municipal structure. If you recall when he raised the question about Sears and Roebuck and the action of the same Assessor, they learned he reports to the State Department and he is subordinate to the State Department. It would seem on a matter of a tax dispute the first question to be raised "did the homeowner appeal the decision" which is not a decision in the Office of Mr. Frisina. Has the appeal been raised within the State. To say the City now get a lawyer to sue him when there is no report, no documentation, no record, exhausting all of our own municipal, county and local and state remedies would be irresponsible on their part.

Councilman Tucker said they received a verbal statement from the Corporation Counsel yesterday. In that statement he indicated if it was the intent of the City Council to actually go to court and sue the Tax Collector based on possible infraction of PRC Jacob's revaluation, he as the Corporation Counsel nor any member of his staff would be able to represent the Council by suing the Tax Assessor. The problem is that in an area of that magnitude, he indicated he would not be in a position to represent the Council. He would have to represent the Tax Assessor. It meant that if they were in a position where they feel that there is sufficient number of irregularities in PRC Jacob's Report, the Council itself would have to seek legal attorneys to represent that position. He thinks he also indicated yesterday that he was going to give that statement in writing. He doesn't believe he has seen it yet but at least his verbal statement was that if they intended to challenge PRC Jacob's they had to hire their own attorney.

Councilman Martinez clarified that the reason for this suit at this time is Mr. Frisina's office is putting all of their efforts and the figures into the computer which in effect is saying he accepts those figures submitted by PRC Jacob's. He has not allowed them to continue and exhaust all of their means. In order to stop him at this particular point, as Councilman Tucker indicated, Corporation Counsel will not represent them and he also thought he may not represent Mr. Frisina because if he represents Mr. Frisina it is an omission that Administration has accepted those figures. They may play a no hands role with Mr. Frisina, however, they may have to hire an outside attorney to defend Mr. Frisina. Rutgers will be here at this meeting at 3:30 P. M. to meet with the Governing Body and give them all the evidence they need and perhaps at that time go into Executive Session to discuss and he urges this Body to discuss immediately seeking a professional attorney who is going to act in their best interest and the interest of the homeowners and residents of this City.

Councilman James said once again he respectfully disagrees. The Assessor in this situation is a conduit. He is not the person who determines the assessed valuation of the property. If he recalls, PRC Jacob's came to our house, mailed them a letter and said revalue your house to be valued at \$45,000. Each individual homeowner had the opportunity to either agree or disagree with that amount.

The Assessor is not the person you are mad at. What they are mad at is the figures that the firm gave them and then perhaps they are mad because the individual homeowner has not successfully appealed their case. He can't see suing the Assessor for being a conduit for whatever amount they derived at.

Councilman Martinez stated that nobody is mad at Mr. Frisina. They are telling him to stop putting those figures into the computer. He has no right to put those figures into the computer. They have not been accepted by the State of New Jersey. There is still a moratorium. Why is he putting those figures into the computer? Has he accepted those figures?

Councilman James said that his office should accept all of the new revaluation figures as posed by PRC Jacobs in lieu of the fact they are negotiating with the Governor's Office and ask the State Taxation Commission to be informed that that was promised by the Bryne Administration. They should appeal to the State Department of Taxation.

Councilman James questioned to what office does Mr. Frisina report to?

City Clerk D'Ascensio replied he is supervised by the County Board of Taxation.

Councilman Tucker said that Mr. Frisina is supervised by the County Board of Taxation. If they remember correctly, it was the County Board of Taxation that ordered the City to do the revaluation. It was the County Board of Taxation that utilized their Urban Aid Funds to hire PRC Jacobs and Company. What Mr. Frisina said clearly that he had an obligation, statutory obligation to place those figures on the computer. He thinks it is clear, what he is saying that he is going to proceed whether they are negotiating with the State or not. It became clear yesterday that he is going to accept those figures unless someone challenges the validity of those figures. He thinks what they are doing now is they are trying to obtain legal advice to challenge. Corporation Counsel Teare is saying that he can't represent the Council and he is not going to represent Mr. Frisina. What they are really dealing with is that if they don't seek legal redress in the courts to at least raise the question as to why he should put those figures into the computer, he is automatically going to put them on the computer because his boss in the County originally started this mess.

Councilman James said when they went to Trenton and they were granted by legislative action a moratorium, that transcended itself to the Office of the Assessor. Presently they have not received any similar type of moratorium. They should be negotiating for an extension or some type of legislative action which would then mandate that he not fulfill his statutory obligation at this time. Are they in a position now, do they have any recommendation to once again appeal for or delay the moratorium, or some other type of legislation. They need legislative help, not a suit. How are you going to stop a statutory obligation without any legislation coming from Trenton. He thinks the issue is whether they are going to have a moratorium or not. Why should they hire an attorney to find out that he has a statutory obligation that they are already aware of.

Councilman Martinez said there are several issues involved. He thinks this Governing Body intends to continue meeting with the City's officials. Those meetings have been arranged but they are awaiting the outcome of this Election. The other, of course, is immediately to stop the Tax Assessor at this point from accepting those figures. The evidence they are going to receive this afternoon will give credibility to an attorney to take Mr. Frisina to court to show that those figures are way off beat. First of all they are figures from 1979 and this is three years later. He doesn't think anybody on this Body is going to continue the efforts that they have already done in meeting with State Officials. He thinks the action that they have to take, everytime they go to Trenton, Trenton always says "Newark what did you do?" This time they have taken their Committee, done all the meetings and now they think they should take their own actions. Take the "bull by the horn" take the Tax Assessor to Court and make him substantiate that those figures today, 1982 are real. If they can substantiate those figures are untrue and unrealistic like 11 Hill Street, a \$5 million assessment by the City of Newark, overturned by the County Tax Board of Appeals to \$3 million, PRC Jacobs gave a revaluation figure of \$20 million. He questioned do you think that people can pay a 600% increase in their rents at 11 Hill Street. It is total destruction of the City. Figures like Jacobs submitted, produce them in the Courts with Rutgers assistance, they may

June 2, 1982

overturn this whole thing themselves without pursuing it any further and then addressing the whole tax situation, the tax structure in the State of New Jersey with other municipalities that have this same problem.

Councilman James said he concurs with Councilman Martinez's statements on the significance of the act, the devastating impact that these violations have. My only concern now for those who are proposing the Motion, what amount of money are we talking about for legal fees, how do we go about selecting an attorney, or is this an open blank check. He thinks that is important now.

Councilman Tucker said all this is that they should at least seek out, they may very well be able to get legal representation from the Rutgers Law Clinic which is doing some of the research now. They may very well have to negotiate directly with an attorney. He thinks the Motion is saying, it is pinpointing the intent to move in that direction. They haven't negotiated with anybody yet.

Councilman James simply stated that he is agreeing but they should proceed with some consideration with respect to the legal cost and the manner in which they select the legal parties.

Temporary President Grant interjected that he thinks Councilman Martinez indicated earlier that after this meeting there is another scheduled meeting upstairs with representatives from Rutgers Legal Clinic that might shed further light on this matter.

The motion to adopt this Motion was made by Councilman Martinez, seconded by Councilman Carrino and declared adopted by Temporary President Grant by the following votes:

Yes: Councilmen Bottone, Carrino, James, Johnson, Martinez, Tucker, Villani, Temporary President Grant.

Councilman Martinez pointed out that Assistant Corporation Counsel Pidgeon just returned from Court. He was in court with Judge Blake with respect to the Board of Education. The Board of Education Committee knows that the Board of Education was subpoenaed to appear before the Investigating Committee. They fought the subpoenas and went to Judge Blake. Judge Blake told them more or less that they have to honor those subpoenas and that they better be there on the 4th at 10:00 A. M. Friday. It was originally scheduled for tomorrow but Assistant Corporation Counsel Pidgeon made a mistake on the dates. There are people that are going to be there tomorrow from the Board of Education voluntarily coming in who have also been subpoenaed.

A motion to amend the resolution by inserting a statement to the effect that no funds are to be encumbered or spent unless there is an adequate certification to that effect by the Municipal Comptroller of the City of Newark and only those funds that are attached to this Resolution indicating those funds are available shall be expended was made by Councilman Tucker, seconded by Councilman Bottone and declared adopted by Temporary President Grant by the following votes:

Yes: Councilmen Bottone, Carrino, James, Tucker, Villani, Temporary President Grant.

A motion to adopt the resolution as amended was made by Councilman Bottone, seconded by Temporary President Grant.

Councilman Tucker read into the record to make sure they were knowledgeable of what is currently before them. The body of the resolution indicates clearly that the certification by the Purchasing Agent of the bidding process dealing with Facility Management Contract as based on the Council's Executive Session where it was made clear that Pentamation Enterprises Incorporated, Bethlehem, Pennsylvania, was the lowest responsible bidder in regard to this Facility Management contract. He said it is important to note that under the existing contract that C.S.C. currently is in receipt of with the City of Newark, that this contract terminates on June 30, 1982. There is a portion of the contract that deals with the whole aspect of transition which at least makes sure that C.S.C., if not the successful bidder, in regard to the Data Processing Operation continuation, that they will have 60 days of transition in order to at least familiarize the new firm, if there would be a new firm. Because the 60 day option was not exercised in a timely basis, based on the City's concern, that period becomes less than approximately 14 days. He said it is also important to note that the representation made by the Corporation Counsel that we at this point in time cannot extend the existing contract to ensure that the transition period would be more beneficial to the City of Newark. As a person who fought the original establishment of Facility Management in the City, he is knowledgeable of the fact that Facility Management is biddable. It is important to note that the Council based on a determination made by the City Administration has to deal with one option, either one accept the representation that Pentamation Enterprises Incorporated is the lowest responsible bidder and concur with the recommendation of the City Administration or two, in effect, not accept the bidding process because we feel at this point in time that it may or may not be in the best interest of the City of Newark. He said the whole question, from his standpoint, is statutory. Pentamation Enterprises Incorporated is the lowest responsible bidder. This may very well cause problems in the City of Newark dealing with the transition, not only of the Facility Management Operation, but also the staff involved, but he does not believe they have an option on this particular point. He said he would like this put into the record and indicated his support of this resolution for adoption.

The motion to adopt the resolution as amended was made by Councilman Bottone, seconded by Temporary President Grant and declared adopted by Temporary President Grant by the following votes:

Yes: Councilmen Bottone, Carrino, James, Tucker, Villani, Temporary President Grant.

A motion to recess this meeting until June 23, 1982, at 1:00 P. M., was made by Councilman Bottone, seconded by Councilman Carrino and declared adopted by Temporary President Grant by the following votes:

Yes: Councilmen Bottone, Carrino, James, Tucker, Villani, Temporary President Grant.

This meeting recessed at 2:25 P. M.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE GRANTING PERMISSION TO THE MUTUAL BENEFIT LIFE INSURANCE COMPANY WITH OFFICES AT 520 BROAD STREET, NEWARK, NEW JERSEY, TO CONSTRUCT AND MAINTAIN AT ITS OWN EXPENSE, A PEDESTRIAN BRIDGE STRUCTURE ACROSS ATLANTIC STREET AT A HEIGHT OF NOT LESS THAN 15' - 6" ABOVE THE ROAD WAY SURFACE ALL WITHIN A 16 FOOT WIDE EASEMENT, AND GRANTING PERMISSION FOR THE CONSTRUCTION OF A SUPPORT STRUCTURE FOR THE PEDESTRIAN BRIDGE WITHIN A 2' X 22.63' AREA EXTENDING INTO THE ATLANTIC STREET RIGHT-OF-WAY FROM THE WESTERLY LINE OF ATLANTIC STREET BELOW THE PEDESTRIAN BRIDGE STRUCTURE, AND GRANTING PERMISSION FOR THE INSTALLATION OF A 6" STEAM LINE, A 3" CONDENSATE RETURN, A 10" CHILLED WATER SUPPLY LINE, AND A 10" CHILLED WATER RETURN LINE, ALL WITHIN A 10 FOOT WIDE UNDERGROUND UTILITY EASEMENT, AND FURTHER RESCINDING THE PROVISIONS OF ORDINANCE 6-S & F-f, ADOPTED 8 JULY 1981.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That permission is hereby granted to the Mutual Benefit Life Insurance Company with offices located at 520 Broad Street, Newark, New Jersey to construct, install and maintain at its own expense and cost, (a) a pedestrian bridge structure across Atlantic Street at a height of not less than 15' - 6" above the roadway surface all within a 16 foot wide easement area, and (b) surface support structure for the pedestrian bridge within a 2' x 22.63' area extending into the Atlantic Street right-of-way from the westerly line of Atlantic Street below the pedestrian bridge structure, and (c) a 6" insulated conduit steam line, a 3" insulated conduit condensate return line, a 10" insulated conduit chilled water supply line, and a 10" insulated chilled water return line, all within a 10 foot wide underground utility easement area. These easement areas are shown on the approved "Site-Plan" drawing, entitled "Geometric Plan, 3 of 19," as prepared by Fredrick J. Thompson, P.E., of the firm of RTKL Architects, P.A., with offices at the Village Square, the Village of Cross Keys, Baltimore, Maryland, and more specifically shown and described on the survey drawings entitled "Survey No. 80219-A" and "Survey No. 80219-B," dated 15 March 1982 and 16 March 1982 respectively, and the metes and bounds descriptions entitled "Pedestrian Bridge over Atlantic Street," and "Subsurface Easement for Private Utilities in Atlantic Street," all as prepared by Robert T. Watson, L.L.S of the firm of Borrie, McDonald & Watson Land Surveyors with offices at 972 McCarter Highway, Newark, New Jersey. Said drawings and descriptions above are hereto attached and made a part hereof, and on file in the City Clerk's Office.

Section 2. That such permission be and is hereby given upon the condition and provision that the said Mutual Benefit Life Insurance Company, its successors and assigns, shall indemnify and save harmless the City of Newark, its officers, agents and servants from any claims whatsoever, arising from or in any way connected with the following (a) the granting of said privilege or by reasons of the installation, location, maintenance or the existence of such pedestrian bridge structure in the described 16 foot wide easement above Atlantic Street, (b) the support structure for the pedestrian bridge, within a 2' x 22.63'

June 23, 1982

easement area extending from the westerly right-of-way line of Atlantic Street below the said pedestrian bridge, and (c) the aforementioned utility installations within a 10 foot wide underground easement area, and shall agree to assume on behalf of the City of Newark the defense of any action of law or injury which may be brought against the City upon the claims.

Section 3. That in addition to the aforesaid Indemnity Agreement, Mutual Benefit Life Insurance Company, its successors and assigns, shall at its own expense procure and keep in full force and effect paid up policies for Comprehensive General Liability Insurance in favor of the City of Newark, in an amount of at least \$5,000,000.00 covering bodily injury and property damage arising out of any one accident. Said policies to be approved by the Corporation Counsel of the City of Newark. Proof of indemnification clause in Section 3 above shall be filed with the City Clerk prior to the installation or construction of said structures or utilities. Said insurance shall not be subject to cancellation or change until sixty (60) days after the City Clerk has written notice thereof as evidenced by return receipt of certified or registered letter. In the event the properties or any part thereof that are connected by the easements do not remain in the ownership of Mutual Benefit Life Insurance Company the City of Newark shall be given written notice thereof, and should the City of Newark find and determine that the use to which the aforesaid easements may be put may increase the hazard at the premises or affect the liability of the comprehensive coverage, the City of Newark may alter the terms of insurance as called for under this section.

Section 4. That such permission be and is hereby given upon the condition that the Mutual Benefit Life Insurance Company shall file with the City of Newark its written acceptance of the provisions of this Ordinance within thirty(30) days from the date on which it takes effect and shall pay on demand of the City of Newark the amount and cost and expense to the City of Newark for all official publications of this Ordinance as well as a recording fee.

Section 5. That such permission be and is hereby granted subject to all State Laws and City of Newark Ordinances governing the said installation, maintenance and use of the pedestrian bridge, its surface support structures and the underground utilities.

Section 6. That the Mutual Benefit Life Insurance Company shall furnish, install, maintain and pay all costs associated with providing street lighting beneath the bridge, to the satisfaction of the Director of Engineering.

Section 7. That the Mutual Benefit Life Insurance Company shall be responsible for the repair of and/or damage to paving, existing utility lines either public or private, and other such structures or appurtenances arising from the construction or maintenance of their facilities in the easement areas granted herein.

Section 8. In the event that the pedestrian bridge, its surface support structures, and/or underground utilities covered by the aforesaid easements are no longer used by either the Mutual Benefit Life Insurance Company or by its successors in title, the City of Newark shall be so notified, and it shall have the right to terminate this easement and upon such termination all rights shall revert to the City of Newark. Upon cessation of use of the pedestrian bridge the Mutual Benefit Life Insurance Company, its successors and assigns, shall remove the pedestrian bridge and its support structures. Upon cessation of use of the underground utilities Mutual Benefit Life Insurance Company, its successors and assigns, shall cap and seal the utilities to the satisfaction of the Director of Engineering.

Section 9. That so long as the pedestrian bridge structure, its surface support facilities, and underground utilities covered by this Ordinance remain in existence, the obligations and performances hereunder shall run with the land and shall be binding upon the Mutual Benefit Life Insurance Company and upon all subsequent owners of the properties connected by the easements.

June 23, 1982

1231

Section 10. That for the rights and privileges herein granted, the said beneficiary, Mutual Benefit Life Insurance Company, shall pay to the City of Newark the sum of \$3,825.00 upon the passage of this Ordinance and pay annually to the City of Newark on or before 15 January of each succeeding year a user charge of \$282.50 effective January next succeeding the time when this Ordinance shall become effective.

Section 11. That Ordinance 6S&FF, adopted 8 July 1981, is hereby rescinded and repealed.

Section 12. This Ordinance shall take effect upon adoption and publication in accordance with law.

RESOLUTIONS AND MOTIONS.

RESOLUTIONS.

7-R-a.

RESOLUTION AMENDING RESOLUTION 7-R-e, DECEMBER 30, 1981, CONTRACT BETWEEN MAYOR AND INTERIM EXECUTIVE DIRECTOR OF MAYOR'S POLICY AND DEVELOPMENT OFFICE/ COMMUNITY DEVELOPMENT ADMINISTRATION AND NEWARK HOUSING AUTHORITY BY RATIFYING CONTRACT PERIOD DECEMBER 31, 1981 AND ENDING APRIL 15, 1982 TO APRIL 16, 1982 AND TERMINATING APRIL 15, 1983; NO ADDITIONAL FUNDS REQUIRED.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to defer action on this resolution was made by Councilman Tucker, seconded by Councilman Grant and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

7-R-b.

RESOLUTION REQUESTING DIRECTOR OF LOCAL GOVERNMENT SERVICES TO APPROVE INSERTION IN 1982 CITY OF NEWARK BUDGET, "MISCELLANEOUS REVENUE", SUM OF \$18,000., MULTIPHASIC METHADONE MAINTENANCE PROGRAM; FUNDED BY NEW JERSEY STATE DEPARTMENT OF HEALTH; ADDITIONAL CITY IN-KIND MATCH REQUIRED IS \$7,000., TOTAL CITY IN-KIND MATCH \$144,200., FOR PERIOD JUNE 25, 1981 TO JUNE 24, 1982; \$370,800., AWARDED BY NEW JERSEY STATE DEPARTMENT OF HEALTH.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Grant and failed of adoption by the following votes:

Yes: Councilmen Grant, James, Tucker.

No: Councilmen Bottone, Martinez.

Not Voting: Councilmen Carrino, Johnson, Villani, President Harris.

A motion to reject the resolution was made by Councilman Bottone, seconded by Councilman Martinez.

Councilman Tucker stated for the record that these funds are earmarked to go the Multiphasic Drug Treatment Center. If there is a problem in regard to dealing with that, he thinks we should recognize the hard reality. This Council has gone on record opposing any particular expansion of the Methadone Maintenance clientele which currently frequent McCarter Highway. There are only two programs that are located in the City of Newark dealing with Methadone Maintenance. He would like to indicate that if we reject

the City of Newark's ability to at least deal with Methadone Maintenance at Babies' Hospital then what we are automatically doing is transferring that patient load directly down to McCarter Highway. If that is what we want to do, we should at least know the State runs the Methadone program and those addicts will be treated, either at the location on Roseville Avenue or on McCarter Highway.

Councilman Martinez said for the last several years the McCarter Highway Treatment Center has had many of the drug addicts frequenting Military Park and throughout the area of Park Place. He said he as well as several other Councilmen have called in State people to try to stop the funding for that Methadone Center. He said at the last meeting there was a commitment from the State that they were thinking about cutting off all funds for the City of Newark for that particular center. We have always told the State that we had no control over the Methadone Maintenance Center on McCarter Highway, which is true, but here is a particular problem where we do have some control. He said we are now faced with the funding. We can either eliminate this program or continue it. We know the problems that have been created throughout the Roseville Avenue because of the Program.

Councilman Martinez commended Councilman Tucker for being staunch and fostering this program and supporting it, but he feels it has gotten out of hand from all of the complaints they have received at this level, from the Roseville Coalition who have come before this Council complaining about the conditions there. It is now our responsibility to reject it for this reason.

Councilman Tucker indicated for the record that the State of New Jersey has no obligation to the City of Newark in regard to dealing with Methadone Maintenance patients. He said when you close down Babies' Hospital for Methadone Maintenance you should be knowledgeable they are going to go to McCarter Highway. He said you can remove it from one neighborhood but you are placing it in the only facility that is operated by the State. He said there are only two - Babies' Hospital and McCarter Highway. If we close down Babies' Hospital then we agree to have the addict population transferred to McCarter Highway.

The motion to reject this resolution was made by Councilman Bottone, seconded by Councilman Martinez and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, James, Martinez, Villani, President Harris.

No: Councilmen Grant, Tucker.

Not Voting: Councilman Johnson

RESOLUTION RECOGNIZING AND COMMENDING MUNICIPAL COUNCIL PRESIDENT EARL HARRIS FOR 12 YEARS OF OUTSTANDING SERVICE TO THE CITIZENS OF NEWARK AS AN ELECTED OFFICIAL, 8 OF THOSE YEARS AS PRESIDENT OF THE GOVERNING BODY.

A motion to adopt the resolution was made by Council of the Whole.

President Harris said there comes a time when you find it very difficult for words and he said it has been his pleasure to have the distinction of working with a charming lady and eight gentlemen and he honestly believes the citizens have benefited from the efforts of the individuals that he has had the pleasure of serving with. He congratulated the Members of the Council who were successful in the recent election and commended his colleagues Councilmen Bottone and Johnson for the quality of the campaign they put forth. He said he has had the distinction of being active in politics in excess of thirty years and it is his firm belief that you deal strictly with the issues that affect the lives of the residents that you are looking for for votes. That was the type campaign that Councilmen Bottone and Johnson conducted. He asked that those Councilmen who will be here after July 1st keep their eyes and ears open so that the citizens derive benefits they are entitled to from your presence. He said he hopes that in the next four years that progress will become the order of the day and we will see something about a new direction that the City is headed for. When you visit other Cities as we do it is really disturbing to see Cities that are clean, Cities where people live with some degree of security, much safer Cities than we are fortunate to serve in. He knows all will do their utmost to see to it that this becomes a reality.

Councilwoman Villani said she would like to go back a few years. She said in 1973 she was appointed and she came to a Council that was in complete chaos. She said meetings were irregular, sometimes they lasted until 3 in the morning. People just walked in and out at will. There was absolutely no direction. In 1974 Earl Harris became Council President. He brought dignity to this Council. She respects and admires him as he is a man of his word. He dignified the Council Chamber and made the benefits that we are enduring today under the leadership of Council President Earl Harris. She said she will miss him and also her colleagues. She prays the new members will bring the same dignity to the City Council and the same unity.

Councilman Martinez said he recalled in 1974 that he was the person who nominated him for Council President and recalled taking a lot of heat in the white community for being the person to make a motion for a Black for the first time in history as Council President. He said he has never regretted it. He thinks of all the years he has seen Council meetings as a policeman, the disrespect, the turmoil. He said President Harris had changed this in a very short time. He has worked with him for eight years and he has learned a great deal from him. He has seen him take a Council that was divided racially and bring it together. There was never any kind of conflict while President Harris sat in that chair. He has seen him take on the Administration and has seen him support them when he felt they were right. He said the President had that kind of strength and leadership that will be very hard to follow. He said he is not ashamed to say he supported him wholeheartedly and he would support him again.

The motion to adopt the resolution was made by Council of the Whole and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani.

Not Voting: President Harris.

(A.S.)

RESOLUTION RECOGNIZING AND COMMENDING COUNCILMAN MICHAEL P. BOTTONE FOR 12 YEARS OF OUTSTANDING SERVICE TO THE CITIZENS OF THE WEST WARD OF NEWARK AS AN ELECTED COUNCILMAN.

A motion to adopt the resolution was made by Council of the Whole.

Councilman Bottone said it was a pleasure to work with this Council and the ones before. He said since 1970 it was a devotion they had and a love for the City of Newark. He said today does not mean he is leaving the Council, it just means after 12 years he is going to take a rest and a vacation. He said he is going to continue to be a watchdog for the City and instead of catching the bricks he will throw some. He said the City of Newark is at the threshold of probably becoming one of the greatest Cities again and at this time whether he sits on the Council or any other place he wishes all the Council the best in the next four years as they will be directing the course of this City and if ever he can be of assistance he hopes they will feel free to call him.

Councilman James said that for Councilman Bottone to have been the Councilman of the West Ward for 12 years is testimonial of a great man because of the changing population ethnic considerations in the ward. He has always been an honorable person. He has always been fair and there has never been a bad word said about Mike Bottone in the ward for 12 years. He said that speaks for the man and the type of representation he has given the West Ward and he is sure the residents of that Ward are going to miss a man of his calibre, of his dedication and of his concern.

Councilman James said he goes back more than the 12 years he has served here with the Council President because he remembers in 1966 when he was running for South Ward Councilman. He said at that time Earl was very active with Martin Luther King. He could have stayed here and been elected in the South Ward, but when Dr. Martin Luther King called he left to go there and march on Selma and other things. He said Essex County College would not be here today with Council President Earl Harris who served as Freeholder and made it possible that it not be in some remote area or some place where you need a plane or a train or a bus to get to. We all recognize the great good this college has brought to our students seeking up with mobility, but more important, as stated by

June 23, 1982

the other Councilpersons we know about his leadership as Council President, notwithstanding his concern all the time for the residents. His concern has always been to the Council what is best for the City of Newark, what is best for the citizens. He said it is his leadership as Council President that has pulled black and white together, that has pulled our City together and made our meetings respectable and made citizens able to come to this Chamber and address their problems about government has been the greatest attribute and testimonial to a great Council President and a person. As he said we will still see him, he is still going to have his clout, his influence and we know Newark will not be the same without Earl and he is happy he is going to continue to be around.

Councilman James extended the best to Councilman Johnson and he said they are going to miss him.

The motion to adopt the resolution was made by Council of the Whole and declared adopted by President Harris by the following votes:

Yes: Councilmen Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

Not Voting: Councilman Bottone.

RESOLUTION RECOGNIZING AND COMMENDING COUNCILMAN BENJAMIN F. JOHNSON, III,  
FOR 4 YEARS OF OUTSTANDING SERVICE TO THE CITIZENS OF THE CENTRAL WARD OF NEWARK  
AS AN ELECTED COUNCILMAN.

A motion to adopt the resolution was made by Council of the Whole.

Councilman Johnson said it has been a short but very rewarding experience. He has been fortunate to serve with some outstanding people.

Councilman Carrino said he waited until all three were cited and he would like to congratulate you personally for doing what you have done for the Council for the past eight years. He said he did not have the opportunity to serve from 1970 to 1974 and he can only relate to his experiences for the last eight years knowing full well that the City Council has become more of a force because of your Presidency and that the people of the City of Newark have an opportunity to participate in government more now because of the kind of Council we now have. He said he would also like to congratulate Councilmen Bottone and Johnson. He said as a Ward Councilman he thinks it was very significant that these past four years put us to a point where the five votes as Ward Councilmen became very significant for the needs each of us had. He hoped that the new people feel that the Ward is more important as far as their needs as some as the At-Large needs. He congratulated the two of them for setting a policy on this Council. He said he will be around and if any of the three need recourse to call him, they know where to find him.

Councilman Grant said he would like to add his touch of appreciation for the four years he has had of serving with them on the Municipal Council. He said with the dedication they have given, the integrity they have displayed and their willingness to see a job done in this City sort of sets the pace for persons who must follow on after you. He certainly feels that their contributions to the City, not only for the years they have been on the Council, but during your pre-Council days when you worked in other areas of the City, all of you always demonstrated a kind of thoroughness in the things that you have done. He congratulated all of them and wished them Godspeed as all of them continue to work for the good of the citizens of this City.

Councilman Tucker said he has had the pleasure of working with Ebenezer or Mickey and he remembers that this to a great degree is synonymous of Earl's leadership. He remembers a lot of time dealing with the structure of committees his involvement on Council has been characterized by other Members as having big ideas with small budgets. He remembers Earl appointing Mickey and him to work on a Committee to deal with Up With Newark and initially he was upset with that whole question because what it really boiled down to was that he was concerned with spending hundreds of thousands of dollars and Mickey was concerned with basically spending thousands. The net result was that working directly with Mickey on the expenditures we worked out a very good program together.

He has the utmost respect for Mickey. He bears the only distinction that he knows of any white Councilperson who comes to a National movement to have a black Councilman elected President of a National Black Caucus walking around with him and Jayne and he will never forget that kind of action. He remembers a guy saying "You know, Don, it looks like you are going to win because I saw this short little white guy coming up and asking to vote for you." He said he will never forget that kind of interaction.

Councilman Tucker said he has had the pleasure of working with B. F. Johnson in public housing with the tenants and with some of the problems on Springfield Avenue. He said it is a crazy kind of interaction but the net result was they hung in there. He said as Elected Representatives or Councilpersons are somewhat unique in their respective community. They are unique because all of them have reached a level of which there are a large number of young people in the City of Newark actually aspire to be and that is to be leaders in the town in which they reside. If we are able to serve the City of Newark for a period of four years, eight years, twelve years, we have to a great degree lived a dream that a large number of people have.

Councilman Tucker said his involvement with Earl goes back a long time. His first interaction with Earl was roughly about 1962. He said in those years he was a rabble rouser working with the Congress of Racial Equality and Earl came into a meeting indicating at that time we should start organizing and mobilizing with welfare rights. Needless, to say, that at that point in time, I was not interested in doing that, but Earl, through the persuasion of dealing with a large number of young collegiate people was able to convince us that we needed to go into that. He said the experience all three have brought to this Council and more specifically he can only impact on what happened to him, is the kind of interaction he has enjoyed working with you is going to be something he is going to remember. He would like to highlight what Councilman Carrino has said that because of their uniqueness of serving on the City Council together, he is not going to forget the kind of help and support they have provided him. He said if there is any way he can be of assistance to them, just give him a call, because he'll be there.

The motion to adopt the resolution was made by Council of the Whole and declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Martinez, Tucker, Villani, President Harris.

Not Voting: Councilman Johnson.

A MOTION BY THE COUNCIL OF THE WHOLE CALLING FOR A COMPLETE INDEPENDENT AUDIT FOR MUNICIPAL COUNCIL REVIEW OF ALL OPERATIONS UNDER THE JURISDICTION AND RESPONSIBILITY OF THE MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING, SUBJECT TO NECESSARY FISCAL APPROPRIATIONS, IF NEEDED, was made by Council of the Whole.

President Harris said the next Council should take it upon themselves to immediately move to obtain an outside audit firm to go over all the books and records of that Department. He said they should not wait because it involves too much money and you must know where the books are balanced and where they are not. He said he does not mean for someone in Administration to take over that responsibility.

The motion by Council of the Whole was declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

7-M-e.

A MOTION DIRECTING THE CITY CLERK TO REQUEST THAT THE CORPORATION COUNSEL IMMEDIATELY BEGIN DRAFTING APPROPRIATE LEGISLATION FOR THE JULY 7, 1982 MUNICIPAL COUNCIL MEETING WHICH WOULD ENABLE THE COUNCIL'S COMMITTEE ON REAL PROPERTY, (ORIGINALLY FORMED BY MOTION 7-M-f, JANUARY 7, 1981) TO BEGIN HEARINGS WITH SUBPOENA POWER TO INVESTIGATE THE OPERATIONS OF THE CITY'S OFFICE OF REAL PROPERTY AND RELATED MUNICIPAL AGENCIES, DEPARTMENTS AND OPERATIONS DUE TO SERIOUS ALLEGATIONS OF FISCAL WRONGDOING IN THE RENTAL, LEASING AND SALE OF CITY-OWNED PROPERTIES; FURTHER, TO INFORM THE CITY'S EXTERNAL AUDITORS, SAMUEL KLEIN & CO., TO BE PREPARED TO PRESENT THEIR REAL PROPERTY REPORT SHORTLY TO SAID COMMITTEE, was made by Council of the Whole.

Councilman Martinez said last year they had investigative talks and hearings and they went into the area of talking about private sector bidding to come into Newark and take over some of the leasing and rental of City-owned property. He said in the course of this motion would it be possible to interject that the Corporation Counsel draft an ordinance that would enable the private sector could bid on these particular parcels of property because it is obvious that the Administration says it is a good idea, but it has been a couple of years and they are probably not going to do it.

The motion by Council of the Whole was declared adopted by President Harris by the following votes:

Yes: Councilmen Bottone, Carrino, Grant, James, Johnson, Martinez, Tucker, Villani, President Harris.

(TO ADJUST SEWER USER CHARGES) (Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to defer action on this ordinance was made by Councilman Tucker. There was no second to the motion.

A motion directing the City Clerk to place this ordinance on the July 7, 1982 Calendar of the Municipal Council for first reading was made by Councilman Martinez, seconded by Councilman Bottone.

Councilman Grant requested background information on this ordinance. He said he did not believe this was as increase but rather a decrease.

Chief Accountant Fitzsimons said the City of Newark now gets a bill from Passiac Valley which in turn the City bills that amount of money to large industrial users within the City. This ordinance reduces the rate that it now charges in excess of \$10. to the industrial users because they are picking it up in the charge from the Passaic Valley. He said if we charge them the \$10. with the City as well as from the Passaic Valley they are going to go to Court because they are being double charged for the same waste. He said it will not cost the homeowners any money.

June 23, 1982

Councilman Martinez said this occurred because Budweiser Brewery was being charged for three times the amount of water that they were using. Budweiser stated to the City and to Passaic Valley Sewerage that they were not using all this water in sewerage because they were putting it in to the bottles, so Budweiser put in their own meter and showed that it was true. The water was not leaving through the sewerage, it was going into the bottles. This involves about 2,000 industrial users. It would decrease their rate. He said Passaic Valley Sewerage plans to reduce it to \$6.72. This ordinance does not do anything to the Homeowners.

Councilman Tucker said this should be discussed with Director Zach. He wanted it understood that the rate schedule that currently exists right now the operation cost of Passaic Valley, our portion is adjudged. He said we currently have chosen, as a City Council, to basically divide the portion of our share to Passaic Valley Sewerage based on water rates. He said with the development of the new plant they are going to come up with a new rate schedule. Councilman Tucker stated that if the industrial firms are actually reduced in the amount they currently pay to Passaic Valley Sewerage that does not reduce the Municipal portion. That is a misconception people are working under. He said if there was an industrial reduction then it has to be picked up by the residential portion of the budget.

Yes: Councilmen Bottone, Grant, Johnson, Martinez.

No: Councilmen Carrino, James.

Not Voting: Councilmen Tucker, Villani, President Harris.

Newark, New Jersey, June 29, 1982

1272

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date, in the Council Chamber, City Hall, Newark, New Jersey, at 1:45 P. M.

The City Clerk announced due to the absence of President Harris, he would entertain a motion to elect a Temporary President.

A motion to elect Councilman Michael P. Bottone, Temporary President, was made by Councilman Martinez, seconded by Councilman Tucker.

There were no further nominations.

The motion to elect Councilman Michael P. Bottone, Temporary President, was adopted by the following votes:

Yes: Councilmen Carrino, Grant, James, Martinez, Tucker, Villani.

Not Voting: Councilman Bottone.

Temporary President Bottone called the meeting to order and asked for roll call.

Present: Councilman Carrino, Grant, James, Martinez, Tucker, Villani, Temporary President Bottone, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

Temporary President Bottone stated, "In accordance with New Jersey P. L. 1975, Chapter 23, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981 the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on June 24, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

The City Clerk read letter dated June 24, 1982, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting of the Municipal Council on Tuesday, June 29, 1982 at 11:00 A. M., or as soon thereafter as the Council can convene to consider RESOLUTION AUTHORIZING THE AWARD AND EXECUTION OF A FIVE YEAR CONTRACT (#82-22) WITH JAMES PETROZELLO, INC., FOR THE COLLECTION OF REFUSE IN APPROXIMATELY ONE-THIRD OF THE CITY.

#### RESOLUTIONS.

7-R-a.

RESOLUTION AUTHORIZING DIRECTOR OF ENGINEERING TO EXECUTE CONTRACT WITH JAMES PETROZELLO COMPANY, INC., 1222 HARRISON AVENUE, KEARNY, NEW JERSEY, 07032, LOWEST RESPONSIBLE BID, FOR COLLECTION OF SOLID WASTE (CONTRACT 82-22) FOR ONE THIRD OF THE CITY, FOR 5 YEAR PERIOD EFFECTIVE JULY 5, 1982, TOTAL \$8,745,000.

(Copy of resolution and correspondence submitted to each Member of the Council)  
(Director Zach met with the Council June 22, 1982 and June 29, 1982)

Councilman James said as he recalls several times questions were posed to them that on such a monumental contract, are they suggesting that there are no comments. He thinks although many comments were made in the pre-meeting conference, they know the limitations of their minutes of that meeting. Do you mean to say that on such an important issue like this there is no statement in the regular meeting. He was just wondering if Director Zach could give a brief capsule of the questions raised in their pre-meeting conference. Are they the lowest responsible bidder and the report of the Consulting Firm and what other advantage would there be for the City at this time, would the Director recommend to this Body in order that they may cast a favorable vote for said contract.

June 29, 1982 #1

Councilman Tucker requested the City Clerk to incorporate the remarks and the presentation made by Director of Engineering Zach and the Consultant that did the evaluation of in-house and contracting garbage collection become an official part of their minutes of this meeting.

A motion to adopt the resolution with the condition that the minutes of the pre-meeting conference be made a part of these minutes was made by Councilman Tucker, seconded by Councilman Carrino.

Councilman Tucker said just as a matter of priority he thinks that his initial observation of the garbage contract was extremely negative. That was based on the fact there was initial lobbying by the industry itself directly with the Council. He thinks his own observations were that Administration, whether he likes the reality of not, he felt that was not the best option for the taxpayers of the City of Newark nor the employees involved in long term employment with the City. He does think it is important to note that the Consulting Firm that is part of the University of New York did an evaluation that the reservations he originally raised to a great degree were answered. The contracting operation of the standpoint of economics is more economic to the City of Newark. From the standpoint of productivity the contract for the most part is more productive than their individual employees regardless of the reasons. From the standpoint of general community concern, the survey that was conducted by the Consultant clearly not only did a matter of administrative and economical review of the contract but also what people in the general area the garbage company serves in regard to Pet Am Company. The net result is that all of the reservations he had on that question were pretty much answered by the Consulting Engineers. He also feels he has no problems supporting the motion for the continuation of the garbage contract.

Councilman Martinez said all of them here with the exception of Councilman Grant have been here since 1974 and many of them sitting on the Council level see many complaints relative to services. They probably receive more complaints than the Administrators. Basically they judge those services by the complaints they receive. In 1974, particularly the Ward Councilmen, would have a pile on their desks about the horrible sanitation pick-up that was being done by the City of Newark. He doesn't think there was ever a day when a day went by when someone didn't call and say "their garbage wasn't picked up." One of the best things that has been done to improve City services in this area was the factor of bringing in competition. Competing the private sector with the public sector and certainly to him and he has seen a reduction, almost nil on complaints in the Sanitation Department in the City of Newark. He thinks the City employees themselves now competing with the private sector are doing a pretty good job considering their age factor is a lot higher than the private sector. He has also seen where the City of Newark employees were handling this 1/3 of the District, were using 23 trucks, with 3 and 4 employees behind each truck working. The private company now uses 9 trucks with 2 people behind it. Certainly a reduction in manpower. Again he goes by the age factor, private vs. the public. He thinks the one other service that is very lacking in the City of Newark and he hoped that the Administration would look as this venture is to private street cleaning. To once again start competition. Some people are for it and some people are against it. When he sees City employees sitting in the public garages and purposely breakdown street cleaning brooms so they don't have to work for that day, and he sees cars being given summonses and the brooms never come by. He thinks it is a disservice to taxpayers and perhaps if City Administration would look in this area to start competition once again between the public and the private sector that this could be another service that could be greatly improved and eliminate the vast number of complaints.

Councilman James said as one that originally voted against Pet Am and following what Councilman Martinez has indicated he recalls one of the problems they had in the South Ward that they came too early and citizens were unable to rise in the morning to place their trash to the curbside. After a meeting with Pet Am, they did adjust and were able to come during a more respectable hour which would allow the citizens to be in compliance with our City ordinance on when trash should be placed at the curb and at the same time allow them adequate time to get to the curb. He thinks what they need to do eventually, if they are running at such a high

June 29, 1982

1274

efficiency level over those who are hired by the City, they might have to question the fact they do not extend the City-wide. That is just a theory question at this time. Also he thinks the problems and the advantages they have seen in the private sector of picking up trash, there is also a proposal of motor brooms, not from this company but others and of course they run into the danger of the layoff of Newark citizens and employees who work for the City. All these questions will have to be explored as they wrestle with the question of improving the delivery of essential City services and at the same time saving money and in the other hand being conscious of the question of employment of Newark residents. He had hoped that somehow the question of Newark residents being hired will always be a part of the contracts that they enter into by the Newark City Council.

The motion to adopt the resolution with the condition that the minutes of the pre-meeting conference be made a part of these minutes was declared adopted by Temporary President Bottone by the following votes:

Yes: Councilmen Carrino, Grant, James, Martinez, Tucker, Villani,  
Temporary President Bottone.

The following is excerpt from June 23 and 29, 1982 pre-meeting conferences of the Municipal Council and evaluation from Governmental Advisory Associates, Inc. with respect to this matter.

June 23, 1982

Councilman James said if he recalls the last time this came before the Council, it was withdrawn. Was it before us once before?

Director Zach said that the difference is that our current contract with Pet Am which is Petrozello American. American has passed away, that was Katz. There is no longer that joint venture relationship that existed under the prior contract. Although it is the same people doing it, less the person who passed away.

Councilman James said he thought Director Zach brought to their attention that there was a clause to pick up on vacant lots that they had to iron out.

Director Zach replied yes, there was a concern in relationship to that. That is addressed in additional correspondence that they have which they are not making part of the resolution itself. It doesn't have to be. That is not the problem.

Councilman James questioned whether they represent the lowest responsible bidder.

Director Zach replied absolutely. In fact they had two bidders. They sent a letter to the other bidder indicating they are not recommending the award to the other bidder who is higher.

Councilman James said are we talking about service in the same area? Or are they talking about expanding.

Director Zach replied as far as this contract is concerned there is no change in the area. Precisely, exactly the same areas that is currently being served by the private contractor.

Councilman James asked what is the escalation?

Director of Engineering Zach replied it is less. It is \$50,000 a year. What is interesting about it is that it is a fixed price for a five year period. We are five years and the amount of the contract is \$1,750,000. and will not change.

President Harris said he finds it very difficult to understand how a contract can be less and they are going to do the same work and inflation with the way it is and demands by various trade unions, and all of these organizations have trade unions, and the crime being what it is, how are they doing it for less?

Councilman Carrino interjected that they do not have to buy equipment again.

1.125

June 29, 1982

Director of Engineering Zach said that was not true. They require new equipment under the terms of the contract. He thinks the answer is that the last time which they did it, which was three years ago, no one had any experience record as to the volumes of garbage and the amount of work involved, how many vehicles it was going to take. For example, when they first started, they started out between 11 and 13 vehicles on a given day. They are doing the area now with 8, 9 vehicles a day. They have been able to commensurately reduce their operating costs to a point where he supposes they can say they were making too much money under the other contract, although they were the lowest responsible bidder. They have learned from that contract and as a result have been able to reduce their cost. Certainly they will be making less money under the terms of this contract. The contract becomes, from his prospective, enticing and enjoyable, if you would, the third or fourth year because clearly that is where the advantage of a fixed price for the five years really starts to enter in. The first couple of years he is probably in order to balance out over his five years and there is a certain number of risks in this business anyway. Certainly there is no question he is making more in the first year than he is making in the second year, all the way down the line. He is making enough in the first few years to balance out what his additional cost....

President Harris said he thinks Director Zach used the right word, "risk".

Director Zach said that there is substantial risk in relationship to where we are going to be disposing our garbage. What he means by that is that probably within the next week or so the landfill they are currently using is going to be closed down and yesterday at a Recycling Conference there were representatives from a shredding firm or bailing firm that are talking about convincing HMBC to use their equipment to construct the bailer as the interim solution until Essex County Resource Recovery Facility is built. Where that bailer is going to be is obviously the key. Either they are the private contractor or the City has to travel more than a distance to get to a Resource Recovery Facility or interim bailer or whatever.

President Harris questioned how many years did the tripod situation with the County and the City. How far off does he see that.

Director Zach replied that is probably three years away. There are a lot of maybes. There are risks.

Councilman Martinez stated he received a telegram, a cablegram from another company, the competitor, who indicated they were low bid. Is this the low bid or is it the other one.

Director Zach replied that if you look at the bid tabulation that he provided the Council with, the base bid, certainly there is no question that Petrozello is the low bidder on the base bid. Not significant in four years, there is only \$30,000. differential if his numbers are correct. Part of the problem was that the way they devised the proposal, left a lot to be desired. They had year 1, year 2, year 3, year 4, total. Totals for 5 years. You have to add in or subtract out 4 years to get the total 5th year price. BFI had a 4 year number when they say they are lower. Even on a 4 year contract, they in fact are not lower. They are lower, if you take all the alternates that they had, including the tachograph units, including a fee for picking up on lots. They would be lower. Based on what they are awarding they certainly are not lower.

Councilman Martinez said is Director of Engineering Zach recommending this contract.

Director of Engineering Zach replied they are recommending the award of this contract as the lowest responsible bidder.

Councilman Martinez continued that he is saying that they will save the City of Newark money in comparison to the other bidder, in comparison if the City were to do it. Say we didn't have a private contractor and do it inhouse, would there be savings towards inhouse.

Director of Engineering Zach replied at this junction, might not be a savings today, the first year. But certainly there is no question in Years 2, 3 and 4. We are fixed with this price. Our contracts aren't really fixed we have wage negotiation openers, what have you. They are probably escalating at 5% a year in our City contracts. The situation is not as clear as it was two years ago because a three year hiatus period from then until currently substantially reduced our expenses in Sanitation operation either by using people, reducing, or he would think better management. By making changes in the operation, it would clearly cut down cost differential between private and public sector. There is no longer if you would at 30% differential when they started out from 1977. They are down to nickels and dimes at this point. The fact of the matter remains that as you get into years 2, 3, 4 and 5, there is absolutely no question there will be substantial differences. They escalated only 5% a year which is basically what their union contracts are going and their cost is basically union negotiated contract cost.

Councilman Tucker asked what is the termination date of the existing contract? What his concern is that there was a whole series of recommendations they were in receipt of based on the Consultants who analyzed the inhouse operation and also theirs.

Director of Engineering Zach replied that the recommendation of the Consultant will stay along the lines of 1/3 private....

Councilman Tucker said there were also some other factors involved like 1) the City should be able to receive a contract at a substantially lower rate. That was one thing and he remembers that very clearly. They also indicated that there needs to be some changes within their existing ordinances as to definitions in regard to the type and form of garbage that Pet Am was going to pick up. There was a difference in opinion. They also indicated something to the effect of the definition of the actual rates, not the rates, but the routes that Pet Am would be going into. All he is saying to what degree was the final recommendation of that Consultant taken into the consideration of the bidding of this contract. That was the essence of it.

Director of Engineering replied the same Consultant that prepared the report reviewed the bidding package before they advertised and the recommendations of the Consultants have been incorporated into the bid package with the exception of the question where they are going with any additional contract award. It was also the recommendation of the Consultants that they consider bidding another third of the City.

Councilman Tucker said they had another point. They indicated something to the effect that they should break it down a little further. They would have multiples. If he remembers, they said something to the effect, there should be two, if they went into other areas, that they should prohibit other companies from at least monopolizing 1/3, with the possibility of four, five, something like that.

Director of Engineering Zach said that this contract is solely in replacement of the existing contract that we have, it terminates, it runs out. What the Consultant was addressing is that Stage 2, if you would, conditional contract if there was a desire to contract additional, or at least consider contracting out additional garbage collection in the City. Then they put stipulations in that they should have not more than one carrier covering any areas of the City.

Councilman Tucker said maybe we can do this. If he remembers there were 8 critical recommendations that they issued. He remembers some of them, not all. He asked if it were possible to get a copy of that recommendation of the Consultant that they hired and paid for to review the Pet Am contract and also, he is not concerned with the entire report. All he is concerned with is the 8 recommendations included within the bid specifications, that they currently have here and also that they have been incorporated. What they indicated if those recommendations were adhered to they would be cheaper. They felt the City's initial contract was too high.

Director of Engineering Zach said they all understand that. The problem is they do not control the bidding process.

1177

June 29, 1982

City Clerk D'Ascensio questioned whether the contract has been completed yet? That Sanitation study.

Director of Engineering Zach replied in the negative. She submitted the interim report.

Councilman Tucker said he doesn't remember, but there was roughly 8 or 9 recommendations. We got that interim report in March. All he is saying to make sure those recommendations are included within.

Director of Engineering Zach said as it related to the existing contract, there is no question about that. As it relates to future.....

Councilman Tucker questioned why does it have to be an "Added Starter"?

Director of Engineering Zach noted there isn't another meeting before July 7th.

Councilman Martinez pointed out that July 1st we will have no contract for garbage pick-up.

President Harris questioned when does the contract expire?

Director of Engineering Zach replied he believes it is July 5th.

President Harris further questioned what provisions are available for holdovers?

Director of Engineering Zach replied he is sure they can. He doesn't think that is an issue.

President Harris queried whether this is sufficient enough to be able to set aside another meeting to go over this thing in depth. It is very difficult for him to see how at the eleventh hour to pass and vote on something as important as the garbage contract and without going into it in depth because there are a lot of ramifications involved in this particular area and predicated on all the stories that they read and nobody is blind to it about that industry. It would seem to him that sufficient amount of time be given for the new Councilmen and the returning Councilmen to digest this thing which is so important. You vote on these things and eventually you will be called to answer questions. There was one time "an attempt by people in law enforcement to set up this Council" with garbage contracts. You guys know just what he is talking about. Earl Harris is going away. He will vote no if it comes up today. He is making that very clear. Everybody else can do what they want. This is important. If this can be dealt with in terms of a holdover, to give this Council adequate time to discuss Councilman Martinez's point, the first he is hearing today, about someone else contending they were the lowest bidders.

Director of Engineering Zach remarked if they were dealing with a total new contract he would have to agree. They are dealing with a replacement contract for an existing contract. They made an analysis on the existing contract when they went into that. This one is clearly in the City's better interest than the original contract was. Council has to decide.

Councilman Tucker felt they should not vote on this because it is a late starter. To him he would like to make sure the City Clerk's Staff has an opportunity to review this and he would like to know above and beyond Director Zach's presentation, and he is not doubting what he is saying, that else every point, they paid a consultant \$40,000. to basically advise them on the re-bidding process. He hates to go by memory. All they have to do is get a copy of the last report. He remembers reading those recommendations. All he has is Director Zach's presentation that those recommendations are incorporated here. You are talking about 5 year multi-million dollar contract as a late starter is kind of heavy.

Director of Engineering Zach said obviously he will be guided by Council's desires.

June 29, 1982

1278

City Clerk D'Ascensio said the reason for leaving out \$1 3/4 million out of the 5th year, to come up with that total.

Director of Engineering Zach said he believes that was an error on their part. They should have had a line for Year 5 when they prepared the proposal sheet, the one who prepared..... The proposal sheet should have had Year 5 on it and it did not. It had a total for 5 years.

City Clerk D'Ascensio asked whether he would give his authority to put it in.

Director of Engineering Zach questioned "give you the authority"?

City Clerk D'Ascensio said that in the resolution they have Year 1, 2, 3, 4 and 5 year total. They left out the fifth year.

Director of Engineering Zach replied that resolution followed what is in the bid, right from the bid proposal page. He can't change the bid proposal page. That is why they drafted a resolution consistent with the bid proposal page.

City Clerk D'Ascensio said then he is not advocating putting the \$1 3/4 million for year five.

Director of Engineering Zach replied no, it is clearly a matter of subtraction.

City Clerk D'Ascensio said incidentally they submitted a bill for \$4,500. for Phase 2 for professional services. He questioned whether he received any supplemental interim report for this billing, for interim May, 1982.

Director of Engineering Zach replied he has not seen the request for payment. He will be happy to take a look at it.

Councilman Martinez said he heard rumors from Department of Sanitation men, they used to take 13 City-owned trucks, when the City is doing it inhouse, plus 4 men per truck and the same company now is doing that same area with our trucks with two men per truck. He questioned if that was true.

Director of Engineering Zach replied his recollection was that again, he was not that close to it. He thinks there were 20 vehicles the City was using and the City had two to three collectors and a driver.

Councilman Tucker said the other point is that he knows that Director Zach made representation to them that he was going to, it certainly became their operations to at least make them.... Yesterday he saw 5 people walking in the back of that truck with one driver, that was going up straight Springfield Avenue. He was going to his office. Five people walking in the back of a truck is not what Pet Am has. He thinks they basically end up with 2 people.

Director of Engineering Zach indicated that Councilman Tucker was right and they all recognize the difference between his eighty year old people, the average age of his sanitation collectors is now 57 years old.

Councilman Tucker said he does not buy that. They do not get paid by age. They get paid by work. They do not get a pay differential.

Director of Engineering Zach said he does not have any problems with that. What you are saying they cannot produce the same as a person who is 25 and he needs to terminate him he is all for it. He would vote for that 110%. Then we would not have anybody working down there. Unfortunately, every time they have a cutback they lose, unfortunately the young guys. We keep clearly on seniority basis, the older men. They are the same guys who work two days and take the third day off to rest and come back to work another day. That is an inherited problem in the Sanitation Department and throughout the City.

Councilman Tucker reiterated five men behind one garbage truck.

Director of Engineering Zach said he does not know the specifics. They are not supposed to have more than two people. He doesn't know why in that particular instance there were five people, no reason for it. He didn't see it personally but he can find out. It was clearly not with his direction but the Sanitation people. He thinks they have been able to demonstrate that the cost savings have been substantially reduced between the private guys and the public guys based on the economies that they have effected.

Councilman Tucker again reiterated that Director Zach can check it out. It was at 2:00 o'clock on Springfield and Jones Street, a brown truck with 5 men walking behind the truck and 1 man driving.

City Clerk D'Ascensio said with reference to the Petrozello Contract, there are some Councilmen who have some questions.

Councilman James questioned whether the Council has before them the lowest responsible bidder and noted they have a letter received today from the Governmental Advisory Associates dealing with the recommendations. He requested Director of Engineering Zach to give a summary of the highlights of their report and what do they have before them.

Director of Engineering Zach said what the Council basically has before them is a recommendation from Administration and certainly the recommendation from his office as it relates to awarding the continuing contract at this time to Petrozello. If they recall the existing contract they have authorized in 1979 with Pet Am. Pet Am Company, per se no longer exists. The two partners that made up the original firm have deceased so it is no longer Pet Am, it is Petrozello. What the Council has is basically the response to the bid advertisement that they had in the paper, public bid for the continuation of that contract. They advertised a three or five year contract. They received two bids. They determined this bid represents the lowest responsible bid and have made that recommendation to Council as far as recommending the award is concerned. The other bidder was BFI. BFI has written to them indicating they felt they were the lowest responsible bidder. But on the base bid and based on the five year bid, certainly there is no question in their mind that Petrozello is the low bidder. That goes without saying. There is no disputing now whatsoever the lowest base bid and that is what they are making the award on. They are recommending at this time a five year award rather than a three year award they had last time primarily because their bid price is \$1,750,000. per year and stays constant throughout the entire duration of five years. Clearly the longer of the term of the contract from their prospective is better economically for the City. If they can get a 10 year contract at \$1,750,000. and assuming that was legal, he would recommend that. It is a fixed price contract and they don't have to deal with any escalators in this particular contract. As a follow up to their last meeting when they originally discussed it, they asked their Consultants to again look at and make some specific recommendations in response to the bid and they have and he submitted that to the Council. Basically what the Consultants are saying is that it represents a good bid, it is a bid that should be positively acted upon by the Council and they in review of Pet Am area previously indicated in report submitted to Council that Pet Am is performing consistent with their contract, performing to a certain extent in a more efficient level than what the City performs at without getting into whys and wheres, obviously the key element there is the age of the people. The average age is approximately 58 years old and he doesn't believe or expect the same level of efficiency as you would as age of Pet Am people which is considerably less. Their average age is probably in the 20 category.

Councilman Grant asked in Director Zach's own estimation, when BFI sent that communication to all of them indicating they thought they were the lowest responsible bidder, what does he feel was the basis for their assumption.

Director of Engineering Zach replied what they did, there were alternate bids within the bid proposal. There was an alternate bid for example, the tachograph units. There is certainly no question that they would like to see tachograph units, however, based on the dollars they are talking about in the installation of tachograph units, makes no logical sense. The purpose of tachograph units isn't that critical as it relates to private contractor vehicles as it relates to their own. Certainly from their viewpoint they want to know where each of their pieces is traveling, at what rate of speed, how much time is down in the street, for whatever reason. The tachograph units clearly shows that.

Councilman Carrino questioned they want to put tachograph units in their trucks.
